and mordant wit--
abound in Lolita,
Nabokov's most
famous and
controversial novel,
which tells the story of
the aging Humbert
Humbert's obsessive,

devouring, and doomed passion for the nymphet Dolores Haze. Lolita is also the story of a hypercivilized European colliding with the cheerful barbarism of postwar America. Most of all, it is a meditation on love--love as outrage and hallucination, madness and transformation.

Do Taumatrópio Ao Panavision Clube de Autores

A beautifully packaged edition of one of García Márquez's most beloved novels, with never-before-seen color illustrations by the Chilean artist Luisa Rivera and an interior design created by the author's son, Gonzalo García Barcha. In their youth, Florentino Ariza and Fermina Daza fall passionately in love. When Fermina eventually chooses to

marry a wealthy, well-born doctor, Florentino is devastated, but he is a romantic. As he rises in his business career he whiles away the years in 622 affairs—yet he reserves his heart for Fermina. Her husband dies at last, and Florentino purposefully attends the funeral. Fifty years, nine months, and four days after he first declared his love for Fermina, he will do so again.

Eugenio Montejo Lima : C. Milla Batres

Don't miss Evermore, the first book in Alyson Noël's #1 New York Times bestselling The Immortals series. Enter an enchanting new world where true love never dies. . . After a horrible accident claimed the lives of her family, sixteen-year-old Ever Bloom can see people's auras, hear

their thoughts, and know someone's entire life story by touching them. Going out of her way to avoid human contact and suppress her abilities, she has been branded a freak at her new high school—but everything changes when she meets Damen Auguste. Damen is gorgeous, exotic and wealthy. He's the only one who can silence the noise and random energy in her head—wielding a magic so intense, it's as though he can peer straight into her soul. As Ever is drawn deeper into his enticing world of secrets and mystery, she's left with more questions than answers. And she has no idea just who he really is—or what he is. The only thing she knows to be true is that she's falling

deeply and helplessly in love with him.

Historia de la música
Marlowe

They say good things come to those who wait. Bullsh*%! My whole life has been about waiting. Playing it safe. Be the good girl, don't color outside the lines. Put in the hard work trying to prove myself to Dad, then to my college professors, then to my boss at New World Media. Just waiting for the day when it will all pay off. And right when it was all starting to--I finally had the house, the job, I was even thinking about getting a cat--boom!--my life explodes and suddenly now I'm here and-- "All done," the doctor interrupts my thoughts, pulling off her gloves with a loud snap. Even from the

bed where I'm lying,
my legs spread like the
Thanksgiving turkey, I
can hear the impatient
growl of the man
standing in the
doorway. If you can
even call him a man.
More like a beast out of
a friggin' fairytale.

"Well?" Her
pronouncement echoes
throughout the room
while the speculum is
still inside me. "She's a
virgin."

understanding of what
it means to be
"human." One hundred
thousand years ago, at
least six different

species of humans inhabited Earth. Yet today there is only one—homo sapiens. What happened to the others? And what may happen to us? Most books about the history of humanity pursue either a historical or a biological approach, but Dr. Yuval Noah Harari breaks the mold with this highly original book that begins about 70,000 years ago with the appearance of modern cognition. From examining the role evolving humans have played in the global ecosystem to charting the rise of empires, *Sapiens* integrates history and science to reconsider accepted narratives, connect past developments with contemporary concerns, and examine specific events within

the context of larger ideas. Dr. Harari also compels us to look ahead, because over the last few decades humans have begun to bend laws of natural selection that have governed life for the past four billion years. We are acquiring the ability to design not only the world around us, but also ourselves. Where is this leading us, and what do we want to become? Featuring 27 photographs, 6 maps, and 25 illustrations/diagrams, this provocative and insightful work is sure to spark debate and is essential reading for aficionados of Jared Diamond, James Gleick, Matt Ridley, Robert Wright, and Sharon Moalem. *Etimologías* Read Books Ltd

This vintage book contains a comprehensive treatise of Baroque music. It was written for the music student and music lover, with the aim of acquainting them with this great period of music history and helping them to gain a historical understanding of music without which baroque music cannot be fully appreciated and enjoyed. Written in simple, plain language and full of fascinating information about baroque music, this text will appeal to those interested in music but who have little previous knowledge of baroque, and it would make for a most worthy addition to collections of music-related literature. The chapters of this book include: 'Early Baroque

in Italy'; 'The Beginnings of the Concertato Style: Gabrieli'; 'The Phases of Baroque Music'; 'Tradition and progress in Sacred Music'; 'The Netherlands School and Its English Background', et cetera. We are republishing this antiquarian volume now in an affordable, modern edition complete with a new prefatory biography of the author.

