In this comprehensive guide, Susan Miller Cavitch covers everything you need to know to make your own soaps. Learn the basic techniques for crafting oil-, cream-, and vegetable-based

soaps, and then start experimenting with your own personalized scents and effects.

Cavitch provides tips for making more than 40 different specialty soaps, showing you how to design colorful marbled bars and expertly blend ingredients to create custom fragrances.

You'll soon be making luxurious soaps at a fraction of the cost of boutique products.

Important Notice Early printings of this book contain a recipe variation in a sidebar note on page 36. As a result of further testing, author Susan Miller Cavitch and Storey Publishing strongly recommend that you do not try this variation. Adding honey when you are combining the sodium hydroxide and water

may result in a stronger reaction with more intense heat. The mixture may bubble up quickly and come out of the pot, posing a potential hazard.

Paranormal State's "I Am Six" episode is a perfect American horror tale -- for all the wrong reasons. It stars the ambitious founder of the Paranormal Research Society, an attention-seeking client, a bumbling group of paranormal investigators, a psychic-medium in search of ratings, and a rogue exorcist. Their most controversial case featured Lara, a 26-year-old woman from Quincy, Illinois who is allegedly possessed by a demon called Six. The show airs a 60-minute episode just before Halloween 2008, and the nation watches as Reverend Calder, the show's first go-to exorcist, performs an

unnecessary exorcism that fails. The author and his team of investigators dig into both "I Am Six" and "The Possession: Return of Six" cases and discover the deceptions, misrepresentations, shoddy investigative work, and an outright impersonation by someone in a key role. By the end of this fast-paced but thorough book, Kirby Robinson proves that the paranormal doesn't mix with the theological. You'll travel along with the team to Quincy where they interview neighbors and tour Lara's now-former home. They verify facts and dispel falsehoods. Both episodes are broken down scene-by-scene to prove it was staged. PRS overlooked

medical and psychological conditions in order to capture a dramatic exorcism on film.
