Our Kind of People Penguin
 AMERICAN HEIRESSES TAKE ON THE PEERAGE. In 1895 nine American girls, including a Vanderbilt (railroads), LaRoche (pharmaceuticals), Rogers (oil), and Whitney (New York trolleys), married peers of the British realm—among them, a duke, an earl, three barons, and a knight. It was the peak year of a social phenomenon that began in the Gilded Age after the Civil War, and handed down the legacy of Anglomania, preppies, and the world of the television series, *Downton Abbey*. In all, more than 100 American heiresses invaded Britannia and swapped dollars for titles. Filled with a wealth of historical personalities, grand houses, gossip anecdotes, and a feature called *comme il faut*—the very finest points of etiquette that ruled Victorian and Edwardian society—*To Marry an English Lord* is their story. Filled with vivid personalities, gossip anecdotes, grand houses, and a wealth of period details—plus photographs, illustrations, quotes, and the finer points of Victorian and Edwardian etiquette—*To Marry An English Lord* is social history at its liveliest and most accessible.

Caste MIT Press
 The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

Our Kind of People Simon and Schuster
 Fans of *Bridgerton* will love this “exuberant novel of manners for our own gilded age” (Stacy Schiff, author of *Cleopatra*) as we follow the Wilcox family’s journey through riches and ruin. Among New York City’s Gilded Age elite, one family will defy convention. Helen Wilcox has one desire: to successfully launch her daughters into society. From the upper crust herself, Helen’s unconventional—if happy—marriage has made the girls’ social

position precarious. Then her husband gambles the family fortunes on an elevated railroad that he claims will transform the face of the city and the way the people of New York live, but will it ruin the Wilcoxes first? As daughters Jemima and Alice navigate the rise and fall of their family—each is forced to re-examine who she is, and even who she is meant to love. From the author of *To Marry an English Lord*, an inspiration for *Downton Abbey*, comes a charming and cutthroat tale of a world in which an invitation or an avoided glance can be the difference between fortune and ruin.

 A business novel features Percy McGee, a manager who learns to recognize bias in the workplace and encourage the strengths of his diverse staff

Contemporary Political Thought Beacon Press
 Reign is convinced that Nate is the perfect guy for her. That’s until Micah walks into her Mom’s restaurant looking for a job. Now Reign can’t seem to stop her heart from yearning for the guy with the mysterious sea blue eyes and melting smile. Micah is all but perfect. He’s spent eight months in a juvenile detention center back in Colorado for his unintentional involvement in a crime. Now at nineteen and hoping to escape his ghosts, he lands a part-time job working at a seaside restaurant in Newport, Rhode Island where he meets the irresistible Reign. He can’t help the way he feels whenever he’s around her, but she’s already taken and Micah doesn’t want to disrupt her life or get himself in anymore trouble. But then his attraction for Reign proves too strong to deny, and Micah finds that he just might discover a reason to stop running.

Speak No Evil Harper Collins
 A celebrated writer on contemporary art and queer culture argues that Andy Warhol’s films enable us to see differently, and to see a different world. “We didn’t think of our movies as underground or commercial or art or porn; they were a little of all of those, but ultimately they were just ‘our kind of movie.’” —Andy Warhol
 Andy Warhol was a remarkably prolific filmmaker, creating more than 100 movies and nearly 500 of the film portraits known as Screen Tests. And yet relatively little has been written about this body of work. Warhol withdrew his films from circulation in the early 1970s and it was only after his death in 1987 that they began to be restored and shown again. With *Our Kind of Movie* Douglas Crimp offers the first single-authored book about the full range of Andy Warhol’s films in forty years—and the first since the films were put back into circulation. In six essays, Crimp examines individual films, including *Blow Job*, *Screen Test No. 2*, and Warhol’s cinematic masterpiece *The Chelsea Girls* (perhaps the most commercially successful avant-garde film of all time), as well as groups of films related thematically or otherwise—films of seductions in confined places, films with scenarios by Ridiculous

