## **PHELPS PAOLA**

---

**Millionaire Teacher** John Wiley & Sons  
In 1991, Michael B. O'Higgins, one of the nation's top money managers, turned the investment world upside down with an ingenious strategy, showing how all investors--from those with only \$5,000 to invest to millionaires--could beat the pros 95% of the time by putting 100% of their equity investment into the high-yield, low-risk "dog" stocks of the Dow Jones Industrial Average. His formula spawned a veritable industry, including websites, mutual funds, and \$20 billion worth of investments, elevating the theory to legendary status. Reflecting on the greatest bull market of our time, this must-have investment guide has been revised and updated for a new economy. With current company and stock profiles, as well as new charts, statistics, graphs, and figures, *Beating the Dow* is the smart investment that you--and your portfolio--can't afford to miss.

Exploit your offshore status to build a robust investment portfolio Most of the world's 200 million expats float in stormy seas. Few can contribute to their home country social programs. They're often forced to fend for themselves when they retire. The *Global Expatriate's Guide to Investing* is the world's only book showing expats how to build wealth

overseas with index funds. Written by bestselling author, Andrew Hallam, it's a guide for everyone, no matter where they are from. Warren Buffett says you should buy index funds. Nobel prize winners agree. But dangers lurk. Financial advisors overseas can be hungry wolves. They don't play by the same set of rules. They would rather earn whopping commissions than follow solid financial principles. The *Global Expatriate's Guide To Investing* shows how to avoid these jokers. It explains how to find an honest financial advisor: one that invests with index funds instead of commission paying windfalls. You don't want an advisor? Fair enough. Hallam shows three cutting edge index fund strategies. He compares costs and services of different brokerages, whether in the U.S. or offshore. And he shows every nationality how to invest in the best products for them. Some people want stability. Some want strong growth. Others want a dash of both. This book also answers the following questions: How much money do I need to retire? How much should I be saving each month? What investments will give me both strong returns, and safety? The *Global Expatriate's Guide To Investing* also profiles real expats and their stories. It shows the mistakes and successes that they want others to learn from. It's a humorous book. And it demonstrates how you can make the best of your hard-earned money.

**Millionaire Teacher**  
Revised and Updated In an age of great economic uncertainty when everyone is concerned about money and how they spend what they have, this new edition of the bestselling *Your Money or Your Life* is an essential read. With updated resources, an easy-to-use index, and anecdotes and examples particularly

relevant today? It tells you how to: get out of debt and develop savings; reorder material priorities and live well for less; resolve inner conflicts between values and lifestyle; save the planet while saving money; and much more. In *Your Money or Your Life*, Vicki Robin shows readers how to gain control of their money and finally begin to make a life, rather than just make a living.

*Millionaire Teacher* ECW Press

Wrestle debt to the ground. Figure out whether you should rent or buy. And determine if a side hustle is really worth the hassle. Get a job, buy a house, spend less than you make, and retire at sixty-five. That's advice for a world that has largely disappeared. Even good jobs today often have no guarantee of stability. Home prices have reached the stratosphere. Meanwhile, student debt drags you down just as you're trying to take off in life. To survive and thrive in today's reality, you need a whole new personal finance toolkit. Global News money reporter Erica Alini blends the big picture with practical advice to give you a deeper understanding of the economic forces that are shaping your financial struggles and how to overcome them. Packed with concrete tips, *Money Like You Mean It* covers all the bases: from debt through investing and retirement to renting vs. buying and how to tell whether a side gig is really worth the effort. It's the essential road map you need to make it in the current economy.

### **A Wealth of Common Sense**

Createspace Independent Publishing Platform

Adopt the investment strategy that turned a school teacher into a millionaire. *Millionaire Teacher* shows you how to achieve financial independence through smart investing — without being a financial wizard. Author Andrew Hallam

was a high school English teacher. He became a debt-free millionaire by following a few simple rules. In this book, he teaches you the financial fundamentals you need to follow in his tracks. You can spend just an hour per year on your investments, never think about the stock market's direction — and still beat most professional investors. It's not about get-rich-quick schemes or trendy investment products peddled by an ever-widening, self-serving industry; it's about your money and your future. This new second edition features updated discussion on passive investing, studies on dollar cost averaging versus lump sum investing, and a detailed segment on RoboAdvisors for Americans, Canadians, Australians, Singaporeans and British investors. Financial literacy is rarely taught in schools. Were you shortchanged by your education system? This book is your solution, teaching you the ABCs of finance to help you build wealth. Gain the financial literacy to make smart investment decisions. Learn why you should invest in index funds. Find out how to find the right kind of financial advisor. Avoid scams and flash-in-the-pan trends. *Millionaire Teacher* shows how to build a strong financial future today.

