The Legends and Myths of Hawaii Abrams

All societies have their own myths and legends, but they're much more than just stories. Myths and legends tell us about a people's history, science, and cultural values—the things they knew, the things they believed, and the things they felt were important. World Myths and Legends retells tales from the Middle East, Europe, Africa, Asia, Australia, and the Americas. From the Greek myths to ancient epics like Gilgamesh and the trickster tales of Anansi the Spider, it helps readers think about why the same themes, characters, and events may show up in different parts of the globe. Along the way kids will also find lots of fun and interesting projects that let them experience the stories first-hand. World Myths and Legends unveils wonders of the ancient world as it takes readers on a fascinating adventure of mystery and imagination.

DK Eyewitness Books: Mythology Refora Publications

Retells the legend of Clamshell Boy, who rescues a captured group of children from the dreaded wild woman Ishcus. Includes information on the customs and lifestyle of the Makah Indians.

Coyote Stories Courier Corporation

If you're looking for a captivating collection of African myths, then keep reading... The continent of Africa is home to fifty-four countries that together harbor over three thousand cultures, each with their own ways of life and each with their own stories. Some of these stories have their origins in the folk beliefs of people native to their particular region, while others were imported from or influenced by cultures from elsewhere who settled in Africa. A great number of African folktales have been transmitted orally from person to person down through the ages, but since the nineteenth century, many stories have been written down and transmitted to audiences beyond the boundaries of the cultures that created them. One important-and tragic-conduit for the transmission of these stories beyond African shores was the European slave trade. Captured Africans who were brought to the Americas and the Caribbean fought to keep alive what they could of their home cultures, and this included their folktales traditions. African folktales come in many different types. Some are myths explaining the origins of things, while others are tales of heroes with supernatural abilities. Animal stories are many and varied, and they usually involve some kind of trickster who uses his wiles to get out of sticky situations and sometimes into them. There are also cautionary tales explaining why it is important to behave well and treat others with respect, while other stories have a style and shape similar to that of a fairy tale. In African Mythology: Captivating Myths of Gods, Goddesses, and Legendary Creatures of Africa, you'll find the following African myths and topics covered Animal Tricksters Hero Tales Cautionary Tales The Influence of Isla And much, much more! So if you want a captivating collection of African myths, click the "add to cart" button!

A Snake Falls to Earth Perfection Learning

Explore Captivating Choctaw Myths Many southeast peoples speak languages in the Muskogean language family, and many myths and tales also have versions that are shared among tribes. Rabbit is a trickster hero in all of these cultures, while other animals common to the region, such as turkeys and alligators, make appearances as well. Thunder beings appear in tales from both the Choctaw and Natchez peoples-only the Choctaw story is presented in this volume-while the owl acts as a villain in stories from both the Choctaw and the Caddo. The first part of this book contains Choctaw myths and legends. In this section are stories that explain Choctaw beliefs about the origin and structure of the universe and the origin of corn, an important staple food. The alligator appears here not as a villain but as a grateful recipient of human aid, while the owl is a murderous old woman. Adventurers seek new places in the Choctaw migration legend and in the story of Tashka and Walo, two boys who journey to the home of the Sun. The second half of the book comprises stories from six other southeastern tribes: the Seminole, Natchez, Alabama, Creek, Caddo, and Chitimacha. Animal characters such as Alligator, Rabbit, and Owl play roles here, too, the first in a just-so story about the shape of the alligator's snout, the second in his usual guise as a wily trickster, and the third as a devious man who dupes two ambitious girls into becoming his

wives. Journeys to the sky country are represented by the tale of the sky maidens who come down to Earth to play ball, and in the story of the gifts of Kutnahin, a solar deity of the Chitimacha people. Within this book, you'll find the following topics covered: Choctaw Myths and Legends Legends from Other Southern Tribes Get the book now and learn more about Choctaw myths!

Feathered Serpent and the Five Suns U of Nebraska Press

If you're looking for a captivating collection of Australian myths, then keep reading... With a history reaching back over 40,000 years, Indigenous Australian culture is one of the oldest continually existing cultures in the world. According to DNA tests conducted at the University of Copenhagen, Indigenous Australian people are the descendants of the first migrants to have left the birthplace of humanity in Africa, some 75,000 years ago. Across these many millennia, the Indigenous peoples of Australia have established complex and unique societies that have adapted well to the often harsh conditions of the Australian landscape. Although Indigenous Australian culture tends to be named as though it were a single unit, it is far from monolithic. According to the Australian government's website, at the time of first contact with Europeans, there were some 500 distinct Indigenous nations inhabiting Australia, speaking different languages and following their own religious and cultural practices, with a certain amount of overlap across cultures. As with all human societies, that of the Indigenous Australians is abounding in stories. Stories of how the world came to be the way it is, stories of heroism and perfidy, stories about animals and birds, and stories about love and hate all have parts to play in the wide array of myths, legends, and tales created by Indigenous Australians. Australian Mythology: Captivating Dreamtime Stories of Indigenous Australians invites you to go on a startling journey and discover: Origin stories Myths of Gods, Heroes, and Monsters Animal Tales And much, much more! So if you want a captivating collection of Australian myths, click the "add to cart" button!

