Quaderno Walter de Gruyter
In recent years, critical interest in francophone literature has become increasingly pronounced. In the case of the French Caribbean, the work of several writers (Aime Cesaire, Frantz Fanon, Edouard Glissant and Patrick Chamoiseau, for example) has gained international recognition, and has formed a vital part of more general debates on history, culture, language and identity in the post colonial world. The majority of such writers, however, have been male and, perhaps recalling the preference that France has always shown for the island, have come in large

part from Martinique. Mapping a Tradition: Francophone Women's Writing from Guadeloupe aims to explore a different side of francophone Caribbean writing through the examination of selected novels by Jacqueline Manicom, Michele Lacrosil, Maryse Conde, Simone Schwarz-Bart and Dany Bebel-Gisler. Placing the work of these writers in the context of that of their better-known, male counterparts, this study argues that it has provided an important mode of intervention in, and disruption of, a literary tradition which has failed to address questions of sexual difference and has often excluded issues relating to French Caribbean women. At the same time, this study suggests that Guadeloupean women's writing of the last thirty years may be seen to

constitute a 'tradition' in itself, replete with its own influences and inheritances. At once within, and outside the 'dominant' tradition, women's writing from Guadeloupe - and Martinique - has come to occupy a position at the forefront of contemporary efforts to expand and redefine a still-burgeoning corpus of literary and theoretical work. *Speech Acts in Argumentative Discussions* Columbia University Press

They came to Maine for a job or to reunite with their family or because they fell in love or to attend college here or to flee persecution in their homelands. Although the twenty-five immigrants who tell their stories had widely varying reasons for coming to Maine, many have made remarkable contributions to the state. Some contribute high-level skills in

medicine, engineering, academia, law, public-school education, hotel management, and social services. Others have enriched the state's arts and sports worlds. Several are used to going back and forth across borders, either as transnational professionals or as migrant workers. About one-third of these immigrants are successful entrepreneurs. As you will find out, the journeys of these immigrants have not been easy, but all of them are glad they wound up in this state and are proud of their new identities as Mainers.

In *Socialism of Fools*, Michele Battini focuses on the critical moment during the Enlightenment in which anti-Jewish stereotypes morphed into a sophisticated, modern social anti-Semitism. He recovers the potent anti-Jewish, anticapitalist propaganda that cemented the idea of a Jewish conspiracy in the European mind and connects it to the atrocities that characterized the Jewish experience in the nineteenth and twentieth centuries. Beginning in the eighteenth century, counter-Enlightenment intellectuals and intransigent Catholic writers singled out Jews for conspiring to exploit self-sustaining markets and the liberal state. These ideas spread among socialist and labor movements in the nineteenth century and intensified during the Long

Depression of the 1870s. Anti-Jewish anticapitalism then migrated to the Habsburg Empire with the Christian Social Party; to Germany with the Anti-Semitic Leagues; to France with the nationalist movements; and to Italy, where Revolutionary Syndicalists made anti-Jewish anticapitalism the basis of an alliance with the nationalists.

Exemplified best in the *Protocols of the Elders of Zion*, the infamous document that "leaked" Jewish plans to conquer the world, the Jewish-conspiracy myth inverts reality and creates a perverse relationship to historical and judicial truth. Isolating the intellectual roots of this phenomenon and its contemporary resonances, Battini shows us why, so many decades after the Holocaust, Jewish people continue to be a powerful

political target.

As a work of popular culture, an innovative television series and a media phenomenon, 'The Sopranos' has made an impact throughout the world. This text investigates both the wide appeal and controversial reception of this highly-debated drama.

Mapping a Tradition Northwestern University Press

This book examines the Kemalist ideology of Turkey from two perspectives. It discusses major problems in the existing interpretations of the topic and how the incorporation of Soviet perspectives enriches the historiography and our understanding of that ideology. To address these questions, the book looks into the

origins, evolution, and transformational phases of Kemalism between the 1920s and 1970s. The research also focuses on perspectives from abroad by observing how republican Turkey and particularly its founding ideology were viewed and interpreted by Soviet observers. Paying more attention to the diplomatic, geopolitical, and economic complexities of Turkish-Soviet relations, scholars have rarely problematized those perceptions of Turkish ideological transformations. Looking at various phases of Soviet attitudes towards Kemalism and its manifestations through the lenses of Communist leaders, party functionaries, diplomats and scholars, the book illuminates the underlying dynamics of Soviet interpretations.

