## **GIANCARLO SHELTON**

*Brian Honyouti*

Psychology Press

The rich religious beliefs and ceremonials of the Pueblo Indians of Arizona and New Mexico were first synthesized and compared by ethnologist Elsie Clews Parsons. Prodigious research and a quarter-century of fieldwork went into her 1939 encyclopedic two-volume work, *Pueblo Indian Religion*. The author gives an integrated picture of the complex religious and social life in the pueblos, including Zuni, Acoma, Laguna, Taos, Isleta, Sandia, Jemez, Cochiti, Santa Clara, San Felipe, Santa Domingo, San Juan, and the Hopi villages. In volume I she discusses shelter, social structure, land tenure, customs, and popular beliefs. Parsons also describes spirits, cosmic notions, and a wide range of rituals. The cohesion of spiritual and material aspects of Pueblo culture is also apparent in volume II, which presents an extensive body of solstice, installation, initiation, war, weather, curing, kachina, and planting and harvesting

ceremonies, as well as games, animal dances, and offerings to the dead. A review of Pueblo ceremonies from town to town considers variations and borrowings. Today, a half century after its original publication, *Pueblo Indian Religion* remains central to studies of Pueblo religious life.

### **American Indian Religious Traditions**

Schiffer Pub Limited  
Contemporary Kachina dolls are beautifully illustrated with over 150 color photos. The lives of the carvers who make them are explored in depth. Twenty-five of today's important Kachina carvers have been interviewed for a first-hand glimpse into their work.

God in the Details Kiva Publishing

For Native Americans, religious freedom has been an elusive goal. From nineteenth-century bans on indigenous ceremonial practices to twenty-first-century legal battles over sacred lands, peyote use, and hunting practices, the U.S. government has often acted as if Indian traditions were somehow not truly religious and therefore not eligible for the constitutional protections of the First

Amendment. In this book, Tisa Wenger shows that cultural notions about what constitutes "religion" are crucial to public debates over religious freedom. In the 1920s, Pueblo Indian leaders in New Mexico and a sympathetic coalition of non-Indian reformers successfully challenged government and missionary attempts to suppress Indian dances by convincing a skeptical public that these ceremonies counted as religion. This struggle for religious freedom forced the Pueblos to employ Euro-American notions of religion, a conceptual shift with complex consequences within Pueblo life. Long after the dance controversy, Wenger demonstrates, dominant concepts of religion and religious freedom have continued to marginalize indigenous traditions within the United States.

### **Celibacy and Religious Traditions** Rowman & Littlefield

Bad clowns—those malicious misfits of the midway who terrorize, haunt, and threaten us—have long been a cultural icon. This book describes the history of bad clowns, why clowns go bad, and why many

people fear them. Going beyond familiar clowns such as the Joker, Krusty, John Wayne Gacy, and Stephen King's Pennywise, it also features bizarre, lesser-known stories of weird clown antics including Bozo obscenity, Ronald McDonald haters, killer clowns, phantom-clown abductors, evil-clown panics, sex clowns, carnival clowns, troll clowns, and much more. *Bad Clowns* blends humor, investigation, and scholarship to reveal what is behind the clown's dark smile.

Hopi Kachinas University of Georgia Press  
 In 1975 The Heard Museum published a catalogue of the Barry Goldwater collection of Hopi kachina dolls. The catalog is no longer in print, but the Museum's collection is hereby made accessible in print once again. Beautiful color photographs of 200 kachina dolls are combined with sensitive commentary by a Hopi author. Annotation copyright by Book News, Inc., Portland, OR  
The Unwritten Literature of the Hopi University of Arizona Press  
 The author has matched maker's marks used on jewelry, pots, fetish

carvings, rugs, and baskets with their names, tribes, relatives, and style notes.

