"If I could give an aspiring writer one piece of advice, it would be to read this book." — Hugh Howey, New York Times best selling author of Wool "Tim Grahl is fast becoming a legend, almost single-handedly changing the way authors around the world spread ideas and connect with readers. If you've got a book to promote, stop what you're doing right now and start reading Your First 1000 Copies." — Daniel H. Pink, New York Times bestselling author of Drive and When "Your First 1000 Copies is a must-read for authors trying to build a connection with their readers." — Dan Heath & Chip Heath, co-authors of Made to Stick, Switch, and Decisive "I watched in awe as Tim Grahl had 5 clients on the New York Times bestseller list in the same week. There is no one I trust more to learn about book marketing." - Pamela Slim, Author, Body of Work "Tim was an early pioneer in teaching book authors how Internet marketing actually works." - Hugh MacLeod, author of Ignore Everybody and Evil Plans Imagine if you had a direct connection with thousands of

readers who loved reading your books. And imagine if those readers eagerly awaited the launch of your next book. How would that direct relationship with your readers change your writing career? How would you feel knowing that every time you started a new book project, you already had people excited to buy it and ready to recommend it to others? In Your First 1000 Copies, seasoned book marketing expert Tim Grahl walks you through how successful authors are using the online marketing tools to build their platform, connect with readers and sell more books. Tim has worked with over 100 different authors from top best sellers such as Hugh Howey, Daniel Pink, Barbara Corcoran Charles Duhigg, Chip and Dan Heath, Ramit Sethi and Pamela Slim to authors just get started on their first writing project. He has worked with authors across all fiction and non-fiction genres. Along with his client work, he has studied many other successful authors to learn what works and what doesn't. The result is Your First 1000 Copies where he walks you through the Connection System, a plan that every author can immediately start using. The plan looks like this: - Permission - How to open up communication with your readers where you can reliably engage them and invite them to be involved. - Content - How to use content to engage with current readers and connect with new ones. - Outreach - How to ethically and politely introduce yourself to

new readers. - Sell - How all of these steps can naturally lead to book sales without being pushy or annoying This is a system that any author can immediately put in place to start building their platform. Whether you're a seasoned author looking to step into the new publishing landscape, or you're a brand new author, Your First 1000 Copies will give you the tools to connect with readers and sell more books.

The Complete Beginners Guide to Become an Authority Author in Weeks! Body and Soul Publishing Strategic Planning is woefully out of fashion, with many bloggers and thought-leaders claiming it is, in fact, dead. They couldn't be more wrong! Strategic Planning is an integral part of any nonprofit's ability to conduct effective social change. It allows the organization's staff, management, volunteers and board to identify and focus on the top priorities that the stakeholders agree will matter most to accomplishing their mission. Without a strategy, and the execution that follows - nonprofits are awash in mission creep, money chasing, and burned out and demoralized staff. Ain't nobody wants that. This book will walk you through the process of Strategic Planning invented by Sarai Johnson of Lean Nonprofit. Her practice is based on recent innovations in the business sector, building on the concepts of Lean Canvas and the Business Model Canvas. Adapting this strategic,

action-based tool for nonprofits provides you, the nonprofit practitioner, with step-by-step instructions for leading a group of people through the planning process. Oh, did we mention it is a ONE DAY PROCESS? Yeah, it's cool. We know.

Identity theft can destroy your reputation, deplete your bank accounts, and do serious damage to your financial future. You need a complete solution to prevent it, detect it, and recover from it when it happens. James LaPiedra clearly outlines the problem and explains how to: assess your current risk factors; reduce your vulnerability; proactively monitor for suspicious activity; respond quickly to restore a compromised identity. The thieves just don't want cash: They'll take your social security number, driver's license, health plan, credit, and anything else they can get their hands on. Even worse, identity theft is easier than ever because of the proliferation of sharing personal information on the Internet. By learning how real people become victims, you'll be able to minimize your chances of becoming a victim and take the proper steps if you're targeted. Protect yourself, your family, and your future with Identity Lockdown."

This is a concise, easy to use, step-by-step guide for applied researchers conducting exploratory factor analysis (EFA) using SPSS. In this book, Dr. Watkins systematically reviews each decision step in EFA with screen shots and code from SPSS and recommends evidence-based best-practice procedures. This is an eminently applied, practical approach with few or no formulas and is aimed at readers with little to no mathematical background. Dr. Watkins maintains an accessible tone throughout and uses minimal jargon to help facilitate grasp of the key issues users will face while applying EFA, along with how to implement, interpret, and report results. Copious scholarly references and quotations are included to support the reader in responding to editorial reviews. This is a valuable resource for upper-level undergraduate and postgraduate students, as well as for more experienced researchers undertaking multivariate or structure equation modeling courses across the behavioral, medical, and social sciences.

A Step-by-Step Guide to Ask A Girl Out Over Text This book is a step-by-step guide on how to ask a girl out via text. If you're interested in someone, but don't know how to ask them out, this is the perfect guide for you. The book will teach you how to make a killer first impression. It will teach you how to start conversations and how to get someone to respond. I'm sure that many of the techniques here can be used in person as well, but it's important that we learn how to be more spontaneous in our text communication. In person, it's easy to talk about how much you love someone, but in a text message, it can be taken the wrong way. So this book will teach you how to do that. It's a great read, so I encourage you to pick up a copy and get started today! It also provides examples of text conversations that will help you get the girl you're interested in to say "yes". The book is designed to be a helpful guide for guys who are looking to ask the girl they like out on a date, but don't know how to do it. The book is broken down into three sections. The first part is a guide to texting, which covers the dos and don'ts of texting, and provides examples of text conversations that will help you get the girl you're interested in to say "yes" to your first date. The second part of the book is a guide to asking the girl out on a date. Here, you'll find step-by-step instructions on how to ask your crush out.
