New discussion and examples of how Code Section 318 is used to determine who is a highly compensated employee or a key employee. Discussion of the increase in the Required Minimum Distribution (RMD) age (to age 72) that will affect individuals born after June 30, 1949. Examination of why the failure to remit employee contributions to an employee benefit plan may constitute a crime. Discussion of the new credit for qualified start-up costs for small employers that include an automatic enrollment feature in a SIMPLE IRA. Updated coverage of the increased retirement plan start-up cost credit amounts. Expanded

discussion of why SEP, SARSEP, and SIMPLE contributions, including any elective deferral payments paid during the tax year (regardless of the tax year of deductibility), are treated as part of the guaranteed payments for personal services so Form 1065 flows properly. Expanded discussion of what happens to uncorrected excess contributions in a SARSEP. Expanded discussion of the correction of excess SEP contributions that fail the 125 percent nondiscrimination test. Updated coverage of the submission procedure for VCP. Updated discussion of what happens if Code Section 415 limits are exceeded and what happens if the failure is not corrected. Update coverage of the saver's credit for low-income taxpayers. Discussion of recent events that may doom the EPCRS program and that could result in many more audits of SEPs and SIMPLE plans. Updated discussion of when the IRS will assist and employer or employee in determining whether the individual is an employee. Discussion of how a plan sponsor may authorize a representative to submit a VCP application. (See Q 17:26.) Revised coverage of the status of the DOL's revised definition of "fiduciary" rule. Discussion of the expanded definition of compensation for difficulty of care payments and for non-tuition fellowships and stipend payments. Examination of how the tax return due dates and revised extension periods will affect the establishment of a SEP for the prior year. The new due dates for making prior-year SEP and SIMPLE contributions are also discussed with revised charts. Updated discussion of the status of the Securities and Exchange Commission's attempt to regulate the delivery of investment advice by a broker-dealer. Discussion of the Rollover as Business Start-Ups

(ROBS) Compliance Project addressing promoters that aggressively market ROBs arrangements using IRS favorable determination letters. Discussion of why the \$57,000 limit under Code Section 415 is not prorated for an initial short plan year. Updated discussion on the use of electronic media. Updated discussion on combining SEP contributions with IRA contributions. Revised coverage of highly compensated employees with new examples of the ownership test and compensation test. Revised discussion of the eight contribution limits that may apply to a SEP plan. How the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) modified certain requirements for employer-provided retirement plans, IRAs, and other tax-favored savings accounts. In addition some value added services (data and video services) are under development or have already started as pilot projects. The new digital broadcast system DAB distinguishes itself from existing conventional broadcast systems, and the various new international standards and related documents (from ITU-R, ISO/IEC, ETSI, EBU, EUREKA147, and others) are not readily available and are difficult to read for users. Therefore it is essential that a well structured technical handbook should be available. Best in Show is a collection of photographs of well-groomed and award-winning dogs by New York City-based photographer Dolly Faibyshev. The images from the Westminster Kennel Club Dog Show and beyond focus on the unique—and often humorous—relationship between each dog and their handler. Dolly Faibyshev focuses on kitsch, irony, and the larger than life human and canine characters that make up Best in Show. The result is a colorful, vibrant, campy, and satirical take on this specific slice of Americana. • The colorful, closely cropped juxtapositions of each coiffed canine contestant and their dedicated human are both humorous and charming. • Sure to delight fans of all breeds of dogs • A universal and ideal book for all canine lovers with a sense of humor Best in Show captures a specific subculture of dog devotees primarily from the infamous Westminster Kennel Club Dog Show at Madison Square Garden in New York. • A perfect book for anyone who is completely and totally obsessed with dogs and the Westminster Kennel Club Dog Show • Photographers and contemporary art lovers will also love this celebration of Dolly Faibyshev's work • Great for fans of *The Dogist: Photographic Encounters with 1,000 Dogs* by Elias Weiss Friedman, *Dogs* by Lewis Blackwell and Tim Flach, and *Underwater Dogs* by Seth Casteel

Practical Watch Repairing

Here is a unique book. It describes the theories and processes of repairing and adjusting the modern watch in precise and meticulous detail: a thing which has never been done so completely before in the many books on the same subject. As a text book it is a revelation. Taking nothing for granted, except the ability to read and comprehend a simple description of mechanical processes, de Carle takes his reader through every stage and every operation of watch repairing ...and to deal with them thoroughly is quite a programme - it takes 300 pages containing 24 chapters, two appendices and 553 illustrations. The fine draughtsmanship and accurate technical detail of the illustrations set a

new standard. Practical Watch Repairing can justifiably claim to be the best illustrated book on practical horology yet issued, and one of the best of its kind on

any subject. The publication of the book marks the beginning of a new epoch in the study of the mechanics of horology.
