This book presents an up-to-date portrait of the characteristics of sport clubs in various European countries and their role in society and the national sport system. Furthermore, it offers a cross-national comparative perspective of sport clubs in twenty European countries. Containing both empirical data and information on the political and historical backgrounds of sport clubs, the book is organized in three parts. First, the authors provide an overview of the theoretical approach of the book and a description of the framework used for the country chapters. Second, the country chapters, written by experts within the field, provide a systematic overview of the available information on sport clubs in each country. These chapters are structured to answer the following questions: (1) What is the position of sport clubs within the national sport structure? (2) Which role do they fulfil in policy and society? (3) What are their basic characteristics and what factors influence the development of sport clubs? The book is concluded with a systematic comparison of the participating countries with the purpose of forging a clear link between the functioning of policy systems, observed problems, and possible solutions, and with a future research agenda on sport clubs. In an era of increased collaboration between European states, sport provides a natural vehicle through which to compare changes in culture, economics, and policy across nations. Sport Clubs in Europe will appeal

to scholars of nonprofit management, sports management and sports sociology as well as administrators and policy makers in the international sports community.

Diese Ausgabe von "Die Verzauberten" wurde mit einem funktionalen Layout erstellt und sorgfältig formatiert. Aus dem Buch: "Es macht den Eindruck, als wollte unser Direktor, der in Leid ergraute Komödiant, die Ritterstiefel anziehen. Aus Spielplanverzweiflung hat er eine alte Posse neu inszeniert und das ist schon fast ein Akt der Notwehr. Sein Theater, bekennen wir es offen, sein alter Musenstall wackelt wie ein fauler Zahn; der Kuckuck geht um, Gott weiß es, daß ich recht habe. Der Kollege Hurrle, altes Roß und Charakterkomiker, Kreatur unter diesen Sternen, die schon mit allen widrigen Winden gesegelt ist, Kollege Hurrle und ich, ein junger Kerl mit Baßgeigen am Himmel, wir haben die Hauptrollen: zwei Handwerksburschen; zwei Pennbrüder und Kornhasen. Lustige Rollen und immer noch gut hinzulegen, wenn man auch nur ein Stück Leberkäse im Magen hat. Beim Satan, der Stall ist gut besetzt; es wimmelt nur so in Logen und Rängen. Ich glaube, das Völkchen wittert eine neue Hinrichtung. Wissen sie am Ende, daß wir schon seit Wochen keine Gage mehr gerochen haben, daß der Fundus gepfändet ist und die Vollstreckungszündschnüre überall glimmen? "Es gibt Wunder," meint treuherzig unsere Naive und heult in die frische Schminke hinein, "glaubt mir, es gibt Wunder. Denkt an die Auferweckung des Lazarus. Und Jesus hat aus Wasser Wein gemacht, und mit einem Brot viele Tausende gespeist. Es gibt Wunder." Man sieht, unsere Naive ist bibelfest. Roland Betsch (1888-1945) war ein deutscher Ingenieur, Schriftsteller, Erzähler und Dramatiker.

Geschichte Des Achtzehnten Jahrhunderts in Gedrängter Uebersicht BoD – Books on Demand

In 1872 in the treaty port of Shanghai, British merchant Ernest Major founded one of the longest-lived and most successful of modern Chinese-language newspapers, the Shenbao. His publication quickly became a leading newspaper in China and won praise as a "department store of news," a "forum for intellectual discussion and moral challenge," and an "independent mouthpiece of the public voice." Located in the International Settlement of Shanghai, it was free of government regulation. Paradoxically, in a country where the government monopolized the public sphere, it became one of the world's most independent newspapers. As a private venture, the Shenbao was free of the ideologies that constrained missionary papers published in China during the nineteenth century. But it also lacked the subsidies that allowed these papers to survive without a large readership. As a purely commercial venture, the foreign-managed Shenbao depended on the acceptance of educated Chinese, who would write for it, read it, and buy it. This book sets out to analyze how the managers of the Shenbao made their alien product acceptable to Chinese readers and how foreign-style newspapers became alternative modes of communication acknowledged as a powerful part of the Chinese public sphere within a few years. In short, it describes how the foreign Shenbao became a "newspaper for China."

Grundsätze und Forderungen Der Sozialdemokratie Joel Baseley

Social differences in health and mortality constitute a persistent finding in epidemiological, demographic, and sociological research. It is a topic that is much discussed in the current political debate and it is among the most urgent public health issues. However, we still do not know whether socioeconomic mortality differences increase or decrease with age. This book provides a comprehensive, critical discussion of all aspects involved in the relationship between socioeconomic status, health and mortality. It synthesizes the sociological theory of social inequality and an empirical study of mortality differences that has been conducted by the Max Planck Institute for Demographic Research (Rostock, Germany). This study is the most comprehensive analysis of socioeconomic mortality differences in the literature, both in terms of quantity and quality of data, and in terms of the statistical method used: that of event-history modeling.

Hartmut Böhme's study of fetishism spans all the way from Christian image magic in the Middle Ages to fetishistic practices in fashion, advertising, sport and popular culture today. In it he provides a thorough exploration of religion, magic, idolatry, sexuality and consumption, charting the mental, scientific and artistic processes through which fetishism became a central category in European culture's account of itself.

This introduction to systemic organisational consulting addresses a readership from a wide range of professions. The authors, consultants with the renowned Vienna-based Königswieser & Network GmbH, describe their integrated approach to business and systemic process consulting for the commercial and non-profit sectors. The book contains chapters that deal with the basic principles of this approach, the specific kind of systemic intervention, consulting in difficult situations, as well as the future of organisational development and consulting. It is complemented by articles focusing on topics including personnel cutbacks, corporate governance practices, and executive coaching at the individual and team levels. "We have experienced many different consulting approaches and forms of management training in the past, but the work done by Königswieser & Network was truly remarkable. It is largely thanks to them that the employees involved in the project in our organization are now highly motivated, raring to go and brimming with enthusiasm." Wilhelm Braun, Eurovia Services

Same-sex relationships have always existed and will always exist. That is normal. For several years, social research has dealt extensively with same-sex partnerships of lesbian and gay couples as well as with homosexuality and the coming-out of young Lesbians and Gays. This Handbook and Compendium "Committed Sensations" is not only about help and ways for a personal coming-out and a successful identity development with regard to everyday questions like how to build up a network of queer friends, but at the political level it also summarizes topics like e.g. gay-lesbian family politics, state marriage and church weddings - and as well it is about fostering discussions for the central keynotes of lesbian and gay couples within the last 50 years of gay-lesbian movement.
