Djinn Simon and Schuster

"Nadja, " originally published in France in 1928, is the first and perhaps best Surrealist romance ever written, a book which defined that movement's attitude toward everyday life. The principal narrative is an account of the author's relationship with a girl in the city of Paris, the story of an obsessional presence haunting his life. The first-person narrative is supplemented by forty-four photographs which form an integral part of the work -- pictures of various "surreal" people, places, and objects which the author visits or is haunted by in Nadja's presence and which inspire

him to mediate on their reality or lack of it. "The Nadja of the book is a girl, but, like Bertrand Russell's definition of electricity as "not so much a thing as a way things happen, " Nadja is not so much a person as the way she makes people behave. She has been described as a state of mind, a feeling about reality, a kind of vision, and the reader sometimes wonders whether she exists at all. yet it is Nadja who gives form and structure to the novel.

A classic memoir that's gripping, funny, and ultimately unforgettable from the bestselling former National Ambassador of Books for Young People. A strong choice for summer reading—an engaging and powerful autobiographical exploration of growing up a so-called "bad boy" in Harlem in the 1940s. As a boy, Myers was quick-tempered and physically strong, always ready for a fight. He also read voraciously—he would check out books from the library and carry them home, hidden in brown paper bags in order to avoid other boys' teasing. He aspired to be a writer (and he eventually succeeded). But as his hope for a successful future diminished, the values he had been taught at home, in school, and in his community seemed worthless, and he turned to the streets and to his books for comfort. Don't miss this memoir by New York Times bestselling author Walter Dean Myers, one of the most important voices of our time.

In *A Continent for the Taking* Howard W. French, a veteran correspondent for *The New York Times*, gives a compelling firsthand account of some of Africa's most devastating recent history—from the fall of Mobutu Sese Seko, to Charles Taylor's arrival in Monrovia, to the genocide in Rwanda and the Congo that left millions dead. Blending eyewitness reportage with rich historical insight, French searches deeply into the causes of today's events, illuminating the debilitating legacy of colonization and the abiding hypocrisy and inhumanity of both Western and African political leaders. While he captures the tragedies that have repeatedly befallen Africa's peoples, French also opens our eyes to the immense possibility that lies in Africa's complexity, diversity, and myriad cultural strengths. The culmination of twenty-five years of passionate exploration and understanding, this is a powerful and ultimately hopeful book about a fascinating and misunderstood continent.

In this "charming memoir," a determined Francophile pursues fluency in the language he loves—and we read along to find out if it will ever love him back (Kirkus Reviews). William Alexander is more than a Francophile. He wants to be French. If only he could speak the language. In *Flirting with French*, Alexander eats, breathes, and sleeps au français. He travels to France, where mistranslations send him bicycling off in all sorts of wrong directions. At an immersion class in Provence where he faces the riddle of masculine breasts, feminine beards, and a turkey cutlet of uncertain gender, he wonders if he should've taken up golf instead. While playing hooky from grammar lessons and memory techniques, Alexander reports on the riotous workings of the

Académie Française, the centuries-old institution charged with keeping the language pure; explores the science of human communication, learning why it's harder for fifty-year-olds to learn a second language than it is for five-year-olds. Never giving up his quest for fluency, Alexander discovers that studying French may have had a far greater impact on his life than actually learning to speak it ever would. "Alexander proves that learning a new language is an adventure of its own—with all the unexpected obstacles, surprising breakthroughs and moments of sublime pleasure traveling brings." —Julie Barlow, author of *The Bonjour Effect*

Journey to the End of the Night Simon and Schuster
When it was published in 1932, this revolutionary first fiction redefined the art of the novel with its black humor, its nihilism, and its irreverent, explosive writing style, and made Louis-Ferdinand Celine one of France's--and literature's--most important 20th-century writers. The picaresque adventures of Bardamu, the sarcastic and brilliant antihero of *Journey to the End of the Night* move from the battlefields of World War I (complete with buffoonish officers and cowardly soldiers), to French West Africa, the United States, and back to France in a

style of prose that's lyrical, hallucinatory, and hilariously scathing toward nearly everybody and everything. Yet, beneath it all one can detect a gentle core of idealism.

An instant New York Times, Washington Post, and USA TODAY bestseller—based on the true story of the heroic librarians at the American Library in Paris during World War II—The Paris Library is a moving and unforgettable “ode to the importance of libraries, books, and the human connections we find within both” (Kristin Harmel, New York Times bestselling author). Paris, 1939: Young and ambitious Odile Souchet seems to have the perfect life with her handsome police officer beau and a dream job at the American Library in Paris. When the Nazis march into the city, Odile stands to lose everything she holds dear, including her beloved library. Together with her fellow librarians, Odile joins the Resistance with the best weapons she has: books. But when the war finally ends, instead of freedom, Odile tastes the bitter sting of unspeakable betrayal. Montana, 1983: Lily is a lonely teenager looking for adventure in small-town Montana. Her interest is piqued by her solitary, elderly neighbor. As Lily uncovers more about her neighbor's mysterious past, she finds that they share a love of language, the same longings, and the same intense

jealousy, never suspecting that a dark secret from the past connects them. "A love letter to Paris, the power of books, and

the beauty of intergenerational friendship" (Booklist), The Paris Library shows that extraordinary heroism can sometimes be found in the quietest places.
