Wolfhilde's Hitler Youth Diary is the chronicle of a girl growing up in Munich during the most volatile time in world history. WHAT OTHERS HAVE SAID ABOUT THE DIARY For an in depth review of The Diary, please visit The Herald Palladium. Initially, the material upset me emotionally in an unexpected way. It took me some time to re-read the diary entries one by one to gain a calmer perspective. Of course, for 60 years or longer I have been aware of the strategies and tactics, the techniques and methods applied and utilized by the Nazi regime to contaminate and poison the minds and souls of people—beginning with children from the age of 10—with its fierce, all-embracing ideology. Never, before reading Wolfhilde's Hitler Youth Diary, have I been confronted with such massive, monstrous evidence as to what the Nazi regime was doing to us—and how they did it. What is presented here in the diary of a girl from 13 through 21 years of age is a textbook example—concrete evidence—of how they did it. Wolfgang Schleich, 1928-Journalist. Retired since 1990 from Radio Free Europe, where he worked for almost 35 years as a reporter, editor, traveling correspondent and head of the network's Berlin Bureau.

Ilse Ehlich was not a victim of the Holocaust or an Allied soldier fighting against Hitler and the Axis powers. She lived World War II Germany from an entirely different angle. Hers is the perspective of a good little girl who came home one day to find all but one of

the houses on her block completely bombed out; who, with the rest of the children in her school, was registered in the Hitler Youth without knowing what that meant; who struggled with her father's religion and rigidity at a time when there seemed little to have faith in; who in her mid-teens was sent to work in Alsace, and then imprisoned as a Nazi when the allies liberated France; who almost died in captivity, from hunger and illness. Ilse ultimately found herself in partnership with, and then married to, Hans-Rudolf Wever, a fellow traveler with whom she could build faith, family, career, and - as a result of writing her autobiography - a long-missing piece of her self.

'Whoever has the youth has the future. My teaching will be hard. Weakness will be knocked out of them. A violently active, dominating, brutal youth - that is what I am after.' - Adolf Hitler Between 1933 and 1945, the majority of Germany's children were members of the Hitlerjugend - Hitler Youth - the junior branch of the Nazi Party. Exploring the development, organization, education and indoctrination of the Hitler Youth, this book also looks at how people resisted it, as well as examining other Nazi youth groups, such as the Jungvolk and Bund Deutscher Mädel (League of German Girls). Much of the Hitler Youth training was in preparation for war, and the book examines the organization's combat role in World War II, fighting in Waffen-SS, army, air force and navy units, as well as anti-aircraft units, once the tide of war turned against Germany. From weekend camps and arts and crafts, to weapons training and the SS Hitlerjugend Division's fanatical efforts during the closing stages of World War II, to life for Hitler

Youth members after the edifice of Nazi Germany had collapsed, Hitler Youth is an expertly-written, accessible account of the indoctrination of a generation of Germans.

Between 1933 and 1945, more than three million children between the ages of seven and sixteen were taken from their homes and sent to Hitler Youth paramilitary camps to be toughened up and taught how to be obedient Germans. Separated from their families, these children often endured abuse by the adults in charge. This mass phenomenon that affected a whole generation of Germans remains almost undocumented. In this memoir, Jost Hermand, a German cultural critic and historian who spent much of his youth in five different camps, writes about his experiences during this period. Hermand also gives background into the camp's creation and development.

Between 1933 and 1945 the entire youth of Germany became a limb of the Nazi Party, educated and trained to serve the needs and desires of National Socialism in its quest to establish a 1,000-year Reich. Hitler Youth examines the manipulation and corruption of a whole generation of German youth under the Nazis: the various youth organizations, the Nazi education system, and how the

authorities gradually weaned children from their families. Includes a chapter on the military record of the infamous Hitlerjugend Division.

On November 9 and 10, 1938, Nazi leadership unleashed an unprecedented orchestrated wave of violence against Jews in Germany, Austria, and the Sudetenland, supposedly in response to the assassination of a Nazi diplomat by a young Polish Jew, but in reality to force the remaining Jews out of the country. During the pogrom, Stormtroopers, Hitler Youth, and ordinary Germans murdered more than a hundred Jews (many more committed suicide) and ransacked and destroyed thousands of Jewish institutions, synagogues, shops, and homes. Thirty thousand Jews were arrested and sent to Nazi concentration camps. Volume 17 of the Casden Annual Review includes a series of articles presented at an international conference titled "New Perspectives on Kristallnacht: After 80 Years, the Nazi Pogrom in Global Comparison." Assessing events 80 years after the violent anti-Jewish pogrom of 1938, contributors to this volume offer new cutting-edge scholarship on the event and its repercussions. Contributors include scholars from the United States, Germany, Israel, and the United Kingdom who represent a wide variety of disciplines, including history, political science, and Jewish and media studies. Their essays discuss reactions to the pogrom by victims and witnesses inside Nazi Germany as well as by foreign

journalists, diplomats, Jewish organizations, and Jewish print media. Several contributors to the volume analyze postwar narratives of and global comparisons to Kristallnacht, with the aim of situating this anti-Jewish pogrom in its historical context, as well as its place in world history.

