The Grouchy Ladybug

Ladybird

Rex the big dinosaur wants to play with the other little dinosaurs in the jungle, but they find him FAR too loud and scary! Is there any way that Rex can convince the little dinosaurs that he's a

good friend to have around? Read it yourself with Ladybird is one of Ladybird's best-selling series. For over thirty-five years it has helped young children who are learning to read develop and improve their reading skills. Each Read it yourself book is very carefully written to include many key, high-frequency words that are vital for learning to read, as well as a limited number of story words that are introduced and practised throughout. Simple sentences and frequently repeated words help to build the confidence of beginner readers and the four different levels of books support children all the way from very first reading practice through to independent, fluent reading. The wide range of classic fairy tales, favourite characters and exciting modern stories in the Read it yourself series appeal to all children, whatever their interests, and have bright, detailed pictures to help support the text. Each book has been carefully checked by educational consultants and can be read independently at home or used in a guided reading session at school. Further content includes

comprehension puzzles, helpful notes for parents, carers and teachers, and book band information for use in schools. Rex the Big Dinosaur is a Level 1 Read it yourself title, suitable for very early readers who have had some initial reading instruction and are ready to take their first steps in reading real stories. Each story is told very simply, using a small number of frequently repeated words.

BESTSELLER • A

magisterial portrait of Lady Bird Johnson, and a major reevaluation of the profound yet underappreciated impact the First Lady's political instincts had on LBJ's presidency. WINNER OF THE TEXAS BOOK AWARD • LONGLISTED FOR THE PEN/JACQUELINE BOGRAD WELD AWARD • "[An] extensive, engaging new biography . . . in the Caro mold . . . To those who do not know [Lady Bird's] story, Sweig's book will come as a revelation."—The New

York Times “This riveting portrait gives us an important revision of a long-neglected First Lady.”—Blanche Wiesen Cook, author of *Eleanor Roosevelt, Vols. 1-3* In the spring of 1964, President Lyndon B. Johnson had a decision to make. Just months after moving into the White House under the worst of circumstances—following the assassination of President John F. Kennedy—he had to decide whether to run to win the presidency in his own right. He turned to his most reliable, trusted political strategist: his wife, Lady Bird Johnson. The strategy memo she produced for him, emblematic of her own political acumen and largely overlooked by biographers, is just one revealing example of how their marriage was truly a decades-long political partnership. Perhaps the most underestimated First Lady of the twentieth century, Lady Bird Johnson was also one of the most accomplished and often her husband's secret weapon. Managing the White House in years of national upheaval, through the civil rights movement and the escalation of the Vietnam War, Lady Bird projected a

sense of calm and, following the glamorous and modern Jackie Kennedy, an old-fashioned image of a First Lady. In truth, she was anything but. As the first First Lady to run the East Wing like a professional office, she took on her own policy initiatives, including the most ambitious national environmental effort since Teddy Roosevelt. Occupying the White House during the beginning of the women's liberation movement, she hosted professional women from all walks of life in the White House, including urban planning and environmental pioneers like Jane Jacobs and Barbara Ward, encouraging women everywhere to pursue their own careers, even if her own style of leadership and official role was to lead by supporting others. Where no presidential biographer has understood the full impact of Lady Bird Johnson's work in the White House, Julia Sweig is the first to draw substantially on Lady Bird's own voice in her White House diaries to place Claudia Alta "Lady Bird" Johnson center stage and to reveal a woman ahead of her time—and an

accomplished politician in her own right.

This lively and informative text examines children's first experience of non-fiction during the pre-school and foundation years. Its careful consideration of different kinds of quality non-fiction, including books, posters, charts and computer software will provide a helpful framework from which Early Years teachers can work. The book offers a rich resource of information, with illustrative case studies and many examples of children's responses to non-fiction, providing: coverage of pre-school and foundation years for children up to 6 years of age, references to research findings on the place of non-fiction in early years, and references to The National Literacy Strategy, Early

Learning Goals, and the National Curriculum for English.