### **The Smartest Portfolio You'll Ever Own** Penguin Group

In 1998, after thirteen years of providing investment advice for Smith Barney, Bill Schultheis wrote a simple book for people who felt overwhelmed by the stock market. He had discovered that when you simplify your investment decisions, you end up getting better returns. As a bonus, you gain more time for family, friends, and other pursuits. *The Coffeehouse Investor* explains why we should stop thinking about top-rated stocks and mutual funds, shifts in

interest rates, and predictions for the economy. Stop trying to beat the stock market average, which few “experts” ever do. Instead, just remember three simple principles: Don’t put all your eggs in one basket. There’s no such thing as a free lunch. And save for a rainy day. By focusing more on your passions and creativity and less on the daily ups and downs, you will actually build more wealth—and improve the quality of your life at the same time.

**Millionaire Teacher** Penguin Canada  
A completely updated, revised edition of the classic, outfitted with a whole new arsenal of indispensable knowledge on global affairs, popular culture, economic trends, scientific principles, and modern arts. Here’s your chance to brush up on all those subjects you slept through in school, reacquaint yourself with all the facts you once knew (then promptly forgot), catch up on major developments in the world today, and become the Renaissance man or woman you always knew you could be! How do you tell the Balkans from the Caucasus? What’s the difference between fission and fusion? Whigs and Tories? Shiites and Sunnis? Deduction and induction? Why aren’t all Shakespearean comedies necessarily thigh-slappers? What are transcendental numbers and what are they good for? What really happened in Plato’s cave? Is postmodernism dead or just having a bad hair day? And for extra credit, when should you use the adjective continual and when should you use continuous? An Incomplete Education answers these and thousands of other questions with incomparable wit, style, and clarity. American Studies, Art History, Economics, Film, Literature, Music, Philosophy, Political Science, Psychology, Religion, Science, and World History: Here’s the bottom line on each of these

major disciplines, distilled to its essence and served up with consummate flair. In this revised edition you’ll find a vitally expanded treatment of international issues, reflecting the seismic geopolitical upheavals of the past decade, from economic free-fall in South America to Central Africa’s world war, and from violent radicalization in the Muslim world to the crucial trade agreements that are defining globalization for the twenty-first century. And don’t forget to read the section “A Nervous American’s Guide to Living and Loving on Five Continents” before you answer a personal ad in the International Herald Tribune. As delightful as it is illuminating, An Incomplete Education packs ten thousand years of culture into a single superbly readable volume. This is a book to celebrate, to share, to give and receive, to pore over and browse through, and to return to again and again.

*The Value of Simple 2nd Ed.* Redford Enterprises

The incredible story of how a schoolteacher built a million-dollar portfolio, and how you can too Most people wouldn’t expect a schoolteacher to amass a million-dollar investment account. But Andrew Hallam did so, long before the typical retirement age. And now, with *Millionaire Teacher*, he wants to show you how to follow in his footsteps. With lively humor and the simple clarity you’d expect from a gifted educator, Hallam demonstrates how average people can build wealth in the stock market by shunning the investment products peddled by most financial advisors and avoiding the get-rich-quicker products concocted by an ever widening, self-serving industry. Using low cost index funds, coupled with a philosophy in line with the one that

made Warren Buffett a multi-billionaire, Hallam guides readers to understand how the stock and bond markets really work, arming you with a psychological advantage for when markets fall. Shows why young investors should hope for stock market crashes if they want to get rich Explains how you can spend just 60 minutes a year on your investments, never open a financial paper, avoid investment news, and still leave most professional investors in the dust Promotes a unique new investment methodology that combines low cost index funds and a Warren Buffett-esque investment philosophy Millionaire Teacher explains how any middle-income individual can learn can learn the ABCs of personal finance and become a multi-millionaire, from a schoolteacher who has been there and done that.

*Your Complete Guide to Factor-Based Investing* HarperBusiness

Bestselling author and financial blogger, Dan Solin, provides real do-it-yourself investors the means to create a dynamic-and safe- portfolio that mimics those constructed for some of the major institutional and trust investors in the country. Readers can maintain complete control over their money-and not sacrifice precious points to an advisor or broker. Using a strategy that minimizes volatility and maximizes returns, Solin makes investing according to the principles of the most sophisticated financial models accessible to individuals in a way that has never been possible before. As readers have come to expect from Solin, implementing this plan is as simple as one, two, three: open an account with a discount broker; determine the appropriate asset allocation using the simple questionnaire in the book or online; input pre-determined ETFs (Exchange Traded

Funds) and the allocations for the level of the investor's individual risk profile. This is the only book that provides the information and practical guidance that readers need to achieve the very best results with the minimum risk, on their own.

