2005-1, January-June Amacom Books Conducting research requires resources to meet the research need. The resources in the research institutes/ centers are often inadequate, limiting the research outcome. Research grants help overcome those limitations and help the researchers carry out quality research without any restriction. Grant proposal writing is an essential skill to be

mastered by every researcher. However, the majority of the medical schools, except the few research institutes, do not have a structured learning module for obtaining grants. On most occasions, the skill of writing grant proposals goes by self-learning. For students, it is burdening due to the tremendous time consumed to learn the craft of writing the grant proposal and the exhausting clinical and academic work. This book is carefully prepared to keep in mind the difficulties faced by the young researchers and the students concerning choosing a funding agency, grant makers' expectations, budgeting, surveillance and site visits, rights of the researcher and the funding agency, and ethical and legal aspects of obtaining the grant. The book also covers the alternate plan for partial funding or interruption of the financing, reporting the source of funding and acknowledgment, good clinical practice guidelines, and dealing with the rejected grant proposal. The research projects are often dropped or modified extensively due to the limited resources in the existing facility. The researchers are forced to compromise the research objective due to expensive requirements. There is a shortage of awareness regarding the availability of funding and grant for the conduct of research. Even if the researchers are aware of obtaining the financing, there is a lack of training in grant proposal writing, which is essential in getting the research funding. This book on grant proposal writing for medical and healthcare professionals covers such difficulties and deficiencies. It will provide complete companionship from knowing the funding agency to obtaining the grant.

Junius Unmasked John Wiley & Sons Practice makes perfect! It's no secret

that improving your Spencerian penmanship requires practice. Unfortunately, Platt Rogers Spencer published less than 30 Spencerian practice sentences. That's why this helpful workbook offers over 180 pages of all-new phrases and sentences for you to refine your lettering. Across the top of each page is carefully composed Spencerian lettering by penman Schin Loong. Below the sample sentence is line after line of practice space where you can master your letter height, width, spacing, stroke weight and more. The pages are even perforated so it is easy for you to tear them out and practice on a perfectly at surface. But this book contains no ordinary words—they are the immortal phrases from the Declaration of Independence that define freedom and liberty, such as “We hold these truths to be self evident that all men are created equal.”

Excerpt from Junius Unmasked: Or Thomas Paine the Author of the Letters of Junius, and the Declaration of Independence These were the concluding words of his last Letter. So say I now, and I make them the preface to an argument which now sets the great apostle of liberty right before the world. They serve, like a literary hyphen, to connect the two ages - his own with this; and the two lives - the masked with the Open one; in both of which ages and lives he did good to mankind, and that mightily. Facilities Development Manual Nolo Seminar paper from the year 2010 in the subject English - Pedagogy, Didactics, Literature Studies, grade: 15, Justus-Liebig-University Giessen (Anglistik), course: Seminar: Writing in the English Foreign Language Classroom, language: English, abstract: Every once in a while people fall in love. Unfortunately, there are many cases in which they do not admit their feelings to the woman or man they lost their heart to. People often are inhibited and cautious when it comes to express affection to the woman or man of choice. Sometimes they even let their chance slip, because they are afraid of embarrassment and negative feedback from the one they adore. An adequate alternative to a face-to-face confession is the love letter. Writing a

love letter is a meaningful art and it offers a great possibility to reveal one's affection for the receiver without evoking shameful situations and awkward moments that may hurt one's own feelings. By writing creatively, using the right selection of words and good argumentation, a love letter can be more than just a declaration of love. They often relinquish a moment of mystery, excitement and surprise and many people keep them lifelong as their secret treasures. In fact, writing good love letters is a demanding task even for advanced students. It might take hours of practice, drafting and rewriting to create an emotional and inspirational love letter. This paper will be about teaching intermediate students in the English foreign language (EFL) classroom, how to write a love letter. It functions as a guide for teachers to help them structuring and planning their lessons on this topic. Furthermore, it provides adequate teaching methods and innovative ideas to effectively instruct students on their way to become successful love-letter writers. The paper will commence by introducing several pre-writing activities, which serve to prepare students before they get started with the major task. In addition, the stylistic devices and structural guidelines love-letter writing requires will be introduced. In the second step, the paper concentrates on love-letter writing itself. It explores the direct preparation necessary and offers useful hints concerning the teacher's role in the writing phase. Finally, this paper illustrates a number of useful post-writing activities and evaluations methods in detail.
