Star Trek: Klingons Simon and Schuster  
 Aus der Asche des Romulanischen Kriegs hat sich eine neue Nation erhoben: die Vereinte Föderation der Planeten, eine noch nie dagewesene Gemeinschaft verschiedener Spezies, die zum Wohle aller zusammenarbeiten. Als sich eine neue Bedrohung in Form einer Macht offenbart, die so fremdartig und feindselig ist, dass Verhandlungen unmöglich scheinen, bittet eine Gruppe von Planeten, die nicht der Föderation angehören, die Sternenflotte, sie zu verteidigen. Die Anführer der Föderation nutzen die Gelegenheit, einen Ruf als interstellare Macht aufzubauen. Archer befürchtet jedoch, dass sich der Konflikt zu einem unnötigen Krieg entwickelt und die junge Nation möglicherweise auf einen Pfad führt, dem sie niemals hätte folgen sollen. Archer und seine Verbündeten bemühen sich, eine bessere Lösung zu finden ... aber alte Feinde arbeiten im Geheimen daran, sie zu sabotieren und sicherzustellen, dass das großartige Experiment Namens Föderation ein schnelles und blutiges Ende findet.

## Star Trek: The Next Generation: Greater than the Sum

Simon and Schuster

The Terran rebellion erupts into a full-scale revolution, toppling the Klingon-Cardassian Alliance and ushering in a new era for the Mirror Universe.

*Star Trek: Year Five - Odyssey's End (Book 1)* Simon and Schuster  
 In celebration of one of science fiction's most beloved franchises, an updated edition of the acclaimed Ships of the Line hardcover collection. They dared to risk it all in a skiff of reeds or leather, on a ship of wood or steel, knowing the only thing between them and certain death was their ship. To explore, to seek out what lay beyond the close and comfortable, every explorer had to embrace danger. And as they did so, what arose was a mystical bond, a passion for the ships that carried them. From the very first time humans dared to warp the fabric of space, escaping from the ashes of the third World War, they also created ships. These vessels have become the icons of mankind's desire to rise above the everyday, to seek out and make the unknown known. And these ships that travel the stellar seas have stirred the same passions as the ones that floated in the oceans. While every captain has wished that their starship could be outfitted in the

same manner as the sailing ship H.M.S. Beagle—without weapons—that proved untenable. From the start, Starfleet realized that each vessel, due to the limited range of the early warp engines, must be able to stand alone against any attack. Thus arose the idea, taken from the days of wooden sailing ships, that every Starfleet vessel must stand as a ship of the line. Through the actions of their captains and crews, countless starships have taken on that role. Here we remember some of those ships and their heroic crews. In celebration of one of science fiction's most beloved franchises, this updated edition of the acclaimed Ships of the Line hardcover collection now includes dozens of additional images brought together for the first time in book format—spectacular renderings featured in the highly successful Star Trek: Ships of the Line calendar series. With text by Star Trek's own Michael Okuda, the story of each of these valiant starships now comes to life. ™, ®, & © 2014 CBS Studios, Inc. When a new threat emerges from a force so alien and hostile that negotiation seems impossible, a group of unaligned worlds turned to Starfleet for protection. Original. 60,000 first printing.

**Star Trek - Rise of the Federation 2: Turm zu Babel** Simon and Schuster

Star Trek was first beamed into peoples homes in 1966 and when it went off the air three years later it was on its way to being the most successful failure in television history. Along the way it spawned nine feature films, three new television series, novels, books, video and audio tapes, records, computer games, merchandising tie-ins, fan clubs and conventions. Gibberman has summarized 25 years of just about everything written about Star Trek including details about the stars and guest-stars and information about the making of the television series and feature films. This work lists over 1,300 English-language articles about every aspect of the phenomenon; fully indexed.

"Manu Saadia has managed to show us one more reason, perhaps the most compelling one of all, why we all need the world of Star Trek to one day become the world we live in." — Chris Black, Writer and Co-Executive Producer, Star Trek: Enterprise What would the world look like if everybody had everything they wanted or needed? Treconomics, the premier book in financial journalist Felix Salmon's imprint PiperText, approaches scarcity economics by coming at it backwards — through thinking about a universe where scarcity does not exist. Delving deep into the details and intricacies of 24th century society, Treconomics explores post-scarcity and whether we, as humans, are equipped for it. What are the prospects of automation and artificial intelligence? Is there really no money in Star Trek? Is Treconomics at all possible?

*Star Trek: The Eugenics Wars: The Rise and Fall of Khan Noonien Singh* IDW Publishing

To Reign in Hell chronicles the fifteen years between the Original Series episode 'Space Seed' and the feature film 'The Wrath of Khan' - now widely regarded as a landmark in the Star Trek universe. Defeated by Captain James T. Kirk and exiled with his few remaining followers to the isolation of Ceti Alpha V, Khan Noonien Singh is marooned on a planet that has suddenly transformed into a hostile wasteland, where he and his band of acolytes must fight for their very lives. The once-proud conqueror finds his life irrevocably shattered, and begins his descent into madness...