Theater playwright Ronald Tavel. Crimp argues that Warhol’s films make visible new, queer forms of sociality. Crimp does not view these films as *cinéma-vérité* documents of Warhol’s milieu, or as camera-abetted voyeurism, but rather as exemplifying Warhol’s inventive cinema techniques, his collaborative working methods, and his superstars’ unique capabilities. Thus, if Warhol makes visible new social relations, Crimp writes, that visibility is inextricable from his making a new kind of cinema. In *Our Kind of Movie* Crimp shows how Warhol’s films allow us to see against the grain—to see differently and to see a different world, a world of difference.

A Quiet Kind of Thunder Vintage
 Perfect for fans of Morgan Matson and Jandy Nelson. A girl who can’t speak and a boy who can’t hear go on a journey of self-discovery and find support with each other in this gripping, emotionally resonant novel for “readers who enjoyed John Green’s *Turtles All the Way Down*” (Booklist) from bestselling author Sara Barnard. Steffi doesn’t talk, but she has so much to say. Rhys can’t hear, but he can listen. Steffi has been a selective mute for most of her life. The condition’s name has always felt ironic to her, because she certainly does not “select” not to speak. In fact, she would give anything to be able to speak as easily and often as everyone around her can. She suffers from crippling anxiety, and uncontrollably, in most situations simply can’t open her mouth to get out the words. Steffi’s been silent for so long that she feels completely invisible. But Rhys, the new boy at school, sees her. He’s deaf, and her knowledge of basic sign language means that she’s assigned to help him acclimate. To Rhys, it doesn’t matter that Steffi doesn’t talk. As they find ways to communicate, Steffi discovers that she does have a voice, and that she’s falling in love with the one person who makes her feel brave enough to use it. But as she starts to overcome a lifelong challenge, she’ll soon confront questions about the nature of her own identity and the very essence of what it is to know another person.

The Ten Types of Human John Wiley & Sons Incorporated
 With echoes of *Rules of Civility* and *The Boston Girl*, a compelling and thought-provoking novel set in postwar New York City, about two women—one Jewish, one a WASP—and the wholly unexpected consequences of their meeting. One rainy morning in June, two years after the end of World War II, a minor traffic accident brings together Eleanor Moskowitz and Patricia Bellamy. Their encounter seems fated: Eleanor, a teacher and recent Vassar graduate, needs a job. Patricia’s difficult thirteen-year-old daughter Margaux, recovering from polio, needs a private tutor. Though she feels out of place in the Bellamys’ rarefied and elegant Park Avenue milieu, Eleanor forms an instant bond with Margaux. Soon the idealistic young woman is filling the bright young girl’s mind

with Shakespeare and Latin. Though her mother, a hat maker with a little shop on Second Avenue, disapproves, Eleanor takes pride in her work, even if she must use the name "Moss" to enter the Bellamys' restricted doorman building each morning, and feels that Patricia's husband, Wynn, may have a problem with her being Jewish. Invited to keep Margaux company at the Bellamys' country home in a small town in Connecticut, Eleanor meets Patricia's unreliable, bohemian brother, Tom, recently returned from Europe. The spark between Eleanor and Tom is instant and intense. Flushed with new romance and increasingly attached to her young pupil, Eleanor begins to feel more comfortable with Patricia and much of the world she inhabits. As the summer wears on, the two women's friendship grows—until one hot summer evening, a line is crossed, and both Eleanor and Patricia will have to make important decisions—choices that will reverberate through their lives. Gripping and vividly told, *Not Our Kind* illuminates the lives of two women on the cusp of change—and asks how much our pasts can and should define our futures.

