In The Ancestor Syndrome Anne Ancelin  
Schutzenberger explains and provides  
clinical examples of her unique  
psychogenealogical approach to  
psychotherapy. She shows how, as mere  
links in a chain of generations, we may  
have no choice in having the events and  
traumas experienced by our ancestors  
visited upon us in our own lifetime. The  
book includes fascinating case studies  
and examples of 'genosociograms'  
(family trees) to illustrate how her clients  
have conquered seemingly irrational  
fears, psychological and even physical  
difficulties by discovering and  
understanding the parallels between  
their own life and the lives of their  
forebears. The theory of 'invisible  
loyalty' owed to previous generations,  
which may make us unwittingly re-enact  
their life events, is discussed in the light  
of ongoing research into  
transgenerational therapy. Anne Ancelin  
Schutzenberger draws on over 20 years  
of experience as a therapist and analyst  
and is a well-respected authority,  
particularly in the field of Group Therapy  
and Psychodrama. First published as *Aie,  
mes Aieux* this fascinating insight into a  
unique style of clinical work has already  
sold over 32,000 copies in France and  
will appeal to anyone working in the  
psychotherapy profession.

Pourquoi l'attachement aux parents est-

il si important ? Comment une relation  
peut-elle cimenter notre existence ?  
Comment l'absence ou la brisure d'un  
lien peuvent-elles envahir toute une vie  
? Peut-on se réparer, se consoler ?  
Quand et comment prendre ses  
distances, faire le vide pour reprendre sa  
vie en main et se retrouver soi-même ?  
L'attachement maternel, la relation avec  
le père, l'amour, la violence, le divorce,  
le deuil : notre existence est marquée  
par nos relations aux autres. L'autre est  
indissociable de nous-même. Qu'il nous

C'est cette trace que Gustave-Nicolas

Was France fascist in the interwar  
period? This comprehensive historical,  
political and sociological account follows  
the rise of engineers and political "non-  
conformists" in the first half of the  
twentieth century, examining the French  
technocracy's relationship with the rise  
of fascism in France and later the  
establishment of the Fourth Republic.

Journal Des Instituteurs Et Des Institutrices Springer Science & Business Media

L'ouvrage reprend une série d'articles où l'auteur expose sa pensée et la force de son approche qui est d'aider l'homme à trouver un sens à sa vie. C'est dans l'horreur d'Auschwitz que ce psychiatre viennois formé par Freud, se confronta à ce qui devait devenir sa pensée propre, qu'il formula sous le nom de logothérapie, de 'logos' : sens, signification. Là où Freud parle de désir et Adler de pouvoir, Frankl parle de sens. En logothérapie, la recherche de sens à donner à sa vie l'emporte sur nos pulsions, fondamentales dans la psychanalyse traditionnelle. Chaque sujet doit trouver et se donner une raison d'exister, une raison unique et singulière. Elle seule comble l'exigence existentielle et spirituelle de l'âme humaine. Après la guerre, la logothérapie à la fois symbole de vitalité au sens plein du terme et moyen thérapeutique va prendre une ampleur considérable. Frankl la pratiquera et l'enseignera dans de nombreuses universités. L'ouvrage a été salué à sa sortie par Carl Rogers : "Je considère cet ouvrage comme une des contributions les plus remarquables à la pensée psychologique des 50 dernières années.". Journals Éditions inspiration Publishings In occupied Belgium during World War II, Paul de Man (1919-1983) wrote music, lecture, and exhibition reviews, a regular book column, interviews, and articles on cultural politics for the Brussels daily

newspaper *Le Soir*. From December 1940 until he resigned in November 1942, de Man contributed almost 200 articles to this and another newspaper, both then controlled by Nazi sympathizers and vocal advocates of the "new order." Later to become one of the most respected and influential literary theorists in America, de Man, then 21 and 22 years old, wrote primarily as the chief literary critic for *Le Soir*. His weekly column reviewed the latest novels and poetry from Belgium, France, Germany, and England. De Man commented extensively on major propaganda expositions, and interviewed leading writers and cultural figures, including Paul Valéry and the future Vichy Education minister Abel Bonnard. The political extremes of de Man's wartime writing are marked by two articles. His single anti-Semitic article, "Les Juifs dans la littérature actuelle" (4 March 1941), acquiesces in the deportation of Jews to "a Jewish colony isolated from Europe." But de Man later argued in defense of a Resistance-linked journal ("A propos de la revue *Messages*," 14 July 1942) against the "totalitarian" censors' "unconsidered attacks." This volume reprints in facsimile all of de Man's articles in *Le Soir* as well as three articles he wrote prior to the occupation in 1940 as editor of the liberal *Cahiers du Libre Examen*. It also includes English translations of the ten articles written in Flemish for the Antwerp paper *Het Vlaamsche Land*, in March-October 1942. The collection appears under the auspices of the *Oxford Literary Review*, England's leading theoretical journal for over a decade.

