Waking the Dead  
CreateSpace  
This iPad interactive  
book is an  
indispensable tool for  
pilots seeking the  
Airbus A320 type  
rating. This study guide  
offers an in-depth

systems knowledge  
with pictures, videos  
and schematics not  
found in other  
publications. It is  
packed with detailed  
and useful information  
to prepare any  
candidate for  
command and  
responsibility of the  
A320 equipped with  
IAE or CFM engines.

Platform  
In these early 20th  
century literary essays,  
Stefan Zweig offers a  
Central European view  
of the writers he  
believed to be the  
“three greatest  
novelists” of the 19th  
century: Balzac,  
Dickens, and  
Dostoevsky. In Zweig’s  
view, Balzac set out to  
emulate his childhood  
hero Napoleon. Writing  
20 hours a day,  
Balzac’s literary  
ambition was  
“tantamount to  
monomania in its  
persistence, its  
intensity, and its  
concentration.” His  
characters, each  
similarly driven by one  
desperate urge, were  
more vital to Balzac  
than people in his daily  
life. In Zweig’s reading,  
Dickens embodied

Victorian England and  
its “bourgeois  
smugness”. His  
characters aspire to “A  
few hundred pounds a  
year, an amiable wife,  
a dozen children, a  
well-appointed table  
and succulent meats to  
entertain their friends  
with, a cottage not too  
far from London, the  
windows giving a view  
over the green  
countryside, a pretty  
little garden, and a  
modicum of  
happiness.” The ideal  
of middle-class  
respectability suffuses  
Dickens’ fiction.  
Dostoevsky drew on  
the struggles of his  
own life to illuminate  
the contradictions of  
the human soul. In  
Zweig’s view, his  
heroes had no desire to  
be citizens or ordinary  
human beings. While  
Balzac’s heroes “would  
gladly have subjugated

the world, Dostoevsky's heroes wished to transcend it."

### **Negotiation: Science and Practice**

Entangled: Scandalous  
 PRE-ORDER THE NEXT  
 BOOK FROM DR  
 JESSAMY HIBBERD  
 NOW - HOW TO  
 OVERCOME TRAUMA  
 AND FIND YOURSELF  
 AGAIN You've definitely  
 heard of it, you've  
 almost certainly felt it  
 and it's actively  
 stopping you from  
 being your best self. In  
 a new book on  
 imposter syndrome Dr  
 Jessamy Hibberd  
 provides a definitive  
 guide to understanding  
 and tackling the  
 psychological mind  
 trap. - The Sunday  
 Times Imposter  
 syndrome is a  
 phenomenon in which  
 people believe they are  
 not worthy of success.

They convince themselves that they have done well due to luck and are terrified their shortcomings will eventually be exposed, making it impossible to enjoy their accomplishments. The Imposter Cure explores the psychological impact of imposter syndrome and exposes the secrets fears and insecurities felt by millions of men and women. Dr Jessamy Hibberd provides sound expert advice to help the reader better understand the problem and overcome it, so they think differently, gain self-belief and learn to see themselves as others do. Filled with case studies to bring the concepts alive and packed with strategies to increase confidence, this book is a must-

read for anyone who has struggled with their achievements. "I still have a little imposter syndrome, it never goes away, that you're actually listening to me... I share that with you because we all have doubts in our abilities, about our power and what that power is." Michelle Obama "There are still days when I wake up feeling like a fraud, not sure I should be where I am." Sheryl Sandberg "When I receive recognition for my acting, I feel incredibly uncomfortable. I tend to turn in on myself. I feel like an imposter." Emma Watson  
Tragic Lies Geological Society of America Green History traces the development of ecological writing through history and

forms a broad critical review of green ideas and movements reinforcing the importance of environmental concern and action in our own time. Animal rights, ecology as science, feminism, green fascism/socialism/anarchism, land reform, peaceful protest, industrialization, ancient ecology, evolution, grassroots activism, philosophical holism, recycling, Taoism, demographics, utopias, sustainability, spiritualism ...all these issues and many more are discussed. Authors include Alice Walker on massacre in the City of Brotherly Love, Aldous Huxley on progress, Lewis Mumford on the organic outlook, Engels on natural dialectics, Thoreau on the frontier life, the Shelleys on

vegetarianism and playing God, Bacon on the New Atlantis, Hildegard of Bingen on green vigour, the unknown writer of the Bodhisattva and the Hungry Tigress and Plato on soil erosion. Each article is set within its historical and thematic context. A full introduction and a guide to further reading are also provided.