Collins
A NATIONAL BOOK CRITICS CIRCLE AWARD WINNER THE POSTHUMOUS MASTERWORK FROM "ONE OF THE GREATEST AND MOST INFLUENTIAL MODERN WRITERS" (JAMES WOOD, THE NEW YORK TIMES BOOK REVIEW)
Composed in the last years of Roberto

Bolaño's life, 2666 was greeted across Europe and Latin America as his highest achievement, surpassing even his previous work in its strangeness, beauty, and scope. Its throng of unforgettable characters includes academics and convicts, an American sportswriter, an elusive German novelist, and a teenage student and her widowed, mentally unstable father. Their lives intersect in the urban sprawl of SantaTeresa—a fictional Juárez—on the U.S.-Mexico border, where hundreds of young factory workers, in the novel as in life, have disappeared.

Una Novela Erótica,

Explícita y libre de lenguaje procaz. Sinopsis Nunca beses a alguien en una fiesta enmascarada porque no sabes quién se esconde detrás del antifaz. No importa si es irresistiblemente atractivo. Y definitivamente no deberías volver a besarlo cuando sabes que una relación con él puede traer serias consecuencias para los dos. Apenas Alejandro descubre la verdadera identidad de la morena misteriosa que despertó en él sensaciones que creía que jamás volvería a tener, se siente dividido entre el deseo de hacerla suya o hacer lo correcto y dejarla ir. Diana sabe que lo que ocurrió entre ellos no debería volver a suceder, pero la tentación de

sucumbir a él es difícil de resistir, y los apetitos carnales que sacian el apetito sexual de Alejandro despiertan un lado desconocido que Diana desea explorar.  The beginner's guide to
 classical music
 Classical Music For
 Dummies is a friendly,
 funny, easy-to-
 understand guide to
 composers,
 instruments,

orchestras, concerts,
 recordings, and more.
 Classical music is
 widely considered one
 of the pinnacles of
 human achievement,
 and this informative
 guide will shows you
 just how beautiful and
 rewarding it can be.
 You'll learn how Bach is
 different from
 Beethoven, how Mozart
 is different still, and
 why not all "classical"
 music is actually
 Classical if it's really
 Baroque or Romantic.
 You'll be introduced to
 the composers and
 their work, and
 discover the
 groundbreaking pieces
 that shake the world
 every time they're
 played. Begin building
 your classical music
 library with the
 essential recordings
 that define orchestral,
 choral, and operatic
 beauty as you get

acquainted with the orchestras and musicians that bring the composers to life. Whether you want to play classical music or just learn more about it, *Classical Music For Dummies* will teach you everything you need to know to get the most out of this increasingly popular genre. Distinguish flute from piccolo, violin from viola, and trumpet from trombone. Learn the difference between overtures, requiems, arias, and masses. Explore the composers that shaped music as we know it. Discover the recordings your music library cannot be without. Classical music has begun sneaking into the mainstream — if your interest has been piqued, there's never been a better

time to develop an appreciation for this incredibly rich, complex, and varied body of work. *Classical Music For Dummies* lays the groundwork, and demonstrates just how amazing classical music can be.

Love in the Time of Cholera (Illustrated Edition) Houghton Mifflin Harcourt

A feel-good novel for fans of *A Man Called Ove* and *The Rosie Project*, about an eccentric, language-loving bachelor and the cat that opens his eyes to life's little pleasures. *The Silver Linings Playbook* author Matthew Quick: "A delightfully absurd, life-affirming celebration. I literally stood up and cheered as I read the last page." When Samuel, a lonely linguistics lecturer,

wakes up on New Year's Day, he is convinced that the year ahead will bring nothing more than passive verbs and un-italicized moments—until an unexpected visitor slips into his Barcelona apartment and refuses to leave. The appearance of Mishima, a stray, brindle-furred cat, becomes the catalyst that leads Samuel from the comforts of his favorite books, foreign films, and classical

music to places he's never been (next door) and to people he might never have met (a neighbor with whom he's never exchanged a word). Even better, the Catalan cat leads him back to the mysterious Gabriela, whom he thought he'd lost long before, and shows him, in this international bestseller for fans of *The Rosie Project*, *The Solitude of Prime Numbers*, and *A Man Called Ove*, that sometimes love is hiding in the smallest characters.
