When former public

president Harris Wofford  
soundly defeated former  
governor and U.S.  
Attorney General Dick  
Thornburgh for the U.S.  
Senate in a 1991 special

Pennsylvania election, it  
made national and  
international news, but  
few Pennsylvanians or  
Americans recognized his  
name. Yet Wofford had  
been a special assistant to  
President John F. Kennedy  
and was one of the  
founders of the Peace  
Corps. During the decade  
of struggle from

Montgomery to Memphis, he was and advisor to Martin Luther King, Jr. With independent views of his own, Harris Wofford was witness from within the White House to the bright and the dark side of the Kennedy administration. Focusing on how the politics and ideas came together to shape critical decisions, Wofford's memoir captures the personal drama of the Kennedys and Martin Luther King as their characters were tested. Of Kennedys and Kings not only makes

sense of the sixties, but gives us a glimpse into the issues closest to the heart of one of America's most interesting senators. Wofford's vivid recollections and reflections shed light on the sixties and on the dramatic domestic and international politics of the era. Of Kennedys and Kings provides a timely reminder of what can be accomplished with leaders who are, with all their human feelings, committed to public service and responsible political action.

*SUMMARY Of Disloyal: A Memoir* Penguin  
His Roman-Catholic faith has been an enduring part of the life and personality of William Buckley, Jr. Now, for the first time since his ground breaking *God and the Man at Yale* he has written a book about faith--his own. *Nearer, My God, An Autobiography of Faith* is William Buckley's superbly written story of his life seen through his abiding love for the Catholic Church, a love instilled in him from childhood. He reminisces

about his school days in England, his family, the affect the Lunn/Knox dialogue had on him, and examines many aspects of Catholicism and its theology, doctrine and liturgy and on the way discourses about Lourdes, the vernacular mass, the Church and the State, the Crucifixion, the priesthood, contraception as well as the many people who have assisted him on his life's journey. A remarkable, revealing book about one man and his faith.

NEW YORK TIMES  
BESTSELLER Perhaps the most influential sovereign England has ever known, Queen Elizabeth I remained an extremely private person throughout her reign, keeping her own counsel and sharing secrets with no one--not even her closest, most trusted advisers. Now, in this brilliantly researched, fascinating new book, acclaimed biographer Alison Weir shares provocative new interpretations and fresh insights on this enigmatic figure. Against a lavish

backdrop of pageantry and passion, intrigue and war, Weir dispels the myths surrounding Elizabeth I and examines the contradictions of her character. Elizabeth I loved the Earl of Leicester, but did she conspire to murder his wife? She called herself the Virgin Queen, but how chaste was she through dozens of liaisons? She never married—was her choice to remain single tied to the chilling fate of her mother, Anne Boleyn? An enthralling epic that is also an amazingly

intimate portrait, *The Life of Elizabeth I* is a mesmerizing, stunning reading experience.

"I have a dream." When those words were spoken on the steps of the Lincoln Memorial on August 28, 1963, the crowd stood, electrified, as Martin Luther King, Jr. brought the plight of African Americans to the public consciousness and firmly established himself as one of the greatest orators of all time. Behind the Dream is a thrilling,

behind-the-scenes account of the weeks leading up to the great event, as told by Clarence Jones, co-writer of the speech and close confidant to King. Jones was there, on the road, collaborating with the great minds of the time, and hammering out the ideas and the speech that would shape the civil rights movement and inspire Americans for years to come.

"A fascinating, elegiac account" of the bond

between two of the Civil Rights Era's most important leaders—from the journalist and author of *Strange Fruit* (Chicago Tribune). With vision and political savvy, Martin Luther King, Jr. and Robert F. Kennedy set the United States on a path toward fulfilling its promise of liberty and justice for all. In *The Promise and the Dream*, Margolick examines their unique bond, both in life and in their tragic assassinations, just sixty-two days apart in 1968. Through original

interviews, oral histories, FBI files, and previously untapped contemporaneous accounts, Margolick offers a revealing portrait of these two men and the mutual assistance, awkwardness, antagonism, and admiration that existed between them. MLK and RFK cut distinct but converging paths toward lasting change. Even when they weren't interacting directly, they monitored and learned from one another. Their joint story, a story each

man took pains to hide during their lives, is not just gripping history but a window into the challenges we continue to face in America.