Dirty Work 2 UNESCO

"Jazz, aliens, and witchcraft collide in this collection of short stories by renowned author Emmanuel Dongala. The influence of Kongo culture is tangible throughout, as customary beliefs clash with party conceptions of scientific and rational thought. In the first half of *Jazz and Palm Wine*, the characters emerge victorious from decades of colonial exploitation in the Congo only to confront the burdensome bureaucracy, oppressive legal systems, and corrupt governments of the post-colonial era. The ruling political party attempts to impose order and scientific thinking while the people struggles to deal with drought, infertility, and impossible regulations and policies; both sides mix witchcraft, diplomacy, and violence in their efforts to survive. The second half

of the book is set in the United States during the turbulent civil rights struggles of the 1960s. In the title story, African and American leaders come together to save the world from extraterrestrials by serving vast quantities of palm wine and playing American jazz. The stories in *Jazz and Palm Wine* prompt conversations about identity, race, and co-existence, providing contextualization and a historical dimension that is often sorely lacking. Through these collisions and clashes, Dongala suggests a pathway to racial harmony, peaceful co-existence, and individual liberty through artistic creation"--Back cover

Turkey, the Great Powers, and the Bagdad Railway: A study in imperialism
Walter de Gruyter

"Turkey, the Great Powers, and the Bagdad Railway: A study in imperialism" by Edward Mead Earle. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that

need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Oeuvres completes de Bartolomeo Borghesi publiees par les ordres et auxfrais de S. M. l'Empereur Napoleon 3
Tilbury House Pub

Strategic nonviolent action has reasserted itself as a potent force in shaping public debate and forcing political change. Whether it is an explosive surge of protest calling for racial justice in the United States, a demand for democratic reform in Hong Kong or Mexico, a wave of uprisings against dictatorship in the Middle East,

or a tent city on Wall Street that spreads throughout the country, when mass movements erupt onto our television screens, the media portrays them as being as spontaneous and unpredictable. In *This is an Uprising*, political analysts Mark and Paul Engler uncover the organization and well-planned strategies behind such outbursts of protest, examining core principles that have been used to spark and guide moments of transformative unrest. *This is an Uprising* traces the evolution of civil resistance, providing new insights into the contributions of early experimenters such as Mohandas Gandhi and Martin Luther King Jr., groundbreaking theorists such as Gene Sharp and Frances Fox Piven, and contemporary practitioners who have toppled repressive regimes in

countries such as South Africa, Serbia, and Egypt. Drawing from discussions with activists now working to defend human rights, challenge corporate corruption, and combat climate change, the Englers show how people with few resources and little influence in conventional politics can nevertheless engineer momentous upheavals. Although it continues to prove its importance in political life, the strategic use of nonviolent action is poorly understood. Nonviolence is usually studied as a philosophy or moral code, rather than as a method of political conflict, disruption, and escalation. *This is an Uprising* corrects this oversight. It argues that if we are always taken by surprise by dramatic outbreaks of revolt, and if we decline to incorporate them

into our view of how societies progress, then we pass up the chance to fully grasp a critical phenomenon—and to harness its power to create lasting change.

Social Struggles in Archaic Rome Good Press

How the Radical Enlightenment inspired and shaped the French Revolution
Historians of the French Revolution used to take for granted what was also obvious to its contemporary observers—that the Revolution was shaped by the radical ideas of the Enlightenment. Yet in recent decades, scholars have argued that the Revolution was brought about by social forces, politics, economics, or culture—almost anything but abstract notions like liberty or equality. In *Revolutionary Ideas*, one

of the world's leading historians of the Enlightenment restores the Revolution's intellectual history to its rightful central role. Drawing widely on primary sources, Jonathan Israel shows how the Revolution was set in motion by radical eighteenth-century doctrines, how these ideas divided revolutionary leaders into vehemently opposed ideological blocs, and how these clashes drove the turning points of the Revolution. In this compelling account, the French Revolution stands once again as a culmination of the emancipatory and democratic ideals of the Enlightenment. That it ended in the Terror represented a betrayal of those ideas—not their fulfillment.

This widely respected study of social conflicts between the patrician elite and the plebeians in the first centuries of the Roman republic has now been enhanced by a new chapter on material culture, updates to individual chapters, an updated bibliography, and a new introduction. Analyzes social conflicts between patricians and plebeians in early republican Rome Includes chapters by leading scholars from both sides of the Atlantic illuminating social, economic, legal, religious, military, and political aspects as well as the reliability of historical sources Contributors have written addenda for the new edition,

updating their chapters in light of recent scholarship

Les grans decades Bold Type Books
"Murder, lust, shame, hypocrisy, and suicide are at the center of The Guiltless, Hermann Broch's postwar novel about the disintegration of European society in the three decades preceding the Second World War. Broch's characters - an apathetic man who can barely remember his own name; a high-school teacher and his lover who return from the brink of a suicide pact to carry on a dishonest relationship; Zerline, a lady's maid who enslaves her mistresses, prostitutes the young country girl Melitta, and metes out her own justice against the "empty wickedness" of her betters - are trapped in their indifference, prisoners of a sort of

"wakeful somnolence." These men and women may mention the "imbecile Hitler," yet they prefer a nap or sexual encounter to any social action. Broch thought the kind of ethical perversity and political apathy exhibited by his characters paved the way for Nazism. He believed in the purifying power of writing and hoped that by revealing Germany's underlying guilt he could purge indifference from his own and future generations. In *The Guiltless*, Broch captures how apathy and ennui - very human failings - evolve into something

dehumanizing and dangerous." --Book Jacket.