No Longer Human Simon and Schuster

The brain ... There is no other part of the human anatomy that is so intriguing. How does it develop and function and why does it sometimes, tragically, degenerate? The answers are complex. In *Discovering the Brain*, science writer Sandra Ackerman cuts through the complexity to bring this vital topic to the public. The 1990s were declared the "Decade of the Brain" by former President Bush, and the neuroscience community responded with a host of new investigations and conferences. *Discovering the Brain* is based on the Institute of Medicine conference, *Decade of the Brain: Frontiers in Neuroscience and Brain Research*. *Discovering the Brain* is a "field guide" to the brain—an easy-to-read discussion of the brain's physical structure and where functions such as language and music appreciation lie. Ackerman examines: How electrical and chemical signals are conveyed in the brain. The mechanisms by which we see, hear, think, and pay attention—and how a "gut feeling" actually originates in the brain. Learning and memory retention, including parallels to computer memory and what they might tell us about our own mental capacity. Development of the brain throughout the life span, with a look at the aging brain. Ackerman provides an enlightening chapter on the connection between the brain's physical condition and various mental disorders and notes what progress can realistically be made toward the prevention and treatment of stroke and other ailments. Finally, she explores the potential for major advances during the "Decade of the Brain," with a look at medical imaging techniques—what various technologies can and cannot tell us—and how the public and private sectors can contribute to continued advances in neuroscience. This highly readable volume will provide the public and policymakers—and many scientists as well—with a helpful guide to understanding the many discoveries that are sure to be announced throughout the "Decade of the Brain."

Fahrenheit 451 Penguin

NEW YORK TIMES BESTSELLER • The acclaimed social psychologist challenges conventional thinking about morality, politics, and religion in a way that speaks to conservatives and liberals alike—a "landmark contribution to humanity's understanding of itself" (The New York Times Book Review). Drawing on his twenty-five years of groundbreaking research on moral psychology, Jonathan Haidt shows how moral judgments arise not from reason but from gut feelings. He shows why liberals, conservatives, and libertarians have such different intuitions about right and wrong, and he shows why each side is actually right about many of its central concerns. In this subtle yet accessible book, Haidt gives you the key to understanding the miracle of human cooperation, as well as the curse of our eternal divisions and conflicts. If you're ready to trade in anger for understanding, read *The Righteous Mind*.

Our Kind of People Lulu.com

In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, *New York Times* bestselling author) from the #1 *New York Times* bestselling author of *All Your Perfects*, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to

his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

Our Kind of People Harper Collins

Now a TV series on FOX starring Morris Chestnut, Yaya DaCosta, Nadine Ellis, and Joe Morton. "Fascinating. . . . [Graham] has made a major contribution both to African-American studies and the larger American picture." —*New York Times* Debutante cotillions. Million-dollar homes. Summers in Martha's Vineyard. Membership in the Links, Jack & Jill, Deltas, Boule, and AKAs. An obsession with the right schools, families, social clubs, and skin complexion. This is the world of the black upper class and the focus of the first book written about the black elite by a member of this hard-to-penetrate group. Author and TV commentator Lawrence Otis Graham, one of the nation's most prominent spokesmen on race and class, spent six years interviewing the wealthiest black families in America. He includes historical photos of a people that made their first millions in the 1870s. Graham tells who's in and who's not in the group today with separate chapters on the elite in New York, Los Angeles, Washington, Chicago, Detroit, Memphis, Atlanta, Philadelphia, Nashville, and New Orleans. A new Introduction explains the controversy that the book elicited from both the black and white communities.

Our Kind of Movie Penguin

From the *New York Times* bestselling author of *A Legacy of Spies*. In this exquisitely told novel, John le Carré shows us once again his acute understanding of the world we live in and where power really lies. In the wake of the collapse of Lehman Brothers and with Britain on the brink of economic ruin, a young English couple takes a vacation in Antigua. There they meet Dima, a Russian who styles himself the world's Number One money-launderer and who wants, among other things, a game of tennis. Back in London, the couple is subjected to an interrogation by the British Secret service who also need their help. Their acquiescence will lead them on a precarious journey through Paris to a safe house in Switzerland, helpless pawns in a game of nations that reveals the unholy alliances between the Russian mafia, the City of London, the government and the competing factions of the British Secret Service.

