Saudi Arabia
is a wealthy
and powerful
country which
wields
influence in

the West and
across the
Islamic world.
Yet it remains
a closed
society. Its
history in the
twentieth

After the
collapse of the
Ottoman
Empire, Ibn
Sa'ud fought a
long campaign
to bring
together a
disparate
people from
across the
Arabian
peninsula. In

1932 the Kingdom of Saudi Arabia was born. Madawi al-Rasheed traces its extraordinary history from the age of emirates in the nineteenth century, through the 1990 Gulf War, to the present day. She fuses chronology with analysis, personal experience with oral histories, and draws on local and foreign documents to illuminate the social and cultural life of the Saudis. This is a rich

 What is it like to be known as Mansoor Ali Khan Pataudi's daughter? Or to have a mother as famous as Sharmila Tagore? Or to be recognized as Saif Ali Khan's sister? Or as Kareena Kapoor's sister-in-law? And where do I stand among them? Actor Soha Ali Khan's debut book is at heart a brilliant collection of personal essays where

she recounts with self-deprecating humour what it was like growing up in one of the most illustrious families of the country. With never before published photos from her family's archives, *The Perils of Being Moderately Famous* takes us through some of the most poignant moments of Soha's life- from growing up as a modern-day princess and her days at Balliol College to life as a celebrity in

the times of social media culture and finding love in the most unlikely of places- all with refreshing candour and wit.

 How do you deal with the most difficult moments in your life? Every experience that we go through changes us and helps us grow. As we learn to laugh and cry, win and lose, share and care, the

meaning of life and true happiness unfolds before us. Known for his bold forays into Bollywood, Emraan Hashmi walks us through his memories that have shaped him—from a confused teenager who dabbled in a variety of things to finding his calling to the suave, smart and unorthodox actor he has become today. At the heart of his story lies the most important and transformative

experience of his life—the period when his son, Ayyan, was battling with cancer. It reveals the man behind the limitless charm of Emraan Hashmi and how he dealt with his son's illness. A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE
As seen on Netflix with David Letterman "I come from a country that was created at midnight. When I almost died it was just after midday." When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai

refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern

Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter

to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world.
Mumbai
Fables Little, Brown
 Starting from the catastrophic floods and terrorist attacks of recent years, Prakash reaches back to the sixteenth-century

Portuguese conquest to reveal the stories behind Mumbai's historic journey. Examining Mumbai's role as a symbol of opportunity and reinvention, he looks at its nineteenth-century development under British rule and its twentieth-century emergence as a fabled city on the sea. Different layers of urban experience come to light as he recounts the narratives of the

Nanavati murder trial and the rise and fall of the tabloid Blitz, and Mumbai's transformation from the red city of trade unions and communists into the saffron city of Hindu nationalist Shiv Sena. Starry-eyed planners and elite visionaries, cynical leaders and violent politicians of the street, land sharks and underworld dons jostle with ordinary citizens and poor

immigrants as the city copes with the dashed dreams of postcolonial urban life and lurches into the seductions of globalization. -

Written in English by a Japanese scholar in 1906, "The Book of Tea" is an elegant attempt to explain the philosophy of the Japanese Tea Ceremony, with its Taoist and Zen Buddhist roots, to a Western

audience in clear and simple terms. One of the most widely-read English works about Japan, it had a profound influence on western undersanding of East Asian tradition.

These tiny treasures of metaphysical and mythological knowledge serve as enlightening rubrics for understanding Indian tradition and theology.
Exquisitely illustrated, this series serves as a contemporary matrix for illuminating our human experience and offers insightful access into Eastern spirituality. In India, statues

of Ganesh are placed at the inner-gates of many temples, symbolizing his role as a keeper of sacred spaces. Here, pilgrims and passersby pay homage and seek his blessings. It is this symbolic presence at the entrance of our most holy places that makes Ganesh such a vital figure in our lives. Stationed at the threshold of sacredness and awareness, mediating between the possibility of the profound

and our often habitual, mundane perception of the world, Ganesh is the guiding force behind this very moment of experience - where desire meets possibility. Ganesh: Removing the Obstacles offers practical and meaningful interpretations of folk narratives and sacred texts concerning the larger-than-life elephant-headed god, Ganesh. James H. Bae is a practitioner of both Hindu

and Buddhist yoga systems. For years Bae has lived in India investing himself in his spiritual study and training as a monk. His primary areas of study include Oriental medicine, Hindu and Buddhist art, and Eastern philosophy and culture. The Swiss Family Robinson (Diversion Illustrated Classics)

