A Passage to America: Notes of an Adopted Son is an anecdotal autobiography of Prof. Joseph M. Cheruvellil, a naturalized citizen of the United States. Submerged in this long narrative is a social history of three generations from British subjects in India to Baby Boomers and Millennials in America. Prof. Cheruvellil, who taught many years at St. Johns University in New York, is a Catholic in religion, a Hindu in culture, a conservative in politics, and an eclectic in taste. The book abounds with succinct comments on the major issues and potentates of the world from a global perspective. Education is its primary theme, geography and history its guides, and myths and legends its images.

Ecclesial Dimensions of East Syrian Liturgy Paulist Press

As Christianity has boomed in the non-Western world, several significant questions have emerged regarding how worship and culture relate. Charles Farhadian here presents a timely investigation of the interaction between culture and worship. Leading scholars -- experts in history, mission, culture, and liturgy -- offer diverse essays addressing worship in the context of worldwide Christianity. At the heart of Christian Worship Worldwide are several case studies from Africa, Asia, Latin America, and the Pacific that explore the contours of particular nations, cultures, and liturgical actions. These essays show how Christian plurality is most vividly exemplified in the context of worship, where language, song, culture, and indigenous theology come together. Contributors: M. L. A Simple Account of the World History 'Glimpses of the World History' is an account of the progress of the world through centuries and ages. This book is a collection of letters that Jawaharlal Nehru wrote to his daughter Indira when he was in various Indian prisons for three years. The letters were meant to introduce her to the world and its history. In the first few letters, Nehru expresses his sadness for not being able to be around his daughter and give her the materialistic gifts that other parents could but he promises to give her a gift that he could afford; in the form of knowledge and wisdom through words that come from the very core of his heart. Nehru wrote 196 letters and covered the history of mankind from 6000 BC to the time he was writing the letters. Tales of Empires A major part of these letters talks extensively about the rise and fall of empires around the world and development of civilizations as well. Nehru talks about the histories of every significant place ranging from Greece in the far West to China in the east. The book talks about the wars that were fought during these years and the greatest revolutions that overthrew established dynasties. Nehru has also written about the legendary leaders and kings who have walked the earth including right from Alexander the Great to Mahatma Gandhi. A Different View Unlike many other books that talk

more or less about particular history of specific cultures, this book is a panoramic view of the history of mankind. It talks about the barbarians as well as the well behaved societies in the far west. Nehru has written this book with lot of wit which makes it an interesting read.

This volume surveys the 'Syriac world', the culture that grew up among the Syriac-speaking communities from the second century CE and which continues to exist and flourish today, both in its original homeland of Syria and Mesopotamia, and in the worldwide diaspora of Syriac-speaking communities. The five sections examine the religion; the material, visual, and literary cultures; the history and social structures of this diverse community; and Syriac interactions with their neighbours ancient and modern. There are also detailed appendices detailing the patriarchs of the different Syriac denominations, and another appendix listing useful online resources for students. The Syriac World offers the first complete survey of Syriac culture and fills a significant gap in modern scholarship. This volume will be an invaluable resource to undergraduate and postgraduate students of Syriac and Middle Eastern culture from antiquity to the modern era.

"The Encyclopedia of Christianity is the first of a five-volume English translation of the third revised edition of Evangelisches Kirchenlexikon. Its German articles have been tailored to suit an English readership, and articles of special interest to English readers have been added. The encyclopedia describes Christianity through its 2000-year history within a global context, taking into account other religions and philosophies. A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries. Social and cultural coverage is given to such issues as racism, genocide, and armaments, while historical content shows the development of biblical and apostolic traditions. This comprehensive work, while scholarly, is intended for a wide audience and will set the standard for reference works on Christianity."--"Outstanding reference sources 2000", American Libraries, May 2000. Christians form the third largest religious community in India. How has this come about? There are many studies of separate groups: but there has so far been no major history of the three large groups - Roman Catholic, Protestant and Thomas Christians (Syrians). This work attempts to meet the need for such a history. It goes right back to the beginning and traces the story through the ups

and downs of at least fifteen centuries. It includes careful studies of the political and social background and of the non-Christian reactions to the Christian message. The narration is non-technical and should present few difficulties to the thoughtful reader; the more technical matters are dealt with in notes and appendices. This book will be of interest to all students of Church History and will also prove fascinating to many who are concerned with the development of Christianity as a world religion and in the dialogue between different forms of faith.