### **25 Hours a Day**

Plunkett Lake Press  
Hyacinth always assumed dying would simplify her life. But when her new boss, Archangel Michael, sends her on her first official mission—to retrieve a powerful rock from a collector in Germany—things go downhill fast. For one thing, the Dead keep popping up, expecting her to guide them to

the Afterlife. For another, her part-demon nephew Geordi's powers are starting to leak out, at age seven. What if Michael finds out about him? Worse, what if Satan does? Then there's her love life—after-death. Rooming with a dead French cop no one else can see is complicated enough. But when Jason, Geordi's lying Dioguardi Demon cousin, resurrects himself—so to speak—all Hell breaks loose. Literally. Can Hyacinth get Michael's rock back before Satan steals its powers and breaks free of his prison? Or will her single-minded pursuit put those she loves—and the rest of the world—in the path of Satan's fury?  
**Christabel...** The Wild

Rose Press Inc  
In 1900, almost two years after Princess Feodora of Saxe-Meiningen married Prince Henry XXX of Reuss, her mother Charlotte, eldest sister of the German Emperor William, told a friend that her daughter was beyond her comprehension, and vowed to exclude her from her home 'for ever'. Charlotte had long had an uneasy relationship with her mother, now the Empress Frederick, a daughter of Queen Victoria, but her relationship with her only child astonished the family. Mother and daughter both suffered from porphyria, the disorder which appears to have exacerbated the personality differences between them. Charlotte, a

frivolous-minded young woman known for her love of society life and gossip, and later her involvement in the anonymous letters scandal which plagued Berlin high society from 1892 onwards, had never really wanted children, while Feodora's life was embittered by her failure to have a family. This short life of both women examines the troubled lives which led to estrangement and in Feodora's case ended in tragedy.

Princeton University Press

"I have to be perfect!"  
If you've ever told yourself this lie, you need to check out Timothy Sanford's book. Whether you've grown-up in a ministry family or struggle with

perfectionism, you'll find encouragement, challenge, and inspiration in Tim's writing. Tim shares some of his personal story and insights from years of professional counseling!

### **The Traitor's Gate**

Quintin Rares Aiden Fisher does well as a New York artist. In fact, he's known among the art elite for being the man to watch. That doesn't keep his critics from arguing that his work lacks personality or emotion. Of course, his life doesn't have much of that either. While perusing a dating site that connects urban gay men to their rural counterparts, Aiden comes across a profile of a Washington state rancher. The silhouetted picture and matter-of-fact

language trigger his inspiration and spin him into a creative journey that ends with a collection that surpasses perfection. After his collection sells to a prestigious buyer, Aiden feels he has no choice but to meet and thank his muse. Little does he know the journey to the rugged mountains of Southeast Washington could change his life forever. Devin Pearce is tall, built and remarkably handsome, all of which is accentuated with the personality of an angry bear. When he first comes upon Aiden, he can't see past his anger -- this stranger is here because his nosy housekeeper set up that damned profile. But Aiden isn't a typical stranger, not only does this man have the

looks but he has a work ethic Devin has seldom seen in another man. Sure, Devin wants love, but experience has taught him to be leery. Can he trust his instinct that Aiden is an extraordinary person, or will he let the tragedy of past relationships get in his way? The fire between them burns hot, but they are truly opposites. Only the fates know if they are brave enough to overcome their differences and build the relationship they both dream of.

*The Imposter Cure*  
Lauren Blakely and Lili Valente Books  
Examines the philosophy of Henri Bergson, explains his concepts of duration, memory, and elan vital, and discusses the

influence of science on Bergson.

