Pope John Paul II's apostolic letter, *Ordinatio Sacerdotalis*, confirmed that conferring Holy Orders on men only is a matter pertaining to divine revelation that has consistently been taught by the universal and ordinary Magisterium of the Church, and hence is to be definitively held by all the faithful. Thus, the Church's practice is not a concession to the customs of an age, but is founded upon a theology of the sexes, which is based on the relationship of man and woman originating in creation itself. This relationship is sanctified to the utmost in the Sacrament of Matrimony, as the concrete symbol of God's love for mankind. God's own self-communication is inscribed in this marital consecration when Christ, being the representative of the Father, presents himself as the Bridegroom of the Church, his Bride. Furthermore, this spousal relationship between Christ and the Church is reflected in the Sacrament of Holy Orders and the male recipient's relation to the Church, which stands in relation to him as a feminine reality. This book thoughtfully explores the Church's understanding of the ministerial priesthood and the diaconate.

How Can Deacons Mobilize Service in the Church? Deacons are essential to a church's health—yet confusion abounds regarding their biblical job description. What's their God-given role in a local congregation and how do they relate to the church's overall mission? In this short book, Matt Smethurst makes the case that deacons are model servants called to meet tangible needs, organize and mobilize acts of service, preserve the unity of the flock, and support the ministry of the elders. Clearing away common misconceptions, Smethurst offers practical guidance for deploying deacons and helping churches to flourish.

How a New Generation of Faithful Priests and Bishops Is Revitalizing the Catholic Church Ave Maria Press

In spite of the centrality of the threefold orders of bishop, priest and deacon to Anglicanism, deacons have been virtually invisible in the contemporary Church of England. 'Inferior Office?' is the first complete history of this neglected portion of the clergy, tracing the church's changing theology of the diaconate from the Ordinal of 1550 to the present day. Francis Young skilfully overturns the widely held belief that before the twentieth century, the diaconate was merely a brief and nominal period of probation for priests, revealing how it became an integral part of the Elizabethan defence of conformity and exploring the diverse range of ministries assumed by lifelong deacons in the seventeenth and eighteenth centuries. Lifelong deacons often belonged to a marginalised 'lower class' of the clergy that has since been forgotten, an oversight of considerable importance to the wider social history of the clergy that is corrected in this volume. 'Inferior Office?' tells the story of persistent calls for the revival of a distinctive diaconate within the Victorian Church of England and situates the institution of deaconesses and later revival of the distinctive diaconate for women, as well as subsequent developments, within their wider historical context. Set against this backdrop, Young presents a balanced case both for and against the further development of a distinctive diaconate today, offering much to further discussion and debate amongst clergy of the Church of England and all those with an interest in the rich tapestry of its history.

Listening Hearts Review and Herald Pub Assoc

Whether you are seasoned from years of ministry or are just getting started living out the vows you made at ordination, this essential handbook will provide the spiritual and practical support you need as a Catholic deacon in the Church today. In *Our Life of Service*, international speaker and bestselling author Deacon Harold Burke-Sivers will inspire and uplift you as he and his brother deacons—including Greg Kandra, Larry Oney, Dominic Cerrato, and Thomas J. Fox—share their testimonies and insights about how to serve God with determination, faith, and vision. Burke-Sivers

explains the gift of the diaconate as a living image of Christ the Servant in the world, a source of comfort and hope at a time when both are in short supply. Burke-Sivers explores the daily realities of life to answer important questions about the diaconate such as: What does the Church teach about the purpose of this ministry both within the parish and the world? How are the three key responsibilities of teaching, sanctifying, and leading entrusted to a deacon at ordination practiced in daily life? How does his commitment to his wife help a married deacon balance his duties to his family and ministry? What are practical strategies and solutions for the challenges deacons face, especially when conflicts arise within ministry? Burke-Sivers also calls for younger, more diverse groups of men who reflect on the face of the Church to become permanent deacons in order to bridge the gap between the Church and the world and to reach the unchurched. Each chapter contains questions for reflection, action steps, and prayers to help deacons strengthen their own commitment to their calling. Drawing from the writings of St. John Paul II and other ecclesial writings about the purpose and gift of the permanent diaconate, Burke-Sivers educates and inspires us to more fully appreciate this gift and enriches and encourages those who have themselves answered this call. Written for deacons in active ministry, *Our Life of Service* is also inspiring reading for Catholics in the pew who are considering a call or who simply want to understand the purpose and gift of the permanent diaconate.
