Ari Gold is known for his ruthless approach to deal-making and client relationships that made him one of, if not the, most powerful and sought-after agents in Hollywood until he retired in 2011. In his new book THE GOLD STANDARD, Gold will illuminate, for the first time, his unique, effective and, some would say, outrageous philosophies on running a successful business, client management, employee motivation, keeping a happy home life, and other keys to his many successes. Brash, emphatic, instructive and always wise, Gold's book will rival business and leadership bestsellers the world over. In his own words and with his trademark enthusiasm, Gold's tome will be the only book anyone wanting to make something of him or herself will ever need. Ari Gold says: "In my humble opinion, if you want to run a successful business this is the only book you'll ever have to read. And my humble opinion is never wrong."

Kabir was a 15th century Indian spiritual master who left a legacy of extraordinary poems which continue to capture the imagination of a diverse audience today. The poems downplay the importance of ritual and austerity, and teach that God is not confined to centers of worship or places of

pilgrimage but found everywhere in creation. Most importantly, God is within us and this is where we must meet him. Kabir elevates us into the realm of the spirit - a world of beauty, majesty, even romance, where the relationship between lovers is a recurring metaphor for our relationship to the divine. For the last century, Rabindranath Tagore's classic translation, "Songs of Kabir," has been the standard, but over the years it has suffered the ravages of time. In "Kabir Says," David Masterman has reworked Tagore's translation and breathed new life into it for the 21st century reader. But this edition goes beyond merely updating language and style; it considerably enhances the poetic form and flow of the English translation, and a new introduction and appendix have also been added to add depth to the reader's understanding.

One of the most enduring divas of Hindi cinema, a producer and director for films and television, dancer and choreographer par excellence, magazine editor, an active member of Parliament and now a singer, Hema Malini wears many hats with admirable ease. No other industry name comes close to matching the breadth of her achievements. In an industry where the male star has traditionally driven the commercial success of films, Hema was an exception, with her name alone sufficing to ensure a film's box-office glory. She was, arguably, India's first female superstar. Apart from starring in mainstream super-hits like *Johny Mera Naam*, *Jugnu*, *Andaz*, *Seeta Aur Geeta*, *Sholay* and, more recently, *Baghban*, she received critical acclaim for her performances in *Lal Patthar*, *Khushboo*, *Kinara*, *Meera*, *Ek Chadar Maili Si* and *Razia Sultan*. But there is much more to her than just her Bollywood journey. From her efforts at reviving and sustaining classical dance to her graceful handling of her personal life and the controversies that have plagued her in her political avatar, from her relationships to her religious beliefs and her recent tryst with singing, Hema Malini: *Beyond the Dream Girl* covers it all. With detailed interviews and exclusive anecdotes from her family, friends and co-actors, this is an inside look at the remarkable life of one of our greatest cinema icons, someone who has truly lived life on her own terms.

The role of testimony in the getting of reliable belief or knowledge is a central but neglected epistemological issue. Western philosophical tradition has paid scant attention to the individual thinker's reliance upon the word of others; yet we are in fact profoundly dependent on others for a vast amount of what any of us claims to know. Professor Coady begins by exploring the nature and depth of our reliance upon testimony, addressing the complex definitional puzzles surrounding the idea. He analyses the tradition of debate on the topic in order to reveal the epistemic individualism which has given rise to an illusory ideal of 'autonomous knowledge', and to gain a deeper understanding of the issues. He concludes this part of the book by showing what a feasible justification of testimony as a source of knowledge could be. In the second half of the book the author uses this new view of testimony to challenge certain widespread assumptions in the fields of history, mathematics, psychology, and law.

In many South Asian oral traditions, herons are viewed as duplicitous and conniving. These traditions tend also to view women as fragmented identities, dangerously split between virtue and virtuosity, between loyalties to their own families and those of their husbands. In women's songs, however, symbolic herons speak, telling of alternative moral perspectives shaped by women. The heron's words—and women's expressive genres more generally—criticize pervasive North Indian ideologies of gender and kinship that place women in subordinate positions. By inviting readers to "listen to the heron's words," the authors convey this shift in moral perspective and suggest that these spoken truths are compelling and consequential for the women in North India. The songs and narratives bear witness to a provocative cultural dissonance embedded in women's speech. This book reveals the power of these critical commentaries and the fluid and permeable boundaries between spoken words and the lives of ordinary village women.

The Buddha and His Dhamma was B.R. Ambedkar's last work. Published posthumously, it presented a radical reorientation of Buddhist thought and literature, aptly called *navayana*. It deals with Ambedkar's conceptualization of Buddhism and the possibilities it offered for liberation and upliftment of the Dalits. It presents his reflections on the life of the Buddha, his teachings, and the spread of Buddhism by interweaving anecdotes with detailed analyses of the religion's basic tenets. The author also includes important elements of the Buddhist canon and tradition to make the teachings more accessible. In the first critical and annotated edition of this work, the editors address the on-going debate on Ambedkar's interpretation of the Buddha's dhamma by focusing on the accuracy of his citations and providing missing sources. They also discuss Ambedkar's modification of source materials. The introduction contextualizes the scholarly work related to the text.

There are times in life when we must endure suffering due to no fault on our part - or so it seems. Life circumstances can appear terribly unjust. Naturally we question, "Why me? Am I wrong? It's not my fault!" Or we witness others suffering injustice, and are left wondering, "Why do bad things happen to good people?" Added to the many problems in everyday life, these situations can feel like the very definition of suffering. We may conclude that there is no God, question how to get inner peace - or even how to live through such trying circumstances. In the book "Whatever Has Happened Is Justice", Gnani Purush (embodiment of Self knowledge) Dada Bhagwan offers spiritual guidance on how to resolve conflict of injustice inherent in life. Among the myriad of spiritual books available, Dadashri offers a unique resource - he provides profound insight into the law of karma, explaining who is "The Doer", who is at fault, and what is the cause behind every instance of suffering. To attain an inner state of no worry, to begin to live in peace, or even to learn how to stay healthy amidst life challenges, this book will prove an invaluable resource.

Religious identity constitutes a key element in the formation, development and sustenance of South Asian diasporic communities. Through studies of South Asian communities situated in multiple locales, this book explores the role of religious identity in the social and political organization of the diaspora. It accounts for the factors that underlie the modification of ritual practice in the process of resettlement, and considers how multicultural policies in the adopted state, trans-generational changes and the proliferation of transnational media has impacted the development of these identities in the diaspora. Also crucial is the gender dimension, in terms of how religion and caste affect women's roles in the South Asian diaspora. What emerges then from the way separate communities in the diaspora negotiate religion are diverse patterns that are strategic and contingent. Yet, paradoxically, the dynamic and evolving relationship between religion and diaspora becomes necessary, even imperative, for sustaining a cohesive collective identity in these communities. This book was published as a special issue of *South Asian Diaspora*.

Yasi, Rasa and Ta are three restless children who live modest lower-middle-class lives at the edge of town, but their imaginations gleam with threads of many colours. Bored bicycles move away from their owners in the hope of being stolen ... A light bulb in a sari shop mischievously switches itself on and off ... Chalk doodles squirm and squiggle when adults are in the room ... Sandals lying by the door plead to be worn ... The adults who play their games must enter many worlds -- the one that prevails and the ones that are possible. They mumble and ask questions, but time and again they realize that a single glance won't take in the whole sky.