The *Oxford Handbook of Music and World Christianities* investigates music's role in everyday practice and social history across the diversity of Christian religions and practices around the globe. The volume explores Christian communities in the Americas, Europe, Africa, Asia, and Australia as sites of transmission, transformation, and creation of deeply diverse musical traditions. The book's contributors, while mostly rooted in ethnomusicology, examine Christianities and their musics in methodologically diverse ways, engaging with musical sound and structure, musical and social history, and ethnography of music and musical performance. These broad materials explore five themes: music and missions, music and religious utopias (and other oppositional religious communities), music and conflict, music and transnational flows, and music and everyday life. The volume as a whole, then, approaches Christian groups and their musics as diverse and powerful windows into the way in which music, religious ideas, capital, and power circulate (and change) between places, now and historically. It also tries to take account of the religious self-understandings of these groups, presenting Christian musical practice and exchange as encompassing and negotiating deeply felt and deeply rooted moral and cultural values. Given that the centerpiece of the volume is Christian religious musical practice, the volume reveals the active role music plays in maintaining and changing religious, moral, and cultural values in a long history of intercultural and transnational encounters.

Holy Qurbana Kramam Wm. B. Eerdmans Publishing

The Malankara Mar Thoma Syrian Church exists as a hybrid church by blending the Eastern liturgical elements of the Oriental Orthodox Church and the evangelical ideas of the Protestant Reformation of the sixteenth century. This Church is a bridging church, connecting Protestantism and Oriental Orthodoxy. The reformation in the Malankara Church (1836) instigated a new impetus for this church in constructing an ecclesial identity and pattern of mission. A major missiological imperative

employed by CMS missionaries in India was solely centered on the scripture. Against this popular understanding, the Mar Thoma Church, through its reformation process showed that liturgy can also be an imperative for mission. The translation and revision of the Eucharistic liturgy is the basic visible expression of reformation in the Malankara Church. Hence, this book explicitly places how the Eucharistic liturgy of the Mar Thoma Church is observed as the foundation for mission in its course of growth. In order to accomplish this objective, the writer has examined the historical evolution and the developmental process of the Eucharistic liturgy of the church, which is a revised version of the liturgy of St. James. In a nutshell, this study is an appraisal of various missiological themes reflected in the Eucharistic liturgy of the church. This study throws ample light on how the Mar Thoma Church integrated liturgy and evangelism in its course of development. The writer systematically illustrates how the church made a serious effort to bring missional themes employed in the liturgy into the practical realm by its ancillary organizations, convention gatherings, and sociocharitable works. This volume asserts that an emphasis on Eucharist-centred ecclesiology guides and motivates the church to enliven a mission-oriented life, which is crucial for accomplishing a relevant mission.

A companion to *Prayers of the Eucharist: Early and Reformed* The Churches of the East possess a sometimes bewildering array of Eucharistic prayers. *Essays on Early Eastern Eucharistic Prayer* offers a guide to the exploration of the principal prayers, and presents in a simple and succinct manner the current scholarship on the origins, development, and relationship of these particular prayers to other ancient prayers. As well as summarizing the state of research and suggesting directions for future study, these essays explain the history of these prayers, their relationship to one another, and reveal how and why early Christian prayers developed as they did. In this way *Essays on Early Eastern Eucharistic Prayers* produces a clear picture of the way early Eucharistic prayers emerged and grew in the Eastern Churches. *Essays on Early Eastern Eucharistic Prayers* serves as a companion to - and provides an extended commentary on the texts of early eastern Eucharistic prayers that are published in R.