*Your Money Or Your Life* John Wiley & Sons

Discover the amazing secrets of nine successful self-made millionaires that can get you all the success and happiness you could ever want. Plus, these secrets can help you eliminate years of struggle and wasted effort and make you an absolute fortune ... Just like they already have for thousands of others! These millionaires include: the co-Author of Rich Dad Poor Dad, authors of Chicken Soup for the Soul, Multiple Streams of Income and Nothing Down, The E-Myth, Guerrilla Marketing, plus Jim McCann (the CEO of 1-800-FLOWERS), Jim Rohn (Tony Robbins' mentor), and even the king of Chocolate Chip Cookies, Wally Famous Amos! Discover secrets like: The two best ways to triple your income and double your time off, simple success secrets that launched a billion dollar empire, and how to set up a business so it gives you freedom to live your dreams. From Mark Victor Hanson and Jack Canfield to Robert Allen and Michael Gerber, Conversations with Millionaires can help you get more of what you want in life because you'll be learning the same methods, techniques, and secrets that have already been time-tested and proven to work in the real world. Conversations with Millionaires is exactly that. A book jam-packed with the actual fast-paced interviews between real-world entrepreneur Mike Litman (Host of The Mike Litman Radio Show) and each of these self-made millionaires. Mike's

world-rekowned style of getting each millionaire to cut-to-the-chase and reveal exactly how they do what they do makes this book a 'behind the scenes' look at how these millionaires became so rich and successful. -- Product Description.

**Wealthig Like Rabbits** Rosetta Books  
 Praise for THE MILLIONAIRE CODE "A wonderfully worthy book, especially in an era when the wrong kind of capitalism has been in the driver's seat. The Millionaire Code is about something far more noble than money-the joy of living your life to the fullest simply by finding what it is you love to do, and then doing it. 'Hats off' to Paul Farrell for picking up where William Shakespeare left off: 'This above all: to thine own self be true.'" -John C. Bogle Founder and former CEO, The Vanguard Group "To make your savings grow, you need to know three things: the way the markets work, the way market history works, and the way you work. Let Paul Farrell take you on an enlightening, enjoyable, and profitable journey to the inner self of the successful investor." -William J. Bernstein, PhD, MD author of The Four Pillars of Investing: Lessons for Building a Winning Portfolio and The Intelligent Asset Allocator "Combining personality theory, solid investment advice, and Zen philosophy, Paul Farrell demonstrates concretely how necessary it is to combine your personality and investing styles in order to create meaningful wealth. If you want to learn what it takes to develop your own unique investment strategy-the only kind likely to succeed-this is the book to get." -Dr. Richard Geist Clinical Instructor, Department of Psychiatry (Psychology) Harvard Medical School "An important work. Leave it to Paul Farrell to provide a truly unique insight into the minds of millionaire investors. I have

been impressed with Paul Farrell's work for many years. His latest book, The Millionaire Code, provides an important contribution to the world of investing. Truly unique insights." -Charles Carlson author, Eight Steps to Seven Figures: The Investment Strategies of Everyday Millionaires and How You Can Become Wealthy Too "It's often said that if you don't know who you are, Wall Street is an expensive place to find out. By helping you understand more about yourself, this book will help you become a more successful investor." -Ric Edelman Chairman, Edelman Financial Services, author of Ordinary People, Extraordinary Wealth, and Discover the Wealth Within You

The Smartest Money Book You'll Ever Read Blessed by the Potato Publishing  
 With Canadian personal savings lower than ever before and household debt going through the roof, many people are in dire need of financial advice. But can a book that includes sex, zombies, pancakes, and Star Trek really help? You might be surprised. **Wealthig Like Rabbits** is a fun, entertaining guide to personal finance that proves sound money management doesn't have to be painful and neither does learning about it. Combining a unique blend of humour and perspective with everyday common sense, Robert R. Brown takes you through the basics of financial planning by using anecdotes and pop culture to shed light on some of the most important, yet often mismanaged aspects of personal finance. Covering subjects ranging from retirement savings and mortgages to credit cards and debt, this book will arm you with simple strategies to help you balance your life goals with your financial responsibilities. **Wealthig Like Rabbits** is a smart, accessible, never-boring romp through

personal finance that you will certainly count as one of your best investments ever.