'It's like being in a dream', commented Joseph Goebbels when he visited Nazi-occupied Paris in the summer of 1940. Dream and reality did indeed intermingle in the culture of the Third Reich, racist fantasies and spectacular propaganda set-pieces contributing to this atmosphere alongside more benign cultural offerings such as performances of classical music or popular film comedies. A cultural palette that catered to the tastes of the majority helped encourage acceptance of the regime. The Third Reich was therefore eager to associate itself with comfortable middle-brow conventionality, while at the same time exploiting the latest trends that modern mass culture had to offer. And it was precisely because the culture of the Nazi period accommodated such a range of different needs and aspirations that it was so successfully able to legitimize war, imperial domination, and destruction. Moritz Föllmer turns the spotlight on this fundamental aspect of the Third Reich's successful cultural appeal in this ground-breaking new study, investigating what 'culture' meant for people in the years between 1933 and 1945: for convinced National Socialists at one end of the spectrum, via the legions of the apparently 'unpolitical', right through to anti-fascist activists, Jewish people, and other victims of the regime at the other end of the spectrum. Relating the everyday

experience of people living under Nazism, he is able to give us a privileged insight into the question of why so many Germans enthusiastically embraced the regime and identified so closely with it.

Under the Blood Banner Pen and Sword
The Hitler Youth was essentially an army of fit, young Germans that Hitler had created, trained to fight for their country. They had the "choice" either to follow Nazi party orders or to face trial with the possibility of execution. This book is about a glimpse into the hidden world of life inside Nazi Germany for ordinary German citizens and Hitler's cherished Aryan youth. It is an

illuminating and unique perspective that must not be lost to the world. It is the account of how propaganda and fear are used on ordinary people to steal their souls and perpetrate genocide.

A "candid and revealing memoir shows a normal boy and a family at war and in its aftermath, determined to do what it took to survive . . . fascinating" (The Great War). When Adolf Hitler and the Nazi Party came into power in 1933, he promised the downtrodden, demoralized, and economically broken people of Germany a new beginning and a strong future. Millions flocked to his message, including a corps of young people called the Hitlerjugend—the Hitler Youth. By 1942 Hitler had transformed Germany into a juggernaut of war that swept over Europe and threatened to conquer the world. It was in that year that a nine-year-old Wilhelm Reinhard Gehlen, took the 'Jungvolk' oath, vowing to give his life for Hitler. This is the story of Wilhelm Gehlen's childhood in Nazi Germany during World War II and the awful circumstances which he and his friends and family had to endure during and following the war. Including a handful of recipes and descriptions of the strange and sometimes disgusting food that nevertheless kept people alive, this book sheds light on the truly awful conditions and the twisted, mistaken devotion held by members of the Hitler Youth—that it was their duty to do everything possible to save the Thousand Year Reich.

The Boy Who Dared Purdue University Press

This is a story of the unexpected. In *Destined to Witness*, Hans Massaquoi has crafted a beautifully rendered memoir -- an astonishing true tale of how he came of age as a black child in Nazi Germany. The son of a prominent African and a German nurse, Hans remained behind with his mother when Hitler came to power, due to concerns about his fragile health, after his father returned to Liberia. Like other German boys, Hans went to school; like other German boys, he swiftly fell under the Fuhrer's spell. So he was crushed to learn that, as a black child, he was ineligible for the Hitler Youth. His path to a secondary education and an eventual profession was blocked. He now lived in fear that, at any moment, he might hear the Gestapo banging on the door -- or Allied bombs falling on his home. Ironic, moving, and deeply human, Massaquoi's account of this lonely struggle for survival brims with courage and intelligence.

Wolfhilde's Hitler Youth Diary 1939-1946

Oxford University Press, USA

By any reckoning, the papacy of Pope Benedict XVI was extraordinary, with moments of high drama. Not the least of these was his resignation from office in February 2013, the first papal resignation in 500 years. But who is Joseph Ratzinger? In this definitive biography, based on meticulous historical research and many hours of taped interviews with his subject, Peter Seewald shows the exceptional circumstances in which the exceptionally talented son of a Bavarian policeman became the first German pope for 950 years. In this first volume, covering the years 1927-1965, we witness Joseph Ratzinger's early days, living above his father's police station. Ratzinger came to adulthood through the years of National Socialism. Though hostile to the rise of Hitler, his family knew well about Dachau and Ratzinger himself was conscripted into the Hitler Youth. Joseph Ratzinger proved to be a man of exceptional intellectual gifts and by the time of the Second Vatican Council (1962-1965) he was already noted as one of the outstanding intellects present and was nominated a 'peritus' or theological expert. This was also the time of the start of his friendship with the Swiss theologian Hans Küng who was to become his nemesis. Of his predecessor, Pope Francis has said: 'Pope Benedict was a great Pope, great for the penetration of his intelligence, great for his important contribution to theology, great for his love of the Church and human beings, great for his virtues and faith'. Even in this first volume, we begin to understand how this came to be true.