To Marry an English Lord Random House

A local schoolteacher is arrested, leaving his family to wrestle with the possibility of his guilt, in this exquisite novel about loyalty, truth, and happiness. The Woodburys cherish life in the affluent, bucolic suburb of Avalon Hills, Connecticut. George is a beloved science teacher at the local prep school, a hero who once thwarted a gunman, and his wife, Joan, is a hardworking ER nurse. They have brought up their children in this thriving town of wooded yards and sprawling lakes. Then one night a police car pulls up to the Woodbury home and George is charged with sexual misconduct with students from his daughter's school. As he sits in prison awaiting trial and claiming innocence, Joan vaults between denial and rage as friends and neighbors turn cold. Their daughter, seventeen-year-old Sadie, is a popular high school senior who becomes a social outcast—and finds refuge in an unexpected place. Her brother, Andrew, a lawyer in New York, returns home to support the family, only to confront unhappy memories from his past. A writer tries to exploit their story, while an unlikely men's rights activist group attempts to recruit Sadie for their cause. Provocative and unforgettable, *The Best Kind of People* reveals the cracks along the seams of even the most perfect lives and the unraveling of an American family. **GILLER PRIZE FINALIST** • **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK POST** "A compelling exploration of the ways a crime implicates all of us."—Kaitlyn Greenidge, author of *We Love You, Charlie Freeman* "I am obsessed with this book."—Samantha Irby, author of *We Are Never Meeting in Real Life* "In our post-Harvey Weinstein world [this book] feels more timely and urgent than ever. . . . It draws an elegant line between rape culture, patriarchy, and privilege."—Claire Cameron, *The Millions* "Every character is fully rounded, flawed, and achingly human. It puts me in mind of a twenty-first-century *Ordinary People*."—Kate Harding, author of *Asking for It* "Sure to provoke debate and send book discussion groups into overtime."—*Library Journal* (starred review) "A powerful page-turner."—*Cosmopolitan*

A Member of the Club HarperOne

"A searing, chilling sliver of perfection . . . May well turn out to be the year's best thriller." —Charles Finch, *The New York Times* Book Review "This is simply one of the nastiest and most disturbing thrillers I've read in years. I loved it, right down to the utterly chilling final line." —Gillian Flynn *A* spellbinding, darkly twisted novel about desire and obsession, and the complicated lines between truth and perception, *Our Kind of Cruelty* introduces Araminta Hall, a chilling new voice in psychological suspense. This is a love story. Mike's love story. Mike Hayes fought his way out of a brutal childhood and into a quiet, if lonely, life before he met Verity Metcalf. V taught him about love, and in

return, Mike has dedicated his life to making her happy. He's found the perfect home, the perfect job; he's sculpted himself into the physical ideal V has always wanted. He knows they'll be blissfully happy together. It doesn't matter that she hasn't been returning his e-mails or phone calls. It doesn't matter that she says she's marrying Angus. It's all just part of the secret game they used to play. If Mike watches V closely, he'll see the signs. If he keeps track of her every move, he'll know just when to come to her rescue . . .

Faith That Matters New Directions Publishing

#1 NEW YORK TIMES BESTSELLER • **OPRAH'S BOOK CLUB PICK** •

"An instant American classic and almost certainly the keynote nonfiction book of the American century thus far."—Dwight Garner, *The New York Times* The Pulitzer Prize-winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions. **#1 NONFICTION BOOK OF THE YEAR: Time ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, The New York Times, Los Angeles Times, The Boston Globe, O: The Oprah Magazine, NPR, Bloomberg, The Christian Science Monitor, New York Post, The New York Public Library, Fortune, Smithsonian Magazine, Marie Claire, Slate, Library Journal, Kirkus Reviews Winner of the Carl Sandberg Literary Award • Winner of the Los Angeles Times Book Prize • National Book Award Longlist • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist • Kirkus Prize Finalist** "As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not." In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched, and beautifully written narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people's lives and behavior and the nation's fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their outcasting of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Original and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

