NOW A NEW YORK TIMES, USA TODAY, AND PUBLISHER'S WEEKLY BESTSELLER "Dyson writes with the affection of a fan but the rigor of an academic. ... Using extensive passages from Jay-Z's lyrics, 'Made in America' examines the rapper's role as a poet, an aesthete, an advocate for racial justice and a business, man, but devotes much of its energy to Hova the Hustler." —Allison Stewart, The Washington Post "Dyson's incisive analysis of JAY-Z's brilliance not only offers a brief history of hip-hop's critical place in American culture, but also hints at how we can best move forward." —Questlove JAY-Z: Made in America is the fruit of Michael Eric Dyson's decade of teaching the work of one of the greatest poets this nation has produced, as gifted a wordsmith as Walt Whitman, Robert Frost and Rita Dove. But as a rapper, he's sometimes not given the credit he deserves for just how great an artist he's been for so long. This book wrestles with the biggest themes of JAY-Z's career, including hustling, and it recognizes the way that he's always weaved politics into his music, making important statements about race, criminal justice, black wealth and social injustice. As he enters his fifties, and to mark his thirty years as a recording artist, this is the perfect time to take a look at JAY-Z's career and his role in making this nation what it is today. In many ways, this is JAY-Z's America as much as it's Pelosi's America, or Trump's America, or Martin Luther King's America. JAY-Z has given this country a language to think with and words to live by. Featuring a Foreword by Pharrell

The Marathon Continues Springer

The first in-depth biography of Nipsey Hussle, the hip hop mogul, artist, and activist whose transformative legacy inspired a generation—before he was tragically shot down in the very neighbourhood he was dedicated to building up.

The Hussle Never Stops (Blue) Simon and Schuster

The New York Times bestselling memoir from the legendary Gucci Mane spares no detail in this "cautionary tale that ends in triumph" (GQ). For the first time Gucci Mane tells his extraordinary story in his own words. It is "as wild, unpredictable, and fascinating as the man himself" (Complex). The platinum-selling recording artist began writing his remarkable autobiography in a federal maximum security prison. Released in 2016, he emerged radically transformed. He was sober, smiling, focused, and positive—a far cry from the Gucci Mane of years past. A critically acclaimed classic, The Autobiography of Gucci Mane "provides incredible insight into one of the most influential rappers of the last decade, detailing a volatile and fascinating life...By the end, every reader will have a greater understanding of Gucci Mane, the man and the musician" (Pitchfork).

An eyewitness account of Donald Trump's clown car of lieutenants and lackeys who have polluted the corridors of power with their unprecedented awfulness. Two of Washington's most meddlesome reporters take readers on a deep dive into the murky underworld of President Trump's Washington, dishing the hilarious and frightening dirt on the charlatans, conspiracy theorists, ideologues, and run-of-the-mill con artists who have infected the highest echelons of American political power. For the past three years, reporting from the White House, the Trump hotel, and other dens of intrigue and influence, Lachlan Markay and Aswin Suebsaeng have revealed the sordid shenanigans of a rogue's gallery of Trumpworld incompetents and improbable A-listers -- earning them angry denunciations (or at least some vexed side-eye) from Trumpists such as the actor Jon Voight and Trump's former campaign czar and renowned obfuscator Corey Lewandowski as well as requisite threats of physical violence and ruin. Sinking in the Swamp will similarly pull no punches. Everyone from assorted Trump family members to Stephen Miller, Sean Hannity, and Diamond & Silk to Trumpworld's even more obscure accomplices will be plumbed, prodded, and exposed for their roles in the most shambolic moment in modern American political history. When they go low, Swin and Lachlan are right there with them, recorders running and notebooks at the ready. Sinking in the Swamp is an uncompromising account of the financial and moral degradation of our capital, told with righteous indignation and through the lens of key power players and foot soldiers whose own antics have often escaped the notice of the overworked press corps. As the 2020 election approaches, this page-turning, letting-it-all-hang-out narrative shows how the nation got to this nadir, tracing the story back to years before Trump's improbable run for the White House and cataloguing the stomach-turning moments that followed.

What do millennial rappers in the United States say in their music? This timely and compelling book answers this question by decoding the lyrics of over 700 songs from contemporary rap artists. Using innovative research techniques, Matthew Oware reveals how emcees perpetuate and challenge gendered and racialized constructions of masculinity, femininity, and sexuality. Male and female artists litter their rhymes with misogynistic and violent imagery. However, men also express a full range of emotions, from arrogance to vulnerability, conveying a more complex manhood than previously acknowledged. Women emphatically state their desires while embracing a more feminist approach. Even LGBTQ artists stake their claim and express their sexuality without fear. Finally, in the age of Black Lives Matter and the presidency of Donald J. Trump, emcees forcefully politicize their music. Although complicated and contradictory in many ways, rap remains a powerful medium for social commentary.

New York Times bestselling author, superstar comedian, and Hollywood box office star Kevin Hart turns his immense talent to the written word by writing some words. Some of those words include: the, a, for, above, and even even. Put them together and you have a "hilarious but also heartfelt" (Elle) memoir on survival, success, and the importance of believing in yourself. The question you're probably asking yourself right now is: What does Kevin Hart have that a book also has? According to the three people who have seen Kevin Hart and a book in the same room, the answer is clear: A book is compact. Kevin Hart is compact. A book has a spine that holds it together. Kevin Hart has a spine that holds him together. A book has a beginning. Kevin Hart's life uniquely qualifies him to write this book by also having a beginning. It begins in North Philadelphia. He was born an

accident, unwanted by his parents. His father was a drug addict who was in and out of jail. His brother was a crack dealer and petty thief. And his mother was overwhelmingly strict, beating him with belts, frying pans, and his own toys. The odds, in short, were stacked against our young hero. But Kevin Hart, like Ernest Hemingway, J.K. Rowling, and Chocolate Droppa before him, was able to defy the odds and turn it around. In his literary debut, he takes us on a journey through what his life was, what it is today, and how he's overcome each challenge to become the man he is today. And that man happens to be the biggest comedian in the world, with tours that sell out football stadiums and films that have collectively grossed over \$3.5 billion. He achieved this not just through hard work, determination, and talent. "Hart is an incredibly magnetic storyteller, on the page as he is onstage, and that's what shines through [in this] genial, entertaining guide to a life in comedy" (Kirkus Reviews).

Hiphop Literacies is an exploration of the rhetorical, language and literacy practices of African Americans, with a focus on the Hiphop generation. Richardson analyses the lyrics and discourse of Hiphop, explodes myths and stereotypes about Black culture and

language and shows how Hiphop language is a global ambassador of the English language and American culture. Richardson examines African American Hiphop in secondary oral contexts such as rap music, song lyrics, electronic and digital media, oral performances and cinema and brings together issues and concepts that are explored in the disciplines of folklore, ethnomusicology, sociolinguistics, discourse studies and New Literacies Studies.
