LLOYD BRENNAN

Routledge French Technical Dictionary Dictionnaire technique anglais Routledge

Analysing a period of 'hidden history', this book tracks the fate of the English Jesuits and their educational work through three major international crises of the eighteenth century: · the Lavalette affair, a major financial scandal, not of their making, which annihilated the Society of Jesus in France and led to the forced flight of exiled English Jesuits and their students from France to the Austrian Netherlands in 1762; · the universal suppression of the Jesuit order in 1773 and the English Jesuits' remarkable survival of that event, following a second forced flight to the safety of the Principality of Liège; · the French Revolution and their narrow escape from annihilation in Liège in 1794, resulting in a third forced flight with their students, this time to England. Despite repeated crises, huge adversity and multiple losses of personnel, property and educational goods, including significant libraries, the suppressed English Jesuits reconfigured themselves. Modernising their curriculum, they influenced the development of Jesuit education not only in the United Kingdom, but also in the nascent United States of America: in 1789, their influence contributed to the founding of Georgetown Academy, which later developed into the present-day Georgetown University in Washington, DC. English Jesuit Education is a unique story of educational survival and development against seemingly impossible odds, drawing on hitherto largely unexplored material in a wide range of archives.

Perfectionnement Anglais OUP Oxford

The Vocabulary of Modern French provides a fresh insight into contemporary French. With this book, Hilary Wise offers the first comprehensive overview of the modern French vocabulary: its historical sources, formal organisation and social and stylistic functions. Topics covered include: * external influences on the language * word formation * semantic change * style and register In addition, the author looks at the relationship between social

and lexical change and examines attempts at intervention in the development of the language. Each chapter is concluded by notes for further reading, and by suggestions for project work which are designed to increase awareness of specific lexical phenomena and enable the student-reader to use lexicographic databases of all kinds. The Vocabulary of Modern French is an accessible and fascinating study of the relationship between a nation and its language, as well as providing a key text for all students of modern French.

Current Index to Journals in Education, Semi-Annual Cumulation, July-December, 1976 Routledge

This companion volume to the Dictionary of European Anglicisms and English in Europe (also edited by Professor Görlach) provides a critical bibliography of works concerned with the import of English words and phrases into sixteen European languages. The book covers an international range of foreign-word dictionaries, etymological dictionaries, and general dictionaries; books and articles devoted to the influence of English on the language in question; works restricted to individual levels of influence (e.g. phonology, morphology, etc.); works dealing with the English influence in specific fields, in individual styles, regions, or social classes; corpus-oriented studies; and major works documenting earlier influences of English.

Engels in de praktijk is gebaseerd op een origineel idee : de Engels-Amerikaanse taal voorstellen als een internationale taal, een wendbare en kneedbare taal, een middel waarmee in de wereld van vandaag veel gewerkt wordt en waaraan men heel wat plezier heeft. Een overzicht van Brits en Amerikaans Engels, dat een goede basiskennis van het Engels vraagt.

English Jesuit Education R. R. Bowker

This is the 32nd edition of the publication which contains over 2,500 entries giving information about post-secondary education and training opportunities in all academic and professional fields in 147 countries for years 2004 and 2005. It has a special focus on distance education, including open and distance learning (ODL) with an annotated listing of online directories and databases of ODL courses worldwide. Information is also given on courses, scholarships and financial assistance available to foreign students, recognition of studies and diplomas obtained abroad, and key issues students should consider before embarking on higher education study. The text is written in English, French and Spanish.

Dictionary of French and English, English and French R. R. Bowker

"It was the best of times. It was the worst of times. " The famous opening sentence of Charles Dickens' Tale of Two Cities can serve as a motto to characterize the mixture of optimism and pessimism with which a large number of nineteenth-century intellectuals viewed the condition of their age. It is nowadays hardly necessary to accentuate the optimistic elements in the nineteenth-century view of history; many recent historians have sharply contrasted the complacency and the great expectations of the past century with the fears and anxieties rampant in our

own age. It is often too readily assumed that a hundred years ago all leading thinkers as well as the educated public were addicted to the cult of progress and ignored or minimized those trends of their times that paved the way for the catastrophes of the twentieth century. In the nineteenth century the intoxicating triumphs of modern science undeniably induced the general public to believe that progress was not an accident but a necessity and that evil and immorality would gradually disappear. Yet fears, misgivings, and anxieties were not as exceptional in the nineteenth century as is often imagined. Such feelings were not restricted to a few dissenting philosophers and poets like Schopenhauer, Kierkegaard, Dostoevsky, Baudelaire, and Nietzsche.

