 Cute, dark, and alluring, Pure Trance breaks every stereotype of girls' manga. In this dreamy science fiction fantasy, Junko Mizuno illustrates a story full of catfights, alien safari adventures, evil experiments, and a girl who dreams of becoming a pop idol signer. This is a new hardcover edition. Following the Third World War, humankind left the toxic surface of the Earth and built an underground city to survive. Criminal masterminds, heroes in power armor, bottles of dragon blood, alien war drones, shape shifters and ghosts, no matter what the super powered world throws at her, Penny and her friends come out on top. Two decades ago, this book (and its companion volume, The New Bottoming Book) began teaching tens of thousands of people the joyous arts of BDSM topping and bottoming - not just "how-to," but "why-to"... the insider details of emotional support and ethical interaction during kinky play. Since then, the growing popularity of BDSM, and the blossoming of the Internet as a source of information and connection, have created a whole new universe of possibilities for players. Now, the completely updated revised New Topping Book gives even more insights and ideas, updated for a new millennium, about how to be a successful, popular player! "Easton and Hardy tackle the Top... and bring that elusive critter down neatly and with a certain flair. This is good stuff, important stuff... an excellent guide to topping, both for the rank novice and for the player who just wants words to put to all the thoughts and feelings that have resisted categorization." - Laura Antoniou, Sandmutopian Guardian

**NEW YORK TIMES BESTSELLER •** In these hilarious essays, the Saturday Night Live head writer and Weekend Update co-anchor learns how to take a beating. "I always wanted to punch his face before I read this book. Now I just want to kick him in the balls."—Larry David **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY** *Cosmopolitan* • *Vulture* • *Parade* If there's one trait that makes someone well suited to comedy, it's being able to take a punch—metaphorically and, occasionally, physically. From growing up in a family of firefighters on Staten Island to commuting three hours a day to high school and "seeing the sights" (like watching a Russian woman throw a stroller off the back of a ferry), to attending Harvard while Facebook was created, Jost shares how he has navigated the world like a slightly smarter Forrest Gump. You'll also discover things about Jost that will surprise and confuse you, like how Jimmy Buffett saved his life, how Czech teenagers attacked him with potato salad, how an insect laid eggs inside his legs, and how he competed in a twenty-five-man match at *WrestleMania* (and almost won). You'll go behind the scenes at SNL and Weekend Update (where he's written some of the most memorable sketches and jokes of the past fifteen years). And you'll experience the life of a touring stand-up comedian—from performing in rural college cafeterias at noon to opening for Dave Chappelle at Radio City Music Hall. For every accomplishment (hosting the Emmys), there is a setback (hosting the Emmys). And for every absurd moment (watching paramedics give CPR to a raccoon), there is an honest, emotional one (recounting his mother's experience on the scene of the Twin Towers' collapse on 9/11). Told with a healthy dose of self-deprecation, *A Very Punchable Face* reveals the brilliant mind behind some of the dumbest sketches on television, and lays bare

the heart and humor of a hardworking guy—with a face you can't help but want to punch.

**THE MARVEL UNIVERSE: ORIGIN STORIES** tracks the hallucinatory, transcendent, interconnected lives and deaths of an ensemble - an orphaned billionaire, a black man wrongly convicted of murder, a schizophrenic child obsessed with the comic book character Wolverine, a cancelled television showrunner, a hustler pretending to be the love child of Elon Musk, an aging standup comedienne - as they slouch toward 2020. For some of them, that pandemic year of tectonic social unrest will be their last; for others, a watershed allowing them to flourish in the new reality, one that surpasses any Hollywood tent-pole franchise's imaginings. It is truly the time of horror and chaos, yet of astonishing marvels...