Complemented by award-winning historian Douglas Brinkley's foreword and more than eighty revealing photos by the foremost photojournalists of the period, *The Promise and the Dream* offers a compelling look at one of the most consequential but misunderstood relationships in our nation's history.

**The Adventures of Sherlock Holmes** Ballantine Books  
When Charles I was executed, his son made it his role to seek out retribution, producing the biggest manhunt Britain had ever seen, one that would span Europe and America and would last for thirty years. When he ascended to the throne in 1660 as Charles II, his search for revenge intensified, with show trials in London and assassination squads scouring foreign

countries. Many of the most senior figures in England were hanged, drawn and quartered; imprisoned for life; or consigned to a self-imposed exile, in constant fear of the assassin's bullet. History has painted the regicides and their supporters as fanatics, but among them were exceptional men, including John Milton, poetic genius and political propagandist; Oliver Cromwell's steely son-in-law, Henry Ireton; and the errant son of an earl, Algernon Sidney, whose

writings helped inspire the founders of the American Revolution. Cromwell himself was subjected to the most bizarre symbolic revenge when—though long-dead—his body was disinterred and beheaded. Set in an age of intrigue and betrayal, *The King's Revenge* brings these remarkable figures vividly to life in an engrossing tale of ambition, double agents, and espionage.

*My Grandfather's Son*

"A firsthand exploration of the cost of boarding the bus of change to move America forward-written by one of the Civil Rights Movement's pioneers. At 18, Charles Person was the youngest of the original Freedom Riders, key figures in the U.S. Civil Rights Movement who left Washington, D.C. by bus in 1961, headed for New Orleans. This purposeful mix of black and white, male and

female activists-including future Congressman John Lewis, Congress of Racial Equality Director James Farmer, Reverend Benjamin Elton Cox, journalist and pacifist James Peck, and CORE field secretary Genevieve Hughes-set out to discover whether America would abide by a Supreme Court decision that ruled segregation unconstitutional in bus depots, waiting areas, restaurants, and restrooms nationwide. The Freedom Riders found their answer. No.

Southern states would continue to disregard federal law and use violence to enforce racial segregation. One bus was burned to a shell; the second, which Charles rode, was set upon by a mob that beat the Riders nearly to death. *Buses Are a Comin'* provides a front-row view of the struggle to belong in America, as Charles leads his colleagues off the bus, into the station, into the mob, and into history to help defeat segregation's violent grip on African American lives. It is also a

challenge from a teenager of a previous era to the young people of today: become agents of transformation. Stand firm. Create a more just and moral country where students have a voice, youth can make a difference, and everyone belongs"--

Jacqueline Woodson's National Book Award and Newbery Honor winner is a powerful memoir that tells the moving story of her childhood in mesmerizing verse. A President Obama "O"

Book Club pick *Raised in South Carolina and New York*, Woodson always felt halfway home in each place. In vivid poems, she shares what it was like to grow up as an African American in the 1960s and 1970s, living with the remnants of Jim Crow and her growing awareness of the Civil Rights movement. Touching and powerful, each poem is both accessible and emotionally charged, each line a glimpse into a child's soul as she searches for her place in the world. Woodson's

eloquent poetry also reflects the joy of finding her voice through writing stories, despite the fact that she struggled with reading as a child. Her love of stories inspired her and stayed with her, creating the first sparks of the gifted writer she was to become. Includes 7 additional poems, including "Brown Girl Dreaming." Praise for

Jacqueline Woodson: "Ms. Woodson writes with a sure understanding of the thoughts of young people, offering a poetic, eloquent narrative that is not simply a story . . . but a mature exploration of grown-up issues and self-discovery."—The New York Times Book Review