Andrews McMeel Publishing This book of photography represents National Geographic's Photo Ark, a major cross-platform initiative and lifelong project by photographer Joel Sartore to make portraits of the world's animals -- especially those that are endangered. His message: to know these animals is to save them. Sartore intends to photograph every animal in captivity in the world. He

is circling the globe, visiting zoos and wildlife rescue centers to create studio portraits of 12,000 species, with an emphasis on those facing extinction. He has photographed more than 6,000 already and now, thanks to a multi-year partnership with National Geographic, he may reach his goal. This book showcases his animal portraits: from tiny to mammoth, from the

Sinha (SS) who achieved the impossible twice over. The youngest and the most pampered in a family of academics and doctors where four sons were named after the four brothers of the Ramayan, SS stood out defiantly different. He was born for applause and the limelight; he was besotted with Raj Kapoor and cinema. In the face of stiff opposition from disciplinarian father Bhuvaneshwar

Prasad Sinha, mother Shyama Devi's chhutka bauwa (little darling) set out for the Film Institute of India (now FTII) in Poona. Bombay was the next logical destination. Without Kapoorian good looks or any connection with the Hindi film industry, the unknown scarface from Patna went on to create history on celluloid. In politics too, with no known surname or family to power his

entry, he set a record as the first film star from India to be sworn-in as a Cabinet Minister. Quotes Anything But Khamosh: The Shatrughan Sinha Biography, is a rivetingly honest read that retraces the hurrahs and heartaches of India's most popular Bihari Babu. "Do not attempt to change him. Publishing "Portrait of the mid-size city of Chelyabinsk and how it is faring in the new Russia"-- *Only Ever Yours* New York : Holt, Rinehart and Winston Nicolás Guagnini: Theatre of the Self is a hybrid catalogue-reader based on the exhibition of the multi-threaded performances of Buenos Aires-born New York-based Guagnini. Many of these works, spanning from 2005 until

2019, have never been seen before or have not been seen since their original live presentation. Raised in Argentina during the "Dirty War" and violent military dictatorship, Guagnini moved to New York in the late 1990s and co-founded the film production company Union Gaucha Productions with Karin Schneider in 1997. In 2005 Guagnini became co-founder of

Orchard Gallery, an artist cooperative based on the Lower East Side. The work in Theatre of the Self is informed in part by autobiography, history, politics and through Guagnini's community itself. Some performances were participatory, some were not. But all were made polyvocally in collaboration with a group of artists with shared interests and concerns around

performance and the moving image including Ei Arakawa, Leigh Ledare, Jeff Preiss, Aura Rosenberg, Karin Schneider among others. This publication invites internationally acclaimed art historians, curators and artists to think about the material in Guagnini's work within a unique format. Readers of the publication will be interested in contemporary art, film, political

science, performance studies, and Latin American studies. The Stardust Affair Applewood Books In these delightfully candid musings about his life and his cinema, RGV reveals the man behind pioneering Telugu and Hindi films such as Shiva, Rangeela, Satya, Sarkar, Bhoot and Company. Discussing a wide range of subjects, from the influences and

circumstances that drew him to films to his cinematic techniques, his successful and unsuccessful films, his Bollywood idols, his relations with the media and the controversies dogging him, Guns & Thighs is as much about RGV's life and philosophy of life as about his films and the Indian film world. Characteristically, he pulls no punches, whether he's talking about movies, women or the

media. Even when it comes to his own films, he embraces his failures as much his successes and dissects them with rare honesty and humility. Refreshingly contrarian and politically incorrect, this book discloses a perspective as colourful and larger than life as Indian films. It is not for RGV fans alone but for all those passionate about cinema and the people associated with it.
