## MARQUIS GREYSON

*The Heliand* Sydney University Press  
Winner of the 2002 John Gilmary Shea Prize and the 2002 Howard R. Marraro Prize of the American Catholic Historical Association. When Saint Francis of Assisi died in 1226, he left behind an order already struggling to maintain its identity. As the Church called upon Franciscans to be bishops, professors, and inquisitors, their style of life began to change. Some in the order lamented this change and insisted on observing the strict poverty practiced by Francis himself. Others were more open to compromise. Over time, this division evolved into a genuine rift, as those who argued for strict poverty were marginalized within the order. In this book, David Burr offers the first comprehensive history of the so-called Spiritual Franciscans, a protest movement within the Franciscan order. Burr

shows that the movement existed more or less as a loyal opposition in the late thirteenth century, but by 1318 Pope John XXII and leaders of the order had combined to force it beyond the boundaries of legitimacy. At that point the loyal opposition turned into a heretical movement and recalcitrant friars were sent to the stake.

Although much has been written about individual Spiritual Franciscan leaders, there has been no general history of the movement since 1932. Few people are equipped to tackle the voluminous documentary record and digest the sheer mass of research generated by Franciscan scholars in the last century. Burr, one of the world's leading authorities on the Franciscans, has given us a book that will define the field for years to come. [Essays on Ancient and Modern Judaism](#) Harvard University Press

This is a major study on the book of Deuteronomy by an acclaimed expert in the field. Paying particular attention to the legal passages in Deuteronomy, Professor RofT seeks to clarify the contents and unity of each section, its literary history, the origin of the single laws and their relation to other kindred laws in other documents

of the Pentateuch. Bringing together different methods of biblical study - traditional Jewish interpretation, classical biblical criticism, form criticism, history of tradition and textual criticism - the author argues that the roots of Deuteronomy lie in monarchial Israel and Judah, that the literary climax belongs to the seventh century BCE, and that the final stages of the text are exilic and early post-exilic.

**moneta** Effatà Editrice Oh Lucky Country (Paese fortunato) uses first-person point of view to inflate migrant oppression to such absurd proportions that its swirling narrative boils over into a maelstrom, washing away all migrant clichés. It is a witty, tragicomic view of Australian society, culture and prejudice. This new edition of Oh Lucky Country, with introductions by Nicole

Moore and Gaetano Rando, is a part of the Australian Classics Library series intended to make classic texts of Australian literature more widely available for the secondary school and undergraduate university classroom, and to the general reader. The series is co-edited by Emeritus Professor Bruce Bennett of the University of New South Wales and Professor Robert Dixon, Professor of Australian Literature at the University of Sydney, in conjunction with SETIS, Sydney University Press, AustLit and the Copyright Agency Limited. Each text is accompanied by a fresh scholarly introduction and a basic editorial apparatus drawn from the resources of AustLit. Rosa Cappiello was born in Naples, Italy, in 1942. She migrated to Australia in 1971 with no knowledge of English and no skills and worked in various manual occupations. She published her first novel, *I semi negri* (The Black Seeds) in 1977 in Italy. In 1982, she was writer-in-residence at the University of Wollongong. She died in 2008 in Italy. *Discourse on the State of the Jews* Burns & Oates Limited Mariana Scott, poet and

translator of Hofmannsthal, Meyrink, Celan, and others, translates the eight-century Old Saxon Heliand into its original meter in this work originally published in 1966. This anonymous masterpiece presents the life of Christ and affords an excellent insight into medieval life.

After World War II, Ernst Ludwig Ehrlich (1921-2007) published works in English and German by eminent Israeli scholars, in this way introducing them to a wider audience in Europe and North America. The series he founded for that purpose, *Studia Judaica*, continues to offer a platform for scholarly studies and editions that cover all eras in the history of the Jewish religion.

Perché non sono ancora

Walter de Gruyter

In 1638, a small book of no more than 92 pages in octavo was published “appresso Gioanne Calleoni” under the title “Discourse on the State of the Jews and in particular those dwelling in the illustrious city of Venice.” It was dedicated to the Doge of Venice and his counsellors, who are labelled “lovers of Truth.” The author of the book was a certain Simone (Simḥa) Luzzatto, a native of Venice, where he lived and died, serving as rabbi for over fifty years during the course of the seventeenth century. Luzzatto’s political thesis is simple and, at the same time, temerarious, if not revolutionary: Venice can put an end to its political decline, he argues, by offering the Jews a monopoly on overseas commercial activity. This plan is highly recommendable because the Jews are “wellsuited for trade,” much more so than others (such as “foreigners,” for example). The rabbi opens his argument by recalling that trade and usury are the only occupations permitted to Jews. Within the confines of their historical

situation, the Venetian Jews became particularly skilled at trade with partners from the Eastern Mediterranean countries. Luzzatto’s argument is that this talent could be put at the service of the Venetian government in order to maintain – or, more accurately, recover – its political importance as an intermediary between East and West. He was the first to define the role of the Jews on the basis of their economic and social functions, disregarding the classic categorisation of Judaism’s alleged privileged religious status in world history. Nonetheless, going beyond the socio-economic arguments of the book, it is essential to point out Luzzatto’s resort to sceptical strategies in order to plead in defence of the Venetian Jews. It is precisely his philosophical and political scepticism that makes Luzzatto’s texts so unique. This edition aims to grant access to his works and thought to English-speaking readers and scholars. By approaching his texts from this point of view, the editors hope to open a new path in research into Jewish culture and philosophy that will enable other

scholars to develop new directions and new perspectives, stressing the interpenetration between Jews and the surrounding Christian and secular cultures.

Drawing on the recent renewal of interest in the debate on orality and literacy this book investigates the varying perceptions and representations of orality in contemporary Italian fiction, providing a fresh perspective on this rich and fast-developing debate and on the study of the Italian literary language. The book brings together a number of complementary approaches to orality from the fields of linguistics, literary and media studies and offers a detailed analysis of a broad variety of authors and texts that appeared over the last three decades - ranging from internationally acclaimed writers such as Celati, Durante and Tabucchi, through De Luca and Baricco, to the latest generation of writers, such as Campo, Ballestra and Nove. By

exploring the complementary facets of Italian orality, and its diachronical developments since the seventies, this study questions the traditionally dichotomic approach to the study of orality and literacy and posits a more flexible, cross-modal approach that accounts for the increasing hybridisation of text forms and media and for the greater interaction between the spoken and the written as well as their representations.
