Growing out of a conviction that we need to provide older children with a greater understanding of their Christian heritage and the Bible, Dr. Edward Buchanan has authored two resources that are both educational and biblically sound. Parent/Teacher Handbook: Teaching Older Children Everything They Need to Know About the Bible, volume 3 uses a chronological Bible story approach, giving leaders and teachers the core content and information needed to teach children about the Bible. Parent/Teacher Handbook: Teaching Older Children Everything They Need to Know About Their Christian Heritage, volume 4 covers the basics of our Christian heritage and faith including Jewish traditions, missions, hymnody, art, science, and ethics.

Children with low self-esteem will have difficulty in partaking in classroom lessons and succeeding. If we want to help children in the primary school to achieve the positive outcomes set out in the Every Child Matters agenda, we need to ensure all children have a healthy self-esteem. This book seeks to give adults in schools tools to look at the way they could enhance self esteem in children. The book

comes with an accompanying CD-Rom which contains: - inset sessions for all adults in the school - workshops specifically aimed at non-teaching personnel, including mid-day supervisors - sessions for teachers and classroom assistants - classroom lessons and activity sheets for the children which can form part of your school's personal, social and health education (PSHE) programme. This book is a whole school training programme for raising self-esteem and is essential reading for all those working in primary education. Margaret Collins is a former headteacher of infant and first schools. She is now Senior Visiting Fellow in the School of Education at the University of Southampton. She researches children's perceptions of health education topics, writes teaching materials for children, books and articles on PSHE. Visit the author's own website here!
