'I am reduced to a thing that wants Virginia. I composed a beautiful letter to you in the sleepless nightmare hours of the night, and it has all gone. I just miss you...' At a dinner party in 1922, Virginia Woolf met the renowned author, aristocrat - and sapphist - Vita Sackville-West. Virginia wrote in her diary that she didn't think much of Vita's conversation, but she did think very highly of her legs. It was to be the start of almost twenty years of flirtation, friendship, and literary collaboration. Their correspondence ended only with Virginia's death in 1941. Intimate and playful, these selected letters and diary entries allow us to hear these women's constantly changing feelings for each other in their own words. Eavesdrop on the affair that inspired Virginia to write her most fantastical novel, *Orlando*, and discover a relationship that - even a hundred years later - feels radical and relatable. WITH A NEW INTRODUCTION FROM ALISON BECHDEL, AUTHOR OF *FUN HOME* AND CREATOR OF THE BECHDEL TEST. *Assam, Land and People, 1989* New Delhi : Omsons Publications

The subject of this fictional novel is the adventurous career of Sam Adams, a talented individual who decided when he was a freshman in high school to pursue a career as a Civil Engineer. As a young adult he developed numerous sexually active relationships with young ladies who were definitely attracted to him. He in turn was also attracted to the young ladies, particularly Sue Hall, a strikingly beautiful statuesque blonde he met while he was on liberty during his Navy boot training. He soon discovered they shared many common interests and although he realized marriage was definitely out of the question at the present time, he vowed to keep in touch with her. Some three years later when they got together again, he knew he loved her so deeply that despite all of the romantic escapades he had enjoyed with other

young ladies, none of them could hold a candle to Sue. Immediately after Sam completed college with a degree in Civil Engineering, they were married, a marriage that formed the foundation for a family of five talented children and Sam's career as a successful Civil Engineer. After a long successful career that included many large engineering projects in the western United States as well as overseas projects in Asia, Australia, and South America, Sam retired as the President of Hanover Engineering, one of the most efficient and prosperous global Civil Engineering firms in the world. Sam and Sue enjoyed many happy retirement years together as they spent their winters in their beautiful home overlooking the Pacific Ocean in the San Francisco Bay Area with all of the amenities of a great city and their spring, winter, and fall months on their Montana Ranch with the majestic peaks of the Rocky Mountains always in view.

INDIEFAB Book of the Year Awards -- 2014 Finalist For gardening aficionados and Francophiles, a love letter to the Versailles Palace and grounds, from the man who knows them best. In Alain Baraton's Versailles, every grove tells a story. As the gardener-in-chief, Baraton lives on its grounds, and since 1982 he has devoted his life to the gardens, orchards, and fields that were loved by France's kings and queens as much as the palace itself. His memoir captures the essence of the connection between gardeners and the earth they tend, no matter how humble or grand. With the charm of a natural storyteller, Baraton weaves his own path as a gardener with the life of the Versailles grounds, and his role overseeing its team of eighty gardeners tending to 350,000 trees and thirty miles of walkways on 2,100 acres. He richly evokes this legendary place and the history it has

witnessed but also its quieter side that he feels privileged to know. The same gardens that hosted the lavish lawn parties of Louis XIV and the momentous meeting between Marie Antoinette and the Cardinal de Rohan remain enchanted, private places where visitors try to get themselves locked in at night, lovers go looking for secluded hideaways, and elegant grandmothers secretly make cuttings to take back to their own gardens. A tremendous best seller in France, *The Gardener of Versailles* gives an unprecedentedly intimate view of one of the grandest places on earth. From the Hardcover edition.

Focuses on three waves of immigration in the post-civil rights era through the stories of three families: the Kotharis, Patels and Sarmas. This book attempts to answer the question of how and why they arrived, and it offers a window into what America has become; a nation of suburbs as well as a nation of immigrants.