Celtic Mythology Turtleback Books

If you're looking for a captivating collection of Native American myths, then keep reading... Part of the history of Indigenous cultures is, of course, their traditions of storytelling. Myths, legends, and folktales all play important roles in explaining how the world came to be the way it is, as well as giving listeners entertainment with humorous or scary stories, or giving them role models to look up to in hero tales. The author of this book has endeavored to provide at least one myth from every major culture group in North America: Arctic, Subarctic, Plateau, Northwest Coast, Great Basin, Great Plains, California, Southwest, Southeast, and Northeast Forest. Of the many different genres of story available, four are chosen for this present volume. The first has to do with the origins of things, either of the world in its entirety or some aspect thereof that was significant to the people who created the story. The other side of creation is death, and so the second section concerns tales of ghosts and monsters, some terrifying, some friendly, some the victims of prank-playing living people. However, out of the acts of destruction wrought by supernatural beings there is often something new created or a change worked that is necessary for the world to function properly. Tricksters and heroes occupy the third and fourth sections of the book, respectively. Coyote is, of course, a favorite trickster character for most North American Indigenous groups, while Raven is important to peoples in the Pacific Northwest and Arctic regions. Beaver is a trickster for the Nez Perce of the Columbia River Plateau, and for the Pomo of California, little Woodrat also lives by his wits. These tricksters are by turns clever, gullible, victor, and victim, but

always there is a moral lesson to be learned from the stories of their adventures. The final section of the book presents stories of Indigenous heroes. Many of these heroes are shared by multiple cultures, usually within the same or adjacent culture areas. Native American: Mythology Captivating Myths of Indigenous Peoples from North America invites you to go on a startling journey and discover the following myths: Origins Ghosts and Monsters Trickster Tales Hero Tales And much, much more! So if you want a captivating collection of Native American myths, click the "add to cart" button!

Australian Mythology McFarland

Mythical Beasts and Magical Creatures tells you everything you need to know about supernatural animals great and small. Perfect for fans of Harry Potter and other fantasy tales, this is the only kids' e-guide to magical creatures that tells you the history behind the mythology.

World Myths and Legends Vero Beach, Fla. : Rourke Corporation

With the publication of *Two Old Women*, Velma Wallis firmly established herself as one of the most important voices in Native American writing. A national bestseller, her empowering fable won the Western State Book Award in 1993 and the Pacific Northwest Booksellers Association Book Award in 1994. Translated into 16 languages, it went on to international success, quickly reaching bestseller status in Germany. To date, more than 350,000 copies have been sold worldwide. *Bird Girl and the Man Who Followed the Sun* follows in this bestselling tradition. Rooted in the ancient legends of Alaska's Athabaskan Indians, it tells the stories of two adventurers who decide to leave the safety of their respective tribes. *Bird Girl* is a headstrong young woman who learned early on the skills of a hunter. When told that she must end her forays and take up the traditional role of wife and mother, she defies her family's expectations and confidently takes off to brave life on her own. *Daagoo* is a dreamer, curious about the world beyond. Longing to know what happens to the sun in winter, he sets out on a quest to find the legendary "Land of the Sun." Their stories interweave and intersect as they each face the many dangers and challenges of life alone in the wilderness. In the end, both learn that the search for individualism often comes at a high price, but that it is a price well worth paying, for through this quest comes the beginning of true wisdom.

Regeneration Through Violence Scholastic

Nina is a Lipan girl in our world. She's always felt there was something more out there. She still believes in the old stories. Oli is a cottonmouth kid, from the land of spirits and monsters. Like all cottonmouths, he's been cast from home. He's found a new one on the banks of the bottomless lake. Nina and Oli have no idea the other exists. But a catastrophic event on Earth, and a strange sickness that befalls Oli's best friend, will drive their worlds together in ways they haven't been in centuries. And there are some who will kill to keep them apart. Darcie Little Badger introduced

herself to the world with Elatsoe. In *A Snake Falls to Earth*, she draws on traditional Lipan Apache storytelling structure to weave another unforgettable tale of monsters, magic, and family. It is not to be missed.