**The Cambridge Economic History of Latin America** CRC Press

A history of celebrity from Byron to Beckham Love it or hate it, celebrity is one of the dominant features of modern life—and one of the least understood. Fred Inglis sets out to correct this problem in this entertaining and enlightening social history of modern celebrity, from eighteenth-century London to today's Hollywood. Vividly written and brimming with fascinating stories of figures whose lives mark important moments in the history of celebrity, this book explains how fame has changed over the past two-and-a-half

centuries. Starting with the first modern celebrities in mid-eighteenth-century London, including Samuel Johnson and the Prince Regent, the book traces the changing nature of celebrity and celebrities through the age of the Romantic hero, the European fin de siècle, and the Gilded Age in New York and Chicago. In the twentieth century, the book covers the Jazz Age, the rise of political celebrities such as Mussolini, Hitler, and Stalin, and the democratization of celebrity in the postwar decades, as actors, rock stars, and sports heroes became the leading celebrities. Arguing that celebrity is a mirror reflecting some of the worst as well as some of the

best aspects of modern history itself, Inglis considers how the lives of the rich and famous provide not only entertainment but also social cohesion and, like morality plays, examples of what—and what not—to do. This book will interest anyone who is curious about the history that lies behind one of the great preoccupations of our lives. Some images inside the book are unavailable due to digital copyright restrictions.

*Baudelaire and Freud*  
Createspace  
Independent Publishing Platform  
They're wrong for each other, but nothing has ever felt so right  
Uptown girl Emmaline Claiborne needs a man, and not just any man. She needs the kind of man who can

make her lying, cheating, no-good ex-boyfriend insane with jealousy. The same ex-boyfriend who is now engaged to her sister, and whose extravagant wedding she must suffer through in just three weeks' time. She selects the perfect candidate through an online dating app, but instead of the smooth, sophisticated software magnate she expects, a rugged cowboy shows up instead. He's the complete opposite of everything Emma is looking for. In fact, he's exactly the kind of man she swore to her Texas ranching family she would never fall for. Which makes Cort Channing kinda perfect. Only before the weekend is over, Emma finds herself wishing she could keep her fake boyfriend,

spurs, chaps, and all. Can this committed city girl take the biggest chance of her life, and swipe right for a cowboy?

**Three Masters: Balzac, Dickens, Dostoevsky** Boston, Little, Brown, Commander David Cochrane Smith is about to embark on his most perilous adventure yet. November, 1917: The Imperial German Navy has sent Kapitan Erwin Voss to command the mighty new battle cruiser Salzburg in the Adriatic. Smith is ordered by the Admiralty to seek out and destroy her in harbour – a seemingly suicidal task which is made all the more hopeless when he runs into the opposition of his superiors in Venice. But it is a vital mission,

and Smith knows he must go it alone. Though the odds are stacked against him and his tiny crew, his orders are inflexible: seek out and destroy! This thrilling naval adventure is perfect for fans of Douglas Reeman and Julian Stockwin. Praise for Alan Evans 'I think a 21 gun salute is required...Alan Evans has produced a cracking thriller' Daily Mirror 'Evans provides a different sea story, sustained suspense and vivid battle scenes' Publishers Weekly *When You're Mine* Christina Tetreault This book is based on the author's 50+ years experience in the power and distribution transformer industry. The first few chapters of the book provide a step-by-step

procedures of transformer design. Engineers without prior knowledge or exposure to design can follow the procedures and calculation methods to acquire reasonable proficiency necessary to designing a transformer. Although the transformer is a mature product, engineers working in the industry need to understand its fundamentals and design to enable them to offer products to meet the challenging demands of the power system and the customer. This book can function as a useful guide for practicing engineers to undertake new designs, cost optimization, design automation etc., without the need for external help or

consultancy. The book extensively covers the design processes with necessary data and calculations from a wide variety of transformers, including dry-type cast resin transformers, amorphous core transformers, earthing transformers, rectifier transformers, auto transformers, transformers for explosive atmospheres, and solid-state transformers. The other subjects covered include, carbon footprint salculation of transformers, condition monitoring of transformers and design optimization techniques. In addition to being useful for the transformer industry, this book can serve as a reference for power utility engineers,

