D.H. LAWRENCE: SYMBOLIC LANDSCAPES This book analyzes the rich discourses of mythology, symbolism, form, eroticism and landscape in D.H. Lawrence's fiction. Jane Foster traces Lawrence's symbols (tigers, suns, fish, peacocks) in many of the short stories, as well as the major novels. 'Spirit of place' was always important for Lawrence, and Foster's study investigates how Lawrence's concept of place informed his fiction, poetry and travel books. EXTRACT Lawrence uses many traditional poetic

symbols - flowers, fire, the Moon - but there are some symbols that he has made very much his own: blood, rivers, the phallus, rainbow and the Lawrencean bestiary: horse, phoenix, peacock, dragon, snake, lion, tiger, rabbit and fish. The Lawrencean animals are the most alive of living symbols. There are many symbolic beasts in the poems too: fish, tortoises, snakes, eagles, elephants, mosquitoes, goats, etc. ----- D.H. Lawrence probably uses more flowers in his art than any other comparable writer. The poems are full of flowers - irises, violets, roses, campions - all kinds of flowers, hundreds of flowers, blossoms and plants. He fills his books with flowers rather like the Early Netherlandish painters filled their paintings of the Madonna with heaps of flowers. Lawrence uses flower symbolism to underpin the action and the emotional states of his characters. Ursula, for instance, delights, as Connie Chatterley does, in flowers. They remind her of the beauty of the world when the pain of love becomes too much. In *Women in Love*, Ursula is transported, to use the old term, by some daisies floating in water: She went along the bank towards the sluice. The daisies were scattered broadcast on the pond, tiny radiant things, like an exaltation, points of exaltation here and there. Why did they move so strongly and mystically?

"Look," he said, "your boat of purple paper is escorting them, and they are a convoy of rafts. Some of the daisies came slowly towards her, hesitating, making a shy, bright little cotillion on the dark clear water. Their gay, bright candour moved her so much as they came near, that she was almost in tears. "Why are they so lovely?" she cried. "Why do I think them so lovely?" With illustrations, bibliography and notes.

A pedigree of the Forsters and Fosters, of the North of England, and of some of the families connected with them Collins & Brown

Introduce little ones to London in this bold and graphic board book by illustrator and textile designer Jane Foster. In this beautiful and sophisticated board book, children will be introduced to bold images of London, such as Big Ben, Tower Bridge, fish and chips, and more! Praise for Jane Foster's ABC and Jane Foster's 123: "Both titles are stunningly simple, but Foster is able to create some truly arresting images here, making both books pleasurable repeat reads. A fetching and effective introduction to the world of numbers." -starred review, Kirkus Reviews "It's a book that style-minded parents and kids can appreciate equally." -starred review, Publisher's Weekly "This unusually attractive counting board book from the British illustrator and textile designer Jane Foster shows off her style in a way that will catch - and hold - the eye of grown-ups and younger children alike." -New York Times Children's Board Book roundup review

Lloyd's Register of Shipping 1876 Kings Road Publishing

The classic study of primates.

Studies in Intelligence Templar Publishing

The high profile reporting of child sexual abuse carried out by Jimmy Savile over decades has had far reaching-consequences, raising public awareness and concern, yet we continue to uncover new cases of institutional abuse which have been taking place under the radar for years. This book distils the learning from 80+ public inquiries relating to Savile as well as related cases of institutional abuse and analyses the key findings. It examines what we now know about offending within organisations and institutions, and how organisational failures can enable abusers. Each chapter also outlines solutions, offering perspectives for individuals and organisations on what practical action they can take to minimise risk in the settings in which they work. The book includes chapters specifically dedicated to the NHS, sports organisations and schools, and is necessary reading for professionals with responsibility for safeguarding in any setting.

Jane Foster is one of the UK's most exciting up-and-coming designers. An entirely self-taught illustrator and screen printer, her work is strongly influenced by Scandinavian and British design from the 1950s and 60s. Fun with Fabric is Jane's first book, and in it she presents 15 simple projects, using fabulous fabrics from her own collection. Jane shows you how to sew and stick to create bold, colourful accessories for your home. Whether you are already hoarding stacks of vintage fabric or prefer to buy new reproduction designs, this book is packed with practical and inspirational project ideas. Patchwork cushions, bags and quilts will need some simple sewing skills, while covered notebooks, a noticeboard and pen pots can be achieved with scissors and glue. Jane's fun and easygoing approach to her work shines through in each of the 15 projects. Here's to embracing the retro lifestyle!

Young People at the Centre Wildside Press LLC

Let's eat with fun flaps and sliders in this adorable new offering from Jane Foster. It's breakfast time! Can you butter the toast and pour the milk? In this fun new series, little ones learn first words and experiences by using satisfying sliders and sturdy flaps. Each spread introduces a new scenario with characteristic vibrant artwork from acclaimed artist Jane Foster.

Publications Houghton Mifflin Harcourt

Superheroes and Masculinity: Unmasking the Gender Performance of Heroism explores how heteropatriarchal representations of gender are portrayed within superhero comics, film, and television. The contributors examine how hegemonic masculinity has been continually perpetuated and reinforced within the superhero genre and unpack concise critiques of specific superhero representations, the industry, and the fan base at large. However, *Superheroes and Masculinity* also argues that possibilities of resistance and change are embedded within these problematic portrayals. To this end, several chapters explore alternative portrayals of queerness within superhero representations and read the hegemonic masculinity of various characters against the grain to produce queer possibilities. Ultimately, this collection argues that the quest to unmask how gender operates within superheroes is a crucial one.

When British company Eventsoft wins the software contract for the 2012 London Olympics, it is IT Director Steven Foster's proudest moment. But something is not right. Foster gets the distinct feeling that he is being watched; while software developer Trevor Edge has suddenly found himself a mysterious new girlfriend; and administrator Jane begins to spiral into a nightmare of depravity and fear. Are these things connected? Is it all a coincidence ... or a real threat to the future of Eventsoft - and the Olympics themselves? Putting aside his growing feelings for Jane, Foster teams up with hard-nosed reporter Jarvis to solve the riddles . . . and save the Games!

With their vibrant, strong and cheerful look, these beautifully produced books make perfect gifts for a new baby or first birthday.

The Children's record of the Presbyterian Church in England Lexington Books

Thirty years after its publication, *The Death and Life of Great American Cities* was described by *The New York Times* as "perhaps the most influential single work in the history of town

planning....[It] can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a kind of ballet and the biting satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword for this Modern Library edition.

A Sketch of the Life of Mrs. Jane Foster Wheeler (Wallace) (Classic Reprint) Jane Foster Books

Julia Child entered the lives of millions of Americans with her bestselling cookbook, *Mastering the Art of French Cooking*; her popular and long-running cooking show, *The French Chef*; and her beloved memoir, *My Life in France*. In this intimate and revealing biography, based on exclusive interviews and scores of private letters and diaries, Noel Riley Fitch leads us through her incredible life. We travel with Julia from her exuberant youth in California to her raucous days at Smith College; from her volunteer service with the OSS during World War II to the day she met Paul Child, the man with whom she would enjoy a fifty year marriage. We're with her when she takes her first culinary course at 37 and discovers her true calling; when she begins work on her landmark cookbook and suffers the rejections of most publishers in New York. And when finally her vision strikes a chord with a generation of Americans tired of bland cuisine, we're there to share in the making of a legend. Julia Child became a household name by resisting fads and narrow conventions, by being the quintessential teacher and an inspiration to modern women, and by doing it all with her trademark humor and aplomb. *Appetite for Life* is her truly remarkable story.