#### The Physician's Guide to Investing

McClelland & Stewart

Personal finance is a lot like physical fitness. In order to be in better shape, everyone knows they have to work out and eat well. A personal trainer delivers results, not by showing clients a new way to perform sit-ups, but rather by simply making sure the sit-ups get done. In *Stop Over-Thinking Your Money!*, Preet Banerjee explains the financial equivalents of what exercise and diet you need to know in order to be in top financial shape. There are so many buzzwords in the world of money that most people's heads spin, their eyes glaze over, or they tune out altogether. It can be overwhelming, and for many of us, it seems like there is just too much to know so we don't get started on taking care of our money. The good news is that of all the information out there in the world of personal finance, at most you will only ever need to know about 20 percent of it. That small amount of knowledge is what will put you ahead of most Canadians. In *Stop Over-Thinking Your Money!*, Banerjee explains in five simple rules how to think about money and focus on the 20 percent of what you really need to know to confidently take charge of your money.

#### **The Barefoot Investor** John Wiley & Sons

Millionaire Teacher John Wiley & Sons

*Conversations with Millionaires* John Wiley & Sons

If like millions of others you know deep down that you deserve to do better than where you are today, than this book is for you. Not a book based on old fashion theories or textbook scenarios, *The Millionaire Dropout* is instead based on

tried and tested methods of increasing personal skills, increasing your wealth, improving your life-style and releasing all the personal power that is locked up inside you. Based on the author's firsthand experience of bootstrapping himself out of failure, *The Millionaire Dropout* is for anyone who wants to learn the secrets for increasing their income and their standard of living. Divided into three sections readers will walk through the stages for taking control of their life, learning how to make more money, and learning how be smart with their successes. Everyone owes it to themselves to invest a little time and effort into increasing their standard of living and releasing the personal power that is locked up inside of us all.

#### **The Investor's Dilemma** C W M Pub

Learn how to invest, relax, and let your money do the work with this incredible guide Fully revised, updated, and expanded for the first time since its New York Times Best-Selling debut in 20TK, the legendary Alexander Green's essential guide for individual investors spells out stock-market success for everyone from first-timers to seasoned pros. *The Gone Fishin' Portfolio: Get Wise, Get Wealthy...and Get on With Your Life, Second Edition* delivers a long-term investment strategy that lets you reap the rewards of financial success with a simple, yet sophisticated, strategy that increases returns, reduces risk, and leaves you with time to enjoy the finer things in life. You'll learn about the fundamental relationship between risk and reward in the financial markets and get a trading insider's view of how the investment industry actually works. With *The Gone Fishin' Portfolio*, you'll also discover: How to take your financial future into your own hands How to invest in a way that doesn't require you to

spend every waking moment worrying about your money. How to avoid the most common traps the investment industry sets for you. Why skilled investing doesn't have to be complicated. Perfect for individual investors who want to put their money to work for them, *The Gone Fishin' Portfolio* gives you all the tools you need to manage your own money and maximize your investment returns today.

*The Gone Fishin' Portfolio* Springer Science & Business Media

"Winning the Loser's Game is considered by many to be a classic analysis of investing." *Financial Planning* The premise of the bestselling *Winning the Loser's Game* that individual investors can achieve far greater success working with financial markets than against them—has grown increasingly popular in today's hard-to-predict markets. The latest edition of this concise yet comprehensive classic offers updated strategies to leverage the power of time and compounding, protect against down cycles, and more.

*The Coffeehouse Investor* John Wiley & Sons

A practical guide to getting personal investing right. Somewhere along the way, something has gone very wrong with the way individuals save and invest. Too often, households are drawn in by promotional suggestions masquerading as impartial investment advice.

Consumers get saddled with more risk than they realize. Authors Zvi Bodie and Rachele Taqqu understand the dilemma that today's investors face, and with *Risk Less and Prosper* they will help you find your financial footing. Written in an accessible style, this practical guide skillfully explains why personal investing is all about you—your goals, your values and your career path. It shows how to

understand investment risk and choose the particular blend of risk and safety that is right for you. And it lays out several simple yet powerful ways for small investors to cast a reliable safety net to achieve their financial goals and truly prosper. Coauthors Bodie and Taqqu challenge the myth that all investments require risk, then highlight some important risks that families often disregard when deciding where to put their money. Later, they connect the dots between investment and investor, showing us all how to grasp our own investment risk profiles and how we may use these insights to make more fitting investment choices. Outlines a straightforward way to invest by aligning your investments with your goals and the risk levels you can bear. Provides basic investment abc's for readers who are otherwise literate. Lays out a simple, actionable plan for achieving your goals. Explains the role of risk-free assets and investment insurance in assuring that you reach your most essential goals. Contrary to popular belief, investing doesn't have to be complicated. You can build wealth without taking great risks. *Risk Less and Prosper* will show you how to make investment decisions that will make your financial life less stressful and more profitable.

*Stop Over-Thinking Your Money!* John Wiley & Sons