Religion and Hopi Life Harvard University Press  
 The author of *Hopi Kachinas* (page 11), one of Northland's best-selling books, takes an in-depth look at Hopi clowns, their purposes, and their historical backgrounds.  
*Following the Sun and Moon* University of Oklahoma Press  
 Presents detailed coverage of the deities, legendary heroes and heroines, important animals, objects, and places that make up the mythic lore of the many peoples of North America.  
Bad Clowns Cooper Square Pub  
*Religion and Hopi Life* tells the story of Hopi religious life in a way that makes sense to both Hopis and outsiders. In his interpretation of Hopi religion, John D. Loftin does not subject religious meaning to secular analysis. While not the Hopi's own story, his account attempts to honor and do justice to the way in which the Hopi embody religious meaning through the living of their lives. The second edition of this highly praised book keeps scholarly debates and theories to a

minimum, except when they help illuminate the understanding of Hopi religious orientation and worldview. Several important studies of the Hopi have emerged since the book's first publication, and their findings have been incorporated. The book also includes new material on shamanism, death, witchcraft, myth, tricksters, and kachina initiations. This updated edition incorporates other minor corrections and additions to the text, and revises and expands the footnotes and the annotated bibliography. John D. Loftin is a lawyer and has taught at Elon University, Guilford College, the University of North Carolina at Chapel Hill, Duke University, and the University of North Carolina at Greensboro.  
*Classic Hopi and Zuni Kachina Figures* Good Press  
 A treatise on the archaeology, history, ethnohistory, linguistics, and religion of the peoples of the Southwest—the Navajo, Keresans, Tanoans, Utes, Spaniards and Anglos, who are the tapestry of that land. This book is about people—where they lived, what they believed, and how

they interacted with others. The chapters are entitled: The Navajo Eden: The Dinetah; The Eastern Ancestral Puebloans; The Spaniards Enter and Settle, 1540-1700; The Tanoan and Keresan Rio Grande Puebloans; Acculturation in the Dinetah; Keresan and Tanoan Religions and Societal Organizations; Navajo Origin Myth and Societal Organization; Protohistoric Rio Grande Ceremonialism; Gods of the Navajo Night Chant; Universal Female and Male Deities."

"The Unwritten Literature of the Hopi" by Hattie Greene Lockett. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in

a high-quality digital format.

### **Hopi Stories of Witchcraft, Shamanism, and Magic**

Indiana University Press  
Although Hopi carver Brian Honyouti (1947-2016) was deeply embedded in his culture and produced ritual artworks throughout his life, he nevertheless also created unique commercial artworks. The latter, the focus of this volume, increasingly diverged from the world view embodied in Hopi art, ceremony, and philosophy to become a new form of storytelling. While it is unlikely that anyone familiar with Hopi carvings (dolls) would look to Honyouti artworks expecting to unearth political, social, or environmental truths and circumstances, these are, nonetheless, the messages he determined to convey. In Brian Honyouti: Hopi Carver, art historian Zena Pearlstone explores the ideas Honyouti sought to communicate through his work. She examines as well how he transmitted them by turning a traditional art form, the carved representations of katsinas, into a modernistic critique of local Native American and

global concerns. It is as a result of these universal implications that Honyouti's art will endure. Because Honyouti's attachment to Hopi culture was so profound, he veiled his critical reflections with humor and imagination to avoid exposing too much to public scrutiny. Feeling that there should be a public record of his intentions, however, he set aside many of his self-imposed limitations when he agreed to collaborate with Pearlstone. It was his hope that having made his intentions public for the first time, his work would be seen as a window into Hopi life as well as a reflection of contemporary mainstream American society.

### A Strange Mixture

Infobase Publishing  
Seeking to explore the blurred boundary between religion and pop culture, *God in the Details* offers a provocative look at the breadth, diversity, and persistence of religious themes in contemporary American consciousness. Representing a diverse range of disciplines, the contributors critically assess the ways in which American popular culture reappropriates traditional religious symbols to serve

the purposes of particular communities.

*Kachina Dolls* U of Nebraska Press  
Richard Pochinko (1946-89) played a pioneering role in North American clown theatre through the creation of an original pedagogy synthesizing modern European and indigenous Native American techniques. In *Clown Through Mask*, Veronica Coburn and onetime Pochinko apprentice Sue Morrison lay out the methodology of the Pochinko style of clowning and offer a bold philosophical framework for its interpretation. Morrison is today a leading teacher of Pochinko's Clown through Mask technique and this book extends significantly the literature on this underdocumented form of theatre.

