BONUS: This edition contains a reader's guide. The extraordinary tale of a refugee youth soccer team and the transformation of a small American town Clarkston, Georgia, was a typical Southern town until it was designated a refugee settlement center in the 1990s, becoming the first American home for scores of families in flight from the world's war zones—from Liberia and Sudan to Iraq and Afghanistan. Suddenly Clarkston's streets were filled with women wearing the hijab, the smells of cumin and curry, and kids of all colors playing soccer in any open space they could find. The town also became home to Luma Mufleh, an American-educated Jordanian woman who founded a youth soccer team to unify Clarkston's refugee children and keep them off the streets. These kids named themselves the Fugees. Set against the backdrop of an American town that without its consent had become a vast social experiment, Outcasts United follows a pivotal season in the life of the Fugees and their charismatic coach. Warren St. John documents the lives of a diverse group of young people

as they miraculously coalesce into a band of brothers, while also drawing a fascinating portrait of a fading American town struggling to accommodate its new arrivals. At the center of the story is fiery Coach Luma, who relentlessly drives her players to success on the soccer field while holding together their lives—and the lives of their families—in the face of a series of daunting challenges. This fast-paced chronicle of a single season is a complex and inspiring tale of a small town becoming a global community—and an account of the ingenious and complicated ways we create a home in a changing world.

As people live longer and better lives, both women and men may look forward to many years in retirement. But living well in retirement depends on a variety of decisions people make as they prepare for and enter this new chapter of life and living. This book is for and about women approaching and experiencing life in their senior years. This largest and fastest-growing part of the population is living in a manner very different from our mothers, whose roles in life were much more predictable and circumscribed than ours. Today's senior women live longer, are healthier, better educated, more involved in the world, and more active than the women who preceded us. Figuring out these uncharted years without role models or guideposts can be challenging, but, here, the authors gather the stories of today's senior women, who have jumped hurdles, answered questions, and made decisions they never saw their mothers make. Through these stories, readers will find fellowship and guidance, wisdom and acknowledgment of the challenges (and triumphs) that lie ahead. Culled from women in their sixties and beyond, and from a variety of backgrounds and current living situations, the stories reveal the realities of life for retirement-age women, and demonstrate the dreams, joys, concerns, and fears that come along with this phase of life. They address questions about living arrangements, adult children, loss of a spouse or partner, relationships and friendships, part time work, social connections, health concerns, and more. Facing these new situations with class, dignity, sass, and smarts, these women reveal the various ways today's senior women can live and love her retirement years.

Edson Arantes do Nascimento, known to his schoolmates as Pelé, grew up in poverty in the Sao Paulo region of Brazil. He was too poor to afford a real soccer ball, so he played with a ball of newspaper tied together with string. Yet he dominated the youth leagues and signed his first

professional soccer contract at the age of fifteen. Within two years he was celebrated internationally, when he led Brazil to victory at the world cup. Known by his fans as "O Rei" (The King), Pelé is widely regarded as the greatest soccer player of all time. But he's more than just an athlete: he also traveled the world as goodwill ambassador for UNICEF. Pelé is the living symbol of a sport he dubbed "the beautiful game"—a game that brings people together regardless of race or nationality. In the graphic novel *Pelé: The King of Soccer*, Eddy Simon and Vincent Brascaglia beautifully depict Pelé's rise from the slums of Brazil to the national stage.

The extraordinary, groundbreaking novel from Laurie Halse Anderson, with more than 2.5 million copies sold! The first ten lies they tell you in high school. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she

busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. *Speak* was a 1999 National Book Award Finalist for Young People's Literature.

*My First Book of Indonesian Words* introduces Indonesian language and culture to young children in a fun, playful way. The familiar ABC rhyming structure combines with sparkling illustrations to encourage the natural ability of children to pick up new languages and vocabulary quickly. Words for things kids already know in English are joined by words specific to Indonesia, giving kids a glimpse into Indonesian life and culture. Everyday expressions—like "Apa kabar?" which means "How are you?"—give kids a chance to communicate in a meaningful way and show them that when it comes to courtesy and friendliness, other cultures have a lot in common with their own. Cultural and linguistic notes are added for the parents to enhance the Indonesian learning experience. The cheerful illustrations depict a friendly and culturally rich nation, where the people are happy to know you and to share a bit of who they are and how they live.
