Collins GCSE Science - OCR Gateway

GCSE (9-1) Combined Science Collins
Exam Board: AQA Level: GCSE Grade 9-1
Higher Subject: Combined Science First
Teaching: September 2016, First Exams:
June 2018 This Collins GCSE Grade 9-1
Combined Science revision guide does
exactly what it says on the tin: revision
and practice, all-in-one! It's your one-
stop-shop for all study materials related
to the AQA GCSE Grade 9-1 Combined
Science Higher exam. This new GCSE
Grade 9-1 revision guide uses a revision
method that really works: repeated
practice throughout. Quick tests and
end-of-topic practice questions are
included as you go so you can assess
your knowledge. Later, topics are
revisited with review questions and
mixed practice. Not to mention that
there's an audio download to practise

your listening, a complete exam-style
paper, free Q & A flashcards online, plus
an eBook version of the whole book! A
revision guide, workbook and practice
paper all-in-one, and then some!
Alternatively, the Collins Combined
Science Higher Revision Guide
(9780008160791), Workbook
(9780008326678) and Practice Test
Papers (9780008321475) are available
for purchase separately.

AQA GCSE (9-1) Biology Student Book
Collins GCSE 9-1 Revision

This Workbook will support and motivate
students working in grades 8-9 students
to reach their full potential and achieve
success with targeted questions and
support. * Provides plenty of practice
opportunities for short- and long-answer
questions on every topic* Helps students

improve and focus their answers with worked examples* Further support from hints and tips on how to structure answers, provide the right level of detail and more The range of questions available encourages students to develop their skills in applying and analysing as well as recall. The workbook provides coverage of maths and practical skills as well as synoptic questions. Frequent support notes provide hints and tips on strategies for decoding questions (for example by identifying key words in the question), key terminology, and how to write explanations and give the right amount of detail.

GCSE Science 9-1 - AQA GCSE Chemistry for Combined Science: Trilogy 9-1 Student Book Collins

Covering the whole of the new 2016 GCSE Chemistry course, this book is structured around a brand new innovative assessment framework that uses regular check points and tailored intervention to help all students make progress. This book has been entered into the AQA approval process. Written by a team of expert authors for the 2016 AQA specification, this book covers the whole of the new GCSE Chemistry course. It combines clear and comprehensive explanations with a wealth of practice opportunities, and builds the skills that students will need to succeed. Track students progress in the new linear GCSE course through a brand new, innovative assessment framework. Teaching is organised into four semesters that function as

checkpoints. Each spread starts with language and ideas at a lower level and increases in complexity, engaging students of all ability levels. Key concept spreads highlight concepts that students must grasp before they can move on. Stipulated practicals spreads in each chapter build and test students' development of the appropriate skills (e.g. analysing, evaluating and applying to different contexts). Maths skills are embedded throughout the book and tested at the appropriate level. Real-life contexts and applications are included to show the students the relevance of the concepts they are studying. Prepare students for the demands of the new specification with differentiated questions, worked examples and lots of opportunities to practice. Co-teach both

Foundation and Higher tier with a single book (the Higher-only content is clearly flagged)"

AQA GCSE 9-1 Combined Science Revision Guide: For mocks and 2021 exams (Collins GCSE Grade 9-1 Revision)
HarperCollins UK

Covering the whole of the new 2016 GCSE Combined course, this book is

structured around a brand new innovative assessment framework that uses regular check points and tailored intervention to help all students make progress. Written by a team of expert authors for the 2016 specification, this book provides a "go-to" guide to support teachers throughout the course. Teach with confidence using an introduction to the new specification, schemes of work, plans for co-teaching the different courses, and a comprehensive set of editable lesson plans and worksheets. Track students progress in the new linear GCSE course through a brand new, innovative assessment framework. Teaching is organized into four semesters that function as review checkpoints. Tailor your teaching to suit your students needs using the flexible

teaching order within each semester. Assess students across topics and also by assessment objective using the end of chapter questions and the end of semester tests. Help all students make progress with consolidation worksheets to support those at Foundation level and extension activities to challenge those at Higher level. Equip students with the skills they need for working scientifically, using math, and carrying out practicals. Prepare students for the demands of the new specification with differentiated questions and practice opportunities embedded in each lesson. Co-teach both Foundation and Higher tier with a single book (the Higher-only content is clearly flagged). Easily plan your teaching with Schemes of Work for 2, 3, or 5 years, for each tier available free from Collins

website from September 2015. All resources also provided on CD-ROM." My Revision Notes: AQA GCSE (9-1) Combined Science Trilogy Collins Series Editor: Mark Levesley Pearson's resources are designed to be simple, inclusive and inspiring and to support students in studying for Edexcel GCSE (9-1) Combined Science.