**Contemporary Hopi Kachina Dolls** Schiffer Book for Collectors  
This study in the relationship between religion and the comic focuses on the ways in which the latter fulfils a central function in the sacred understanding of reality of pre-modern cultures and the spiritual life of religious traditions. The central thesis is that figures such as tricksters,

sacred clowns, and holy fools play an essential role in bridging the gap between the divine and the human by integrating the element of disequilibrium that results from the contact between incommensurable realities. This interdisciplinary and cross-cultural series of essays is devoted to spiritual, anthropological, and literary characters and phenomena that point to a deeper understanding of the various mythological, ceremonial, and mystical ways in which the fundamental ambiguity of existence is symbolized and acted out. Given its interdisciplinary and cross-cultural perspective, this volume will appeal to scholars from a variety of fields.

**Pueblo Indian Religion**

This book offers an artistic depiction of O'odham lifeways through the paintings of internationally acclaimed O'odham artist Michael Chiago Sr. Ethnobiologist Amadeo M. Rea collaborated with the artist to describe the paintings in accompanying text, making this unique book a vital resource for cultural understanding and

preservation. A joint effort in seeing, this work explores how the artist sees and interprets his culture through his art. A wide array of Chiago's paintings are represented in this book, illustrating past and present Akimel O'odham and Tohono O'odham culture. The paintings show the lives and traditions of O'odham people from both the artist's parents' and grandparents' generations and today. The paintings demonstrate the colonial Spanish, Mexican, and Anglo-American influences on O'odham culture throughout the decades, and the text explains how wells and windmills, schools, border walls, and nonnative crops have brought about significant change in O'odham life. The paintings and text in this book beautifully depict a variety of O'odham lifeways, including the striking Sonoran Desert environment of O'odham country, gathering local foods and cooking meals, shrines, ceremonies, dances, and more. By combining Chiago's paintings of his lived experiences with Rea's ethnographic work, this book offers a full, colorful, and powerful picture of O'odham heritage,

culture, and language, creating a teaching reference for future generations.

Publisher Description

**Clowns of the Hopi** YBK Publishers, Inc.

This intriguing three-volume set explores the ways in which religion is bound to the practice of daily life and how daily life is bound to religion. In *Religion and Everyday Life and Culture*, 36 international scholars describe the impact of religious practices around the world, using rich examples drawn from personal observation. Instead of repeating generalizations about what religion should mean, these volumes examine how religions actually influence our public and private lives "on the ground," on a day-to-day basis. Volume one introduces regional histories of the world's religions and discusses major ritual practices, such as the Catholic Mass and the Islamic pilgrimage to Mecca. Volume two examines themes that will help readers understand how religions interact with the practices of public life, describing the ways religions influence

government, education, criminal justice, economy, technology, and the environment. Volume three takes up themes that are central to how religions are realized in the practices of individuals. In these essays, readers meet a shaman healer in South Africa, laugh with Buddhist monks, sing with Bob Dylan, cheer for Australian rugby, and explore Chicana and Iranian art. Includes contributions from 36 scholars from a dozen countries around the globe

*Native American Mythology A to Z* Taylor & Francis

The recognition of Flower Worlds is one of the most significant breakthroughs in the study of Indigenous spirituality in the Americas. These worlds are solar and floral spiritual domains that are widely shared among both pre-Hispanic and contemporary Native cultures in Mesoamerica and the American Southwest. Flower Worlds is the first volume to bring together a diverse range of scholars

to create a truly multidisciplinary understanding of Flower Worlds. During the last thirty years, archaeologists, art historians, ethnologists, Indigenous scholars, and linguists have emphasized the antiquity and geographical extent of similar Flower World beliefs among ethnic and linguistic groups in the New World. Flower Worlds are not simply ethereal, otherworldly domains, but rather they are embodied in lived experience, activated, invoked, and materialized through ritual practices, expressed in verbal and visual metaphors, and embedded in the use of material objects and ritual spaces. This comprehensive book illuminates the origins of Flower Worlds as a key aspect of religions and histories among societies in Mesoamerica and the American Southwest. It also explores the role of Flower Worlds in shaping ritual economies, politics, and cross-cultural interaction among Indigenous peoples. Flower Worlds reaches into multisensory realms that extend back at least 2,500 years, offering many different disciplines, perspectives, and

collaborations to understand these domains. Today, Flower Worlds are expressed in everyday work and lived experiences, embedded in sacred geographies, and ritually practiced both individually and in communities. This volume stresses the importance of contemporary

perspectives and experiences by opening with living traditions before delving into the historical trajectories of Flower Worlds, creating a book that melds scientific and humanistic research and emphasizes Indigenous voices. Contributors: Oswaldo Chinchilla Mazariegos,
