*Book Two of
the NW Wind
Series* Human

A warm and
encouraging
self-help book
that draws
inspiration
and
motivation
from ballroom
dancing.
Precisely
because the
dance floor

stands apart
from the
everyday
world,
allowing
dancers to
play,
experiment
and take on
new roles, it
also serves as
a stage for
human
behavior.
Antoinette
Benevento, a
former
national
ballroom
dancing
champion and

co-owner of
Fred Astaire
Dance
Studios, has
been a
student of
that stage for
25 years. She
has
discovered
that getting
out on the
dance floor is
a powerful
and
empowering
metaphor for
living fully in
all realms of
life. Some of
the tenets

Antoinette Benevento lives, dances, and teaches by: - Persistence is a form of beauty -Give yourself permission to begin again-- and again and again -If you're not willing to risk falling, you'll never learn to walk (or dance) -Desire is the energy that moves us forward in dance and in life -To dance well and to live fully, body and soul need to work together Building on the ballroom dancing craze that has swept the country, including the popularity of "Dancing with the Stars", this illuminating and highly readable book shows that what you learn on the dance floor can help you dance through life.

ANTOINETTE BENEVENTO is co-owner of and National Training Director for the Fred Astaire Dance Studios and a former national ballroom dancing champion.

EDWIN DOBB is a contributing editor of Harper's Magazine, and has written for numerous other national publications, including The New York Times Magazine, Vogue, and Discover. *Blue Winds Dancing* Dorrance Publishing The Wind Dancers—Kon a, Brisa, Sumatra, and Sirocco—are back with four more full-color illustrated titles sure to delight the imaginations of horse-loving little

girls everywhere. When the Wind Dancers find themselves at a county fair, they are enchanted by everything there is to see (from the show jumping horses to the English pleasure rides) and do (riding horses that, astonishingly, look just like them). Carousel rides, anyone? Book of Shadows Lulu.com Illustrated with abstract and imaginative photographs,

this is a philosophical guide for the dance field about the art of teaching modern dance. Integrating somatic theories, scientific research and contemporary aesthetic practices, it asks the reader to reconsider how and why they teach. *Dancing on the Wind* Rising Moon A dying old man. A promise given. An unwanted wife. Sadie has spent her entire life around

logging camps, safely hidden in plain sight and finding a small measure of freedom and solace with her horse, Dancer. She always keeps her distance from the rough loggers until Jad Alenson arrives on the scene. He is different, with a quick sense of humor, friendly nature, and takes pride in being a man who keeps his promises. She knows exactly what kind of woman he wants, and unfortunately,

she doesn't fit the criteria. But, with two words Jad seals their lives together, starting a series of events that will either help them build a life together or tear them apart. They will both discover who they really are inside where it counts the most and what's most important to them. Together they head for home and must traverse the wilds of 1846 Washington and Oregon and all the

dangers that involves. But the most dangerous thing of all could be not seeing what is right in front of you until you almost lose it.

Blackwood's Magazine

Evil Eye Concepts, Incorporated
It all started with those darn shoes. Dorothy is stuck in Oz with a trio of off-the-wall, diabolical munchkins, intent on putting her on trial for killing the Witch. She's all for a little bullying, at least when

she's dishing it out to the kids back home. But these munchkins go too far when they force her into the Witch's silver shoes and parade her down the yellow brick road like cattle to be judged by the Wizard of Oz. This story is also in the collection *Born of Blood and Spells: 13 Dark Fantasy Stories & Poems. Wayside Tales* Bantam
Four tiny horses with shiny manes and shimmering

wings burst from a dandelion seed. Four magical horses who can fly! Dancing on the wind, surrounded by magical haloes, they are the Wind Dancers. Delighted with themselves and with their newly discovered magic, the four new friends—Kona, Brisa, Sumatra, and Sirocco—set out to discover all that their magic has to offer. Readers can really let their

imaginations fly with this magical new series based on Breyer's beautifully-colored model horses, *The Wind Dancers*, four tiny horses with childlike personalities girls will readily identify with. Sure to begin an enduring love of horses. *The Historical Journal* Haunted Unicorn Publishing In Hitler's Germany it was forbidden for a Jewish boy to fall in love with the daughter of an SS officer. But

that's what handsome Sender Rosen did when he fell for Katrin Becker in the autumn of 1938. The holocaust took a brutal turn on Kristallnacht -- the night of broken glass -- but Sender Rosen's terrible ordeal and the horrors endured by his family were not enough to make him forget Katrin, the love of his life. The winds of the heavens danced between Sender and

Katrin for seven long years of adversity and adventure, but neither of them allowed the winds to stop dancing. There were few Nazi officials who possessed the integrity of Katrin's father, Hauptsturmführer Horst Becker. When he joined the SS, his job was to deport Jews and confiscate their money, not torture, starve and murder every single one of them. Hitler's hatred took Nazi Germany too far all the

way to genocide. Horst and his family wanted out. Katrin's dream of achieving classical music excellence and Sender's determination to succeed in films blend with a poignant story of love, hate, murder, adversity, forgiveness, reconciliation and strength of character. Sender's grandmother and sister conspire in a delightful plot to bring the story to an emotive conclusion

that is sure to surprise Sender, and please the reader.

 Dancing on the Wind By: Marie Scott
 Liltng or somber,

 Ballou composed Suite for Winds as a professor at the American University in

Washington, D.C., twenty years after her tenure at Bennington. But key determinative elements of the work can be traced directly to Ballou's early musical pedigree. Features typical of a number of pre-classic dance forms drive the piece, appearing in a fractured state out of their original context in order to create an original modern texture. These features are

most evident in the rhythmic character and style, as well as the overall organizational scope of the suite. An awareness and understanding of these elements and their juxtaposition can enable effective performance of the work. Written for an under-utilized instrument, Suite for Winds presents as a vivid and dynamic work uniquely informed by modern dance.
