Pour Claudel, Montherlant,

Aragon et Colette, Marie

Noël est le plus grand

poète français de leur

époque. Pour la critique

littéraire contemporaine,

elle est une poétesse au

lyrisme très convenu et  
naïf, que les poètes de la

seconde partie du XXe  
siècle auraient balayée.

Pour les lecteurs, elle

reste « la Fauvette

d'Auxerre », dont la

poésie fait penser à des

comptines et des chansons médiévales, « la Bonne Dame d'Auxerre ». Pour elle-même, Marie Noël conçut son travail poétique comme une possibilité de guérison et de salut qui peu à peu pourrait la conduire au plus près de Dieu, au risque de la voie étroite de la mystique. Aujourd'hui, une relecture attentive de son œuvre révèle, au-delà des chansons, des abîmes de solitude et des élans spirituels que Jean de la Croix n'aurait pas reniés. C'est ainsi, au cœur de sa

propre nuit, qu'elle apparaît, rayonnante dans sa simplicité, veilleuse tenace, toujours en quête du Royaume. À PROPOS DES AUTEURS Sous la direction de Nathalie Nabert et Alain Vircondelet. Avec les contributions de Philippe Capelle-Dumont, Colette Nys-Mazure, Nathalie Nabert, Jocelyne Sauvard, Olympia Alberti, Xavier Galmiche, Chrystelle Claude-de Boissieu, Gabrielle Althen, Sylvie Justome, François Marxer, Alain Vircondelet, Geneviève Bouchiat,

Arnaud Montoux et Hervé Giraud.

The Surprising Effects of Sympathy Cambridge University Press

A selection of modern French poems with critical commentary, glossary of literary terms, biographies and bibliography.

César et ses contemporains Editions du Cerf

Available for the first time in English, this is the definitive account of the practice of sexual slavery the Japanese military perpetrated during World War II by the researcher

principally responsible for exposing the Japanese government's responsibility for these atrocities. The large scale imprisonment and rape of thousands of women, who were euphemistically called "comfort women" by the Japanese military, first seized public attention in 1991 when three Korean women filed suit in a Toyko District Court stating that they had been forced into sexual servitude and demanding compensation. Since then the comfort stations and their

significance have been the subject of ongoing debate and intense activism in Japan, much if it inspired by Yoshimi's investigations. How large a role did the military, and by extension the government, play in setting up and administering these camps? What type of compensation, if any, are the victimized women due? These issues figure prominently in the current Japanese focus on public memory and arguments about the teaching and writing of history and are

central to efforts to transform Japanese ways of remembering the war. Yoshimi Yoshiaki provides a wealth of documentation and testimony to prove the existence of some 2,000 centers where as many as 200,000 Korean, Filipina, Taiwanese, Indonesian, Burmese, Dutch, Australian, and some Japanese women were restrained for months and forced to engage in sexual activity with Japanese military personnel. Many of the women were teenagers, some as young

as fourteen. To date, the Japanese government has neither admitted responsibility for creating the comfort station system nor given compensation directly to former comfort women. This English edition updates the Japanese edition originally published in 1995 and includes introductions by both the author and the translator placing the story in context for American readers.

Taplinger Publishing Company  
Through readings of works by Marivaux, Diderot, Rousseau, and Mary Shelley, David Marshall provides a new interpretation of the eighteenth-century preoccupation with theatricality and sympathy. Sympathy is seen not as an instance of sensibility or natural benevolence but rather as an aesthetic and epistemological problem that must be understood in relation to the problem of theatricality. Placing

novels in the context of eighteenth-century writing about theater, fiction, and painting, Marshall argues that an unusual variety of authors and texts were concerned with the possibility of entering into someone else's thoughts and feelings. He shows how key eighteenth-century works reflect on the problem of how to move, touch, and secure the sympathy of readers and beholders in the realm of both "art" and "life." Marshall discusses the demands placed upon

novels to achieve certain effects, the ambivalence of writers and readers about those effects, and the ways in which these texts can be read as philosophical meditations on the differences and analogies between the experiences of reading a novel, watching a play, beholding a painting, and witnessing the spectacle of someone suffering. The Surprising Effects of Sympathy traces the interaction of sympathy and theater and the artistic and philosophical problems that these terms

represent in dialogues about aesthetics, moral philosophy, epistemology, psychology, autobiography, the novel, and society.

### **A Critical Bibliography of French Literature**

University of Chicago Press

« Ah ! Monsieur l'Abbé, quelle peine je me serai donnée pour sauver ma foi, pour excuser Dieu du Mal du monde ! Grâce à vous qui m'avez libérée, je suis allée jusqu'au fond de ma nuit sans avoir peur et là j'ai trouvé, je ne sais comment, un petit

chemin de bonne femme qui m'attendait pour me ramener sur la grand'route de Dieu. » [Marie Noël, 28 mars 1928.] Cette correspondance rassemble d'un côté la poétesse, Marie Noël (1883-1967), qui, à travers toute son oeuvre et dans la diversité des genres littéraires, aura surtout exprimé la peine d'une âme troublée par le tragique de l'existence humaine et par le spectacle d'une Création traversée par « Bien et Mal ensemble ». De

l'autre, Arthur Mugnier, plus connu sous le nom d'abbé Mugnier (1853-1944), qui se voua « au culte des âmes et des lettres » (Paul Valéry) et qui fut le confesseur du tout-Paris. D'une Guerre mondiale à l'autre, ces quelque 200 lettres commentent vingt-cinq ans de vie culturelle, dans le style d'une tradition de correspondance dont la verve passe aussi par l'humour. Elles forment un document majeur sur la spiritualité et la trajectoire littéraire d'une femme écrivain redevenue source

d'inspiration de nombreux lecteurs, et pour laquelle la conférence des évêques de France a sollicité en février 2017 l'ouverture d'une cause de béatification.

A Manual of French

Fernand Lanore

This volume was the first historical introduction to women's writing in France from the sixth century to the present day.

Specially-commissioned essays by leading scholars provide an introduction in English to the wealth and diversity of French women writers,

offering fascinating readings and perspectives. The volume as a whole offers a cohesive history of women's writing which has sometimes been obscured by the canonisation of a small feminine elite. Each chapter focuses on a given period and a range of writers, taking account of prevailing sexual ideologies and women's activities in, or their relation to, the social, political, economic and cultural surroundings. Complemented by an

extensive bibliography of primary and secondary works and a biographical guide to more than one hundred and fifty women writers, it represents an invaluable resource for those wishing to discover or extend their knowledge of French literature written by women.
