How to Create and Deliver a Dynamic Presentation VisiMedia

These Standard Prequalification Documents serve as a guide for those wanting to prequalify to bid on large contracts for projects financed by the World Bank. Qualifying as a bidder is separate from the bid evaluation process. Before invitations to bid on large or especially complex works projects are issued, a process of prequalification is required to select competent bidders. This document helps bidders through the prequalification process. To simplify presentation by applicants for prequalification, standard forms have been prepared for the submission of relevant information. Guidance notes and examples are provided for the implementing agency making the evaluation. Annexes give information about prequalification that are likely to be of interest to potential bidders on World Bank projects. NOTE: This replaces Standard Prequalification Document: Procurement of Works (September 1999), Stock no. 14601 (ISBN 0-8213-4601-6).

As a result of its Clarity Project, the Auditing Standards Board (ASB) has issued Statement on Auditing Standards (SAS) No. 128, Using the Work of Internal Auditors, to supersede SAS No. 65, The Auditor's Consideration of the Internal Audit Function in an Audit of Financial Statements (AICPA, Professional Standards, AU sec. 322 and AU-C sec. 610), and amend: SAS No. 122, Statements on Auditing Standards: Clarification and Recodification, section 315, Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement (AICPA, Professional Standards, AU-C sec. 315); Various other sections in SAS No. 122 (AICPA, Professional Standards, AU-C secs. 200, 220, 230, 240, 260, 265, 300, 402, 500, 550, and 600); and Statement on Quality Control Standards No. 8, A Firm's System of Quality Control (Redrafted) (AICPA, Professional Standards, QC sec. 10). SAS No. 128 addresses the external auditor's responsibilities when using the work of internal auditors if it includes (a) using the work of the internal audit function in obtaining audit evidence and (b) using internal auditors to provide direct assistance under the direction, supervision, and review of the external auditor. Consistent with International Standard on Auditing (ISA) 610 (Revised 2013), SAS No. 128 introduces the concept of a systematic and disciplined approach, which is not included in SAS No. 65. Paragraph 13 of SAS No. 128 would require, among other things, as a prerequisite to being able to use the work of the internal audit function, that the external auditor evaluate the application by the internal audit function of a systematic and disciplined approach, including quality control. Paragraphs A12-A14 of SAS No. 128 provide application guidance with regard to the application of a systematic and disciplined approach. The ASB believes that relative to SAS No. 65, this requirement represents an additional and explicit evaluation that the external auditor would need to perform to conclude on the appropriateness of using the work of internal auditors.

The Balanced Scorecard translates a company's vision and strategy into a coherent set of performance measures. The four perspectives of the scorecard—financial measures, customer knowledge, internal business processes, and learning and growth—offer a balance between short-term and long-term objectives, between outcomes desired and performance drivers of those outcomes, and between hard objective measures and softer, more subjective measures. In the first part, Kaplan and Norton provide the theoretical foundations for the Balanced Scorecard; in the second part, they describe the steps organizations must take to build their own Scorecards; and, finally, they discuss how the Balanced Scorecard can be used as a driver of change.

G20/OECD Principles of Corporate Governance Johns Hopkins University Press

Corporate governance principles provide guidance on how corporations should operate. Adoption of international corporate governance best practices leads to long-term sustainability and resilience, and can be a competitive tool to attract foreign investments. The Asian Development Bank, in partnership with the ASEAN Capital Markets Forum, have jointly developed the ASEAN Corporate Governance Scorecard, an assessment based on publicly available information and benchmarked against international best practices that encourage publicly listed companies to go beyond national legislative requirements. This report can be used by capital market regulators and other stakeholders as a reference to understand the current corporate governance standards across the region. It is also a useful diagnostic tool to guide improvement of corporate governance standards.

This joint publication from the United Nations Environment Programme and the World Tourism Organization sets out guidance on effective measures to promote sustainable tourism development. Although it is acknowledged that there is not a 'one size fits all', the report highlights the need for co-operation by all key stakeholders within and outside government. Therefore, although the guidance is designed primarily for governments, it is also relevant to public authorities, non-governmental organisations, tourism businesses and trade associations.

"Amsterdam is a unique mix of old and new, known for its atmospheric canals and its lovely tulips. The city is a historical treasure house with renowned museums and sights, yet it's also one of the most offbeat metropolises in the world, with unique permissive laws concerning sex and drugs, a burgeoning ethnic restaurant scene, and a cutting-edge design scene. Fodor's Amsterdam: With the Best of the Netherlands also covers the wealth of wonderful destinations within easy reach of central Amsterdam, including the tulip fields, Rotterdam, Haarlem, the Hague, and Delft."

KUMPULAN PERATURAN PERUNDANG-UNDANGAN DESA DI INDONESIA CV. Social Politic Genius (SIGn)

Realitanya masih ada yang memandang sebelah mata terhadap profesi tenaga administrasi sekolah (TAS) karena tugasnya dianggap remeh dan gampang sehingga semua orang bisa melakukannya. Misalnya lulusan otomotif bisa menjadi TAS sebab urusan administrasi surat-menyurat dianggap mudah, tinggal copy-paste tanpa adanya aturan baku. Padahal tidak semua orang bisa telaten mengerjakan tugas detail-rumit administrasi dan etika service work sekolah dengan benar sesuai standar. Staf TAS sendiri kadangkala bekerja sesuai pengetahuannya tanpa mengikuti pedoman standar. Misalnya mengetik surat tanpa mengikuti kaidah yang ada atau peraturan yang berlaku. Akibatnya sering kita jumpai format surat dinas yang bisa berbeda-beda antar sekolah walaupun masih dalam satu kabupaten/kota. Alasannya ada yang berpedoman pada aturan Peraturan Menteri Pendidikan dan Kebudayaan, Peraturan Bupati/Walikota, pada Peraturan Gubernur, dsb. Tidak adanya kesepakatan baku inilah yang bisa menjadi "bumerang" bagi wibawa profesi TAS.