consultants, research scholars, and teaching faculty at universities. Bergsonism La Loma Elite Publishing Take New York by storm and steer clear of serious relationships. That's the plan. That's the goal. It's easy too, now that my software company is making headlines. Nothing is getting in the way of that--not even my sexy personal trainer. I don't care how beautiful and intriguing she is. Mel Dawson keeps talking me into doing things, like watching the sunset and slowing down to enjoy life. When she trains me, and I watch her body, I'm constantly fantasizing about exploring every inch of it all night long, claiming her mouth every time she gives

me a sassy reply. I don't even know who I am when I'm with her. I'm suddenly a completely different man. But, I like this version of myself better. Mel's smart, determined, and keeps me guessing. She's everything I need and want, but I've been burned before. I'm used to taking chances in the boardroom, just not in my personal life. How much am I willing to risk for a chance to make her mine?

### Federalism and the French Canadians

Canelo

Once upon a time, a nobody met a prince. Then she met his best friend, a second prince. Then she learned they like to share, and that's when things got interesting. That's when things got downright

scandalous. My life has never been a fairytale. Absent parents, a grandmother gone too soon, and a job working the kitchens for the most heinous b\*\*ch in the Kingdom of Bandiff. But that's before I sneak into the hottest royal ball on the planet. That's before I waltz right into them. The McDermott Princes. Princes, plural. There's two of them - both gorgeous beyond belief, alpha as hell, and more tempting than sin. Both with their eyes on me and both with that look that says that I'm theirs. Two princes, one baker. This might sound like too many cooks in the kitchen, but they say they like to share. They say they'll tear their whole kingdom down to make me theirs. They say

they want to make me their Queen. Pretty soon, breaking into a royal ball is the least of my problems. This is a disaster waiting to happen. It's filthy, and oh-so-wrong. It's a royal scandal of epic proportions, and I'm right in the middle of it....I'm right in the middle of them. Maybe this is a fairytale after all. Ever heard of the cook who found a crown? How about two crowns? Two big, dominant, mouthwatering, pulse-quickenning crowns. I've never found a happy ever after. Now, I think I'm about to find two of them. This is a standalone story. The books in the Royally Screwed series can be read in any order. Steamy as all get-out, ridiculously over the top, and more

growly alpha yumminess than you can shake a tiara at. Seriously - reality got left at the door with this one. But something tells me, you're going to love it ;). Get ready to have your cake and eat it two too! This mfm romance is all about her - no m/m. As with all my books, this standalone novella is safe, with no cheating, and a HEA guaranteed. *I Have to Be Perfect* Castrovilli Giuseppe Answers what hypnosis is and how to use it as a therapeutic tool for yourself, your family, your friends, or as a professional hypnotist. The Misfortune of Lady Lucianna Dark Shadows Publishing Artificial Intelligence: A Modern Approach offers the most comprehensive, up-to-

date introduction to the theory and practice of artificial intelligence. Number one in its field, this textbook is ideal for one or two-semester, undergraduate or graduate-level courses in Artificial Intelligence.

Green History

Routledge

When a deep winter snow carpets the Green Forest and nearby meadow, Granny Fox and Reddy have some disagreements on how best to find some food. But Granny - with her years of experience - wins out over Reddy and teaches him quite a bit about patience, common sense, and resourcefulness.

*Once Upon a Scandal*

Delesty Books

"Ancient earthquakes are pre-instrumental

earthquakes that can only be identified through indirect evidence in the archaeological (archaeoseismology) and geological (palaeoseismology) record. Special Paper 471 includes a selection of cases convincingly illustrating the different ways the archaeological record is used in earthquake studies. The first series of papers focuses on the relationship between human prehistory and tectonically active environments, and on the wide range of societal responses to historically known earthquakes. The bulk of papers concerns archaeoseismology, showing the diversity of approaches, the wide range of

disciplines involved, and its potential to contribute to a better understanding of earthquake history. Ancient Earthquakes will be of interest to the broad community of earth scientists, seismologists, historians, and archaeologists active in and around archaeological sites in

the many regions around the world threatened by seismic hazards. This Special Paper frames in the International Geoscience Programme IGCP 567 'Earthquake Archaeology: Archaeoseismology along the Alpine-Himalayan Seismic Zone.'"--Publisher's description.