International Labor Conference Routledge

Vous avez atteint un niveau de conversation courante en anglais avec la méthode Assimil ou par un autre moyen ? Il est temps de consolider vos acquis pour pouvoir passer à la vitesse supérieure et acquérir une aisance réelle : maîtriser les subtilités de l'anglais, les tournures idiomatiques, écrire sur des sujets complexes, comprendre un film sans sous-titrages... En 70 leçons et 130 exercices pratiques, ce coffret de perfectionnement anglais vous permet une autonomie correspondant au niveau C1 du cadre européen de référence des langues. Qu'est-ce que la méthode Assimil ? Cette méthode d'auto-apprentissage révolutionnaire repose sur un principe simple et efficace : l'assimilation intuitive. Elle s'inspire du processus naturel qui permet à chacun d'acquérir sa langue maternelle. Grâce à un ensemble pédagogique composé de dialogues vivants, de notes simples et d'exercices, vous parlerez sans effort ni hésitation de manière très naturelle. Les 3 raisons qui garantissent l'efficacité de la méthode : 1, la méthode a fait ses preuves depuis plus de 85 ans ; 2, elle permet

vraiment d'apprendre une langue en quelques mois ; 3, elle repose sur un principe unique, confirmé par les sciences cognitives. Nos points forts : un choix de textes littéraires & journalistiques ; un apport considérable en vocabulaire ; les tournures et expressions idiomatiques indispensables ; les outils essentiels pour approfondir vos connaissances grammaticales ; des révisions systématiques ; un style humoristique unique et éprouvé. Ce pack contient : 1 livre de 648 pages et 70 leçons ; 4 CD audio de 3 h 30 d'enregistrements ; 1 clé USB de 1838 enregistrements mp3 réalisés par des comédiens britanniques. Practical English, a Scholastic Magazine Macmillan Reference USA It is widely held that the large-scale translation of international news from English will lead to changes in French syntax. For the first time this assumption is put to the test using extensive fieldwork carried out in an international news agency and a corpus of translated news agency dispatches. The linguistic analysis of three syntactic structures in the translations is complemented by an investigation of the effects of a range of factors including, most notably, the speed at which the translation is carried out. The analysis sheds new light on the ways in which news translation could lead to syntactic borrowing in French, and by extension, in other languages.

Books in Print

The empirical and descriptive strengths of sociolinguistics, developed over more than 40 years of research, have not been matched by an active engagement with theory. Yet, over this time, social theorising has taken important new turns, linked in many ways to linguistic and discursive concerns. Sociolinguistics and Social Theory is the first book to explore the interface between sociolinguistic analysis and modern social theory. The book sets out to reunite sociolinguistics with the concepts and perspectives of several of the most influential modern theorists of

society and social action, including Bakhtin, Foucault, Habermas, Sacks, Goffman, Bourdieu and Giddens. In eleven newly commissioned chapters, leading sociolinguists reappraise the theoretical framing of their research, reaching out beyond conventional limits. The authors propose significant new orientations to key sociolinguistic themes, including - social motivations for language variation and change - language, power and authority - language and ageing - language, race and class - language planning In substantial introductory and concluding chapters, the editors and invited discussants reassess the boundaries of sociolinguistic theory and the priorities of sociolinguistic methods. Sociolinguistics and Social Theory encourages students and researchers of sociolinguistics to be more reflexively aware and critical of the social bases of their analyses and invites a reassessment of the place sociolinguistics occupies in the social sciences generally.

National Union Catalog

A book that lists French language words and gives their equivalent in English, and English language words with their equivalent in French.

The Vocabulary of Modern French

The French-English volume of this highly acclaimed set consists of some 100,000 keywords in both French and English, drawn from the whole range of modern applied science and technical terminology. Covers over 70 subject areas, from engineering and chemistry to packaging, transportation, data processing and much more.
