Albania is not well known by outsiders; it was deliberately closed to the outside world during the communist era. Now it has thankfully become free again, its borders are open and it can be visited, and it is increasingly integrating with the rest of Europe and beyond. Unfortunately, Albania has had its share of problems in

the post-communist era; it's a land of destitution and despair, thanks in part to the Albanian mafia, which has turned the country into one of blood-feuds, kalashnikovs, and eternal crises. Yet, Albania is, in essence, a European nation like any other and will soon, it is to be hoped, advance and take its proper place in Europe and the world. The second edition of the Historical Dictionary of Albania relates the history of this little-known country through a detailed chronology, an introduction, a bibliography, appendixes, and over 700

cross-referenced dictionary entries on significant persons, places, and events; institutions and organizations; and political, economic, social, cultural, and religious facets.

Bibliographie linguistique/ Linguistic Bibliography is the annual bibliography of linguistics published by the Permanent International Committee of Linguists under the auspices of the International Council of Philosophy and Humanistic Studies of UNESCO. With a tradition of more than forty-five years (the first two volumes, covering the years 1939-1947, were published in 1949-1950), Bibliographie linguistique is by far the most comprehensive bibliography in the field. It covers all branches of linguistics and related disciplines, both theoretical and descriptive, from all geographical areas,

including less known and extinct languages, with particular attention to the many endangered languages of the world. Up-to-date information is guaranteed by the collaboration of some fifty contributing specialists from all over the world. With over 23,000 titles arranged according to a detailed state-of-the-art classification, Bibliographie linguistique remains the standard reference book for every student of language and linguistics.

80/20 rule: with 20% of our dictionary we cover 80% of our needs. Most of us use around 2,000 words/year, and not more than 200 words/day. With this 3500-word dictionary you can easily satisfy any daily needs to communicate in Albanian.

Albanian speaking people can use this dictionary as well, to find terms and words in English. American-Albanian families can use this as a tool to refresh their memory before they travel to Albania. The selection of Albanian words has been made based on the studies of the University Of Perugia (Italy), «Fjalori Drejtshkrimor i Gjuhës

Shqipe», and my own experience in teaching foreign languages at Tirana University (Albania), Worcester State College and Assumption College, in Worcester MA.