Nach der Ware-Krise versuchen Admiral Jonathan Archer und

Sektion-31-Agent Trip Tucker beide, ihre Institutionen zu ändern, um weitere solche Tragödien zu verhindern. Archer drängt auf eine Nichteinmischungsdirektive der Sternenflotte, wird aber mit unerwartetem Widerstand von Verbündeten innerhalb der Flotte konfrontiert - sowie ungebetener Unterstützung von Widersachern, die die Föderation in vollständige Isolation treiben wollen. Währenddessen spielt Tucker ein gefährliches Spiel gegen die korrupten Anführer der geheimen Sektion 31, in der Hoffnung, ihre Verschwörung ein für alle Mal zur Strecke zu bringen. Aber ist er bereit, Archers Bemühungen zu gefährden - und damit vielleicht auch das Schicksal einer ganzen Welt - um zu gewinnen?

The first voyage of Captain Kirk, Mr. Spock, Dr. McCoy and all the rest of the Enterprise crew aboard the new starship NCC-1701.

*Rise of the Federation: Uncertain Logic* Simon and Schuster

When a mysterious assassination threatens the peace process the U.S.S Enterprise is overseeing in a distant solar system, Captain James T. Kirk suspects Lenore Karidian, who tried to kill him twenty years earlier.

*Rise of the Federation: Live by the Code* Simon and Schuster

For over 40 years Star Trek has made a phenomenal cultural impact. Now more popular than ever - J.J. Abrams' reinvented Star Trek movie was one of the box office hits of 2009, grossing \$385 million worldwide - the 'franchise' continues to have cultural, social and political resonance around the world. Star Trek has changed not just the way we look at space but also our own world. It gave the culture a lexicon of catchphrases, from "Beam me up, Scotty" to Dr McCoy's many complaints beginning "I'm a doctor, not a [...]!" Much of the 'future' technology depicted on Star Trek has come to feature in everyday life, from the communicator-like mobile phone to computer touch screens now taken for granted. Many of the world's most prominent scientists were inspired to pursue their careers (as were many writers and artists) due to an early exposure to Star Trek. In A Brief Guide to Star Trek, expert Brian J Robb charts the rise and rise of the show and explores its impact our culture.

Ex Machina Cross Cult

The Starship Rhea has discovered a cluster of carbon planets that seems to be the source of the quantum energies rippling through a section of space. A landing party finds unusual life-forms inhabiting one of the planets. One officer, Lieutenant T'Ryssa Chen -- a half-Vulcan -- makes a tenuous connection with them. But before any progress can be made, the Rhea comes under attack from the Einstein -- a Starfleet vessel now controlled by the Borg. The landing party can only listen in horror as their comrades are assimilated. The Borg descend to the planet, and just as Chen accepts that she will be assimilated, the lieutenant is whisked two thousand light-years away. A quantum slipstream -- instantaneous transportation -- is controlled by these beings in the cluster, and in the heart of the cluster there is now a Borg ship. Cut off from the rest of the Borg collective, the Einstein cannot be allowed to rejoin it. For the sake of humanity, the Borg cannot gain access to quantum slipstream technology. Starfleet Command gives Captain Picard carte blanche: do whatever he must to help the beings in the cluster, and stop the Einstein no matter the cost.

An intense “missing” tale from the beginning of the Star Trek movie era, when the crew of the U.S.S. Enterprise was first reunited and confronting issues of both nature of God and artificial intelligence. Following the events of Star Trek: The Motion Picture, the reunited crew of the Starship Enterprise revisits a loose end from their earlier adventures: the resettlement of refugee colonists from a destroyed planet, whose lives have depended so long on the godlike artificial intelligence that guided them through space, they ability to survive without it is now in doubt. At the same time, Kirk, Spock, and McCoy, back together now after almost three years, must relearn how to work together in a story that examines this iconic relationship as never before.

Rise of the Federation: Tower of Babel Simon and Schuster

When Earth Command first defeated the Romulans and the Neutral Zone was established, it was with the help of other races across the galaxy. Out of those first uneasy but crucial alliances came the United Federation of Planets and its combined forces, Starfleet. But the close confines of a starship with so many different races and personalities on board creates tensions across all the ranks. Control of what could grow to be the greatest power in the galaxy is at stake and no one can take it lightly. So when the flagship of the new Federation fleet is up for grabs among six new Starfleet captains, Admiral Ed Walker is determined to keep this jewel, and all of Starfleet with her, away from the scientists

and under military command. Walker chooses Captain Aaron Stiles as his protege in this endeavour. Stiles, bent on avenging the death of his brother Jake, faces stiff resistance from Walker's rebellious space-jock nephew Dane and scientist Captain Bryce Shumar. But they face their biggest threat of all in an unknown alien race destroying the bases of the Oreias system. Can they ignore their differences and pull together to ensure that Starfleet and the Federation has a future?

Rise of the Federation: Patterns of Interference Pocket Books/Star Trek

An original eBook novella set in the acclaimed Typhon Pact series! An original e-novella in the acclaimed Typhon Pact series! The Enterprise-E is on a diplomatic mission to the Talarian Republic, the last holdout in the Federation's efforts to expand the Khitomer Accords in response to the emergence of the Typhon Pact. In the wake of Andor's recent secession, the Federation is more concerned than ever with strengthening its alliances. The Talarians have been a tenuous potential partner at best, given the history of conflict and mistrust between them and the Federation. But the negotiations between Picard and the Talarians are disrupted by a growing public protest of those who are demanding greater rights—and before long, it becomes clear that the dissidents are not limiting themselves to nonviolent means....