Our Kind of Traitor Zebra Books

Winner of the Gold Nautilus Award for Fiction | A Lambda Literary Award Finalist | A Barbara Gittings Literature Award Finalist | An Indie Next Pick | A Barnes and Noble Best Book of the Month | A *Library Journal* Best Book of the Year "A lovely slender volume that packs in entire worlds with complete mastery. *Speak No Evil* explains so much about our times and yet is never anything less than a scintillating, page-turning read."—Gary Shteyngart "A wrenching, tightly woven story about many kinds of love and many kinds of violence. *Speak No Evil* probes deeply but also with compassion the cruelties of a loving home. Iweala's characters confront you in close-up, as viscerally, bodily alive as any in contemporary fiction."—Larissa MacFarquhar In the long-anticipated novel from the author of the critically acclaimed *Beasts of No Nation*, a revelation shared between two privileged teenagers from very different backgrounds sets off a chain of events with devastating consequences. On the surface, Niru leads a charmed life. Raised by two attentive parents in Washington, D.C., he's a top student and a track star at his prestigious private high school. Bound for Harvard in the fall, his prospects are bright. But Niru has a painful secret: he is queer—an abominable sin to his conservative Nigerian parents. No one knows except Meredith, his best friend, the daughter of prominent Washington insiders—and the one person who seems not to judge him. When his father accidentally discovers Niru is gay, the fallout is brutal and swift. Coping with troubles of her own, however, Meredith finds that she has little left emotionally to offer him. As the two friends struggle to reconcile their desires against the expectations and institutions that seek to define them, they find themselves speeding toward a future more violent and senseless than they can imagine. Neither will escape unscathed. In the tradition of Junot Diaz's *The Brief Wondrous Life of Oscar Wao* and Chimamanda Ngozi Adichie's *Americanah*, *Speak No Evil* explores

what it means to be different in a fundamentally conformist society and how that difference plays out in our inner and outer struggles. It is a novel about the power of words and self-identification, about who gets to speak and who has the power to speak for other people. As heart-wrenching and timely as his breakout debut, *Beasts of No Nation*, Uzodinma Iweala's second novel cuts to the core of our humanity and leaves us reeling in its wake. One of *Bustle's* 35 Most Anticipated Fiction Books Of 2018 | One of *Paste's* 25 Most Anticipated Books of 2018 | One of *The Boston Globe's* 25 Books We Can't Wait to Read in 2018
Proversity HarperCollins
In *Collective Courage*, Jessica Gordon Nembhard chronicles

African American cooperative business ownership and its place in the movements for Black civil rights and economic equality. Not since W. E. B. Du Bois's 1907 *Economic Co-operation Among Negro Americans* has there been a full-length, nationwide study of African American cooperatives. *Collective Courage* extends that story into the twenty-first century. Many of the players are well known in the history of the African American experience: Du Bois, A. Philip Randolph and the Ladies' Auxiliary to the Brotherhood of Sleeping Car Porters, Nannie Helen Burroughs, Fannie Lou Hamer, Ella Jo Baker, George Schuyler and the Young Negroes' Co-operative League, the Nation of Islam, and the Black Panther Party. Adding the cooperative movement to Black history results in a retelling of the African American experience, with an

increased understanding of African American collective economic agency and grassroots economic organizing. To tell the story, Gordon Nembhard uses a variety of newspapers, period magazines, and journals; co-ops' articles of incorporation, minutes from annual meetings, newsletters, budgets, and income statements; and scholarly books, memoirs, and biographies. These sources reveal the achievements and challenges of Black co-ops, collective economic action, and social entrepreneurship. Gordon Nembhard finds that African Americans, as well as other people of color and low-income people, have benefitted greatly from cooperative ownership and democratic economic participation throughout the nation's history.
