Poems of a Meandering

Heart: Ackerman, OP,

JanetAn inspiring and

occasionally playful series

of poems which will

stimulate your poetic

senses. This book is a

compilation of poems

written over the years. It

is a magnificent book for

spiritual growth,

meditation, simple

relaxation. Poetry brings

with it the risk of exposing

one's soul. I decided to

publish this book with the realization that all I have to lose is my ego. Birthing a poem can bring us into solidarity with the core of humanity. Reading poetry calls forth a response which is often seen as respectful silence. With this kind of writing we find we are not in control. We do not write poetry-it writes us when we are listening. The layout of the book is easy to follow and no sequential steps are needed in reading it. Look at the Table of Contents and jump right to the theme of the

poems of your interest...Heart-felt Places, Communication, Ponderings, Attestations of Love, Justice Expressions, Born of Nature, Meandering Heart, Haiku, Christmas Stirrings, Expression of Life's Rhythms, Seasons of Our Lives, Metrical Cadence (Alliteration), Special People, Death. Browse, peruse, wade through, enjoy, be dazzled! What Readers Are Saying About This Book Janet is "Committed to Truth" in its purest essence and "Compelled

to Justice: from the core of her being, Her soul's yearning sings out in her poetry and writings. To know Janet and to read her poems written in the Presence of her God, is to receive the Better Portion indeed.--Antonio G. Davis; JD, Obl., OSB, Cam., Spiritual Director From Wendover winds to the harbors of Lake Michigan, Janet's poetry stirs my fond memories.  In her introduction, Janet  
 observes that  
 "Poetry...gives expression  
 to the deepest desires  
 and feelings of the human  
 heart and moves us to a  
 place beyond where  
 words take root." May the

Love is the greatest  
 experience this life has to  
 offer, especially when it  
 reaches its grandest  
 scale, but its loss can  
 bring about the complete  
 destruction of a human  
 being. Poems for the  
 Decimated Heart deals  
 with the loss of such a  
 love, and the struggle that  
 follows. A struggle to stay  
 alive, a struggle to atone,  
 and a struggle to regain  
 what was so foolishly lost.

Phillabaum Poetry Award  
 In her ninth collection of poetry, Kelly Cherry explores the domain of language. Clear and accessible, the poems in *The Life and Death of Poetry* examine the intricacies and limitations of communication and its ability to help us transcend our world and lives. The poet begins with silence and animal sound before taking on literature, public discourse, and the particular art of poetry. The sequence "Welsh Table Talk" considers the

unsaid, or unsayable, as a man, his daughter, and his daughter's friend sojourn on Bardsey Island in Wales with the father's female companion. The innocence and playful chatter of the children throw into sharp relief a desolate landscape and failed communication between the adults. In the book's final section, Cherry considers translation, great art's grand sublimity, and the relation of poetry -- the divine tongue -- to the everyday world. Witty, poignant, wise, and

joyous, *The Life and Death of Poetry* offers a masterful new collection from an accomplished poet.  
Shelley's Major Poetry  
 Nook Press  
 Playfulness, spare elegance, and wit epitomize the poetry of Billy Collins. With his distinct voice and accessible language, America's two-term Poet Laureate has opened the door to poetry for countless people for whom it might otherwise remain closed. Like the present book's title,

Collins's poems are filled with mischief, humor, and irony, "Poetry speaks to all people, it is said, but here I would like to address / only those in my own time zone"-but also with quiet observation, intense wonder, and a reverence for the everyday: "The birds are in their trees, / the toast is in the toaster, / and the poets are at their windows. / They are at their windows in every section of the tangerine of earth-the Chinese poets looking up at the moon, / the American poets

gazing out / at the pink and blue ribbons of sunrise." Through simple language, Collins shows that good poetry doesn't have to be obscure or incomprehensible, qualities that are perhaps the real trouble with most "serious" poetry: "By now, it should go without saying / that what the oven is to the baker / and the berry-stained blouse to the drycleaner / so the window is to the poet." In this dazzling new collection, his first in three years, Collins explores boyhood, jazz, love, the

passage of time, and, of course, writing-themes familiar to Collins's fans but made new here. Gorgeous, funny, and deeply empathetic, Billy Collins's poetry is a window through which we see our lives as if for the first time.

*The Life and Death of Poetry* Kent State University Press  
World, Self, Poem collects the best of the essays submitted by poets and scholars from around the U.S. and Canada, and beyond, for presentation at the "Jubilation of Poets"

festival celebrating the 25th anniversary of the Cleveland State University Poetry Center in October 1986. In this collection, eighteen critics consider the works of a number of important postmodern poets and, using various approaches, confront some of the central problems posed by the poetry of the past 25 years. John Ashbery, Wendell Berry, Edward Dorn, Robert Duncan, Geoffrey Hill, Ted Hughes, Lousie Gluck, Adrienna Rich, Denise Levertov, Gary Snyder, Gerald

Stern, and William Stafford are among the poets who receive detailed attention in these essays. The questions addressed include political involvement and noninvolvement, the theme of nuclear annihilation, the poet's use and misuse of history, poetry workshops in Central America; the "I" in contemporary poetry; the pastoral vein in contemporary poetry; the nature and implications of concrete and "found" poetry; analogies of poetry and music.

The Book of Divine Love

McLaughlin is a poet of intelligence and keen observation. His first book of poetry stakes its claim where nature and the human heart intersect.

Georgia Blanche Douglas

Camp Johnson published

four collections of poetry.

Her first volume, *The*

*Heart of a Woman*,

includes an introduction

by William Stanley

Braithwaite, who Johnson

credited with inspiring her

to write in the first place.

Braithwaite states in the

introduction that Johnson's poems are "intensely feminine and for me this means more than anything else that they are deeply human." He compares her poetry to music and song which is fitting given that Johnson was a formally trained musician having attended the Oberlin Conservatory of Music. She studied piano, voice and harmony and taught herself to play the violin. *History of My Heart* Broadview Press