Dans *Réflexions Stratégiques sur Haïti*:

Sauvons un Patrimoine Universel en Péril, Luc Rémy offre une remarquable lecture haïtiano-centriste de la Politique Internationale. Il la construit autour de trois points clé : 1. le cadeau de la Révolution haïtienne d'une espèce humaine nouvelle à l'Histoire universelle; 2. l'éternel contentieux occidental-haïtien et le péril sur la Nation; 3. la prise en charge indispensable. Le premier point présente le prototype de l'homme nouveau ; il est anti-esclavage, anti-colonie, anti-métropole, anti-impérialiste, antiracisme, antiségrégationniste, etc. Par cette création humaniste suprême, Haïti s'est érigée en Patrimoine universel. Ce beau et sublime péché contre le standard international de l'époque a généré et entretient encore le contentieux : dans la conscience, l'inconscient et l'imaginaire collectifs des pouvoirs d'État de l'Occident, Haïti est un ennemi barbare et inconciliable. Servi par nos alliances internationales patricides, le triomphe du modèle diplomatique jeffersonien et talleyrandien, d'essence raciste et revancharde -aux dépens de l'adamien-, le veut ainsi. Haïti est donc un obstacle permanent à la conscience et buts traditionnels récurrents de l'ordre international hégémonique. Il faut toujours la "tenir en laisse" et la réduire à sa plus simple expression (serait-ce jusqu'à la solution f ?). Embargo, tutelle et occupation continus par des forces étrangères, élimination des Haïtiens, spoliation et sabotage du patrimoine national, tout concourt au retour à la barbarie (l'esclavage) par l'exploitation de notre sol et de nos massives mines. Le péril n'est pas seulement contre Haïti! La construction d'un leadership national capable et humaniste s'impose.

Le docteur Paul Saba a débuté son combat pour sauver des vies avec sa propre fille, Jessica, née avec une malformation cardiaque congénitale. Il décrit les défis qui existent lorsqu'il s'agit d'affronter des diagnostics médicaux difficiles, tant à travers son expérience personnelle que celle de ses patients. Dr Paul pense que personne ne peut prédire le futur d'une vie. L'espoir et l'amour sont des soutiens qui peuvent triompher de nombreux obstacles. Finalement, nous sommes tous "Fait pour vivre", telle que sa fille Jessica l'a inscrite sur sa peinture réalisée à l'âge de sept ans. « La grande expérience médicale du Dr Saba - jointe au fait que son troisième enfant soit né avec une très grave malformation cardiaque - l'a persuadé que le fait de permettre à des médecins de tuer des patients sur leur demande est toujours très nocif. Il est resté fidèle à cette conviction et a mené de nombreuses batailles légales au Canada contre l'euthanasie, avant et après la légalisation de l'aide médicale à

mourir. Il s'exprime avec une conviction personnelle exceptionnelle qui captive ses lecteurs, et il fait en sorte d'énoncer des arguments factuels et personnels. » Helena D'Arcy, Auteure.

Gottfried Wilhelm Leibniz was an outstanding contributor to many fields of human knowledge. The historiography of philosophy has tagged him as a "rationalist". But what does this exactly mean? Is he a "rationalist" in the same sense in Mathematics and Politics, in Physics and Jurisprudence, in Metaphysics and Theology, in Logic and Linguistics, in Technology and Medicine, in Epistemology and Ethics? What are the most significant features of his "rationalism", whatever it is? For the first time an outstanding group of Leibniz researchers, some acknowledged as leading scholars, others in the beginning of a promising career, who specialize in the most significant areas of Leibniz's contributions to human thought and action, were requested to spell out the nature of his rationalism in each of these areas, with a view to provide a comprehensive picture of what it amounts to, both in its general drive and in its specific features and eventual inner tensions. The chapters of the book are the result of intense discussion in the course of an international conference focused on the title question of this book, and were selected in view of their contribution to this topic. They are clustered in thematically organized parts. No effort has been made to hide the controversies underlying the different interpretations of Leibniz's "rationalism" - in each particular domain and as a whole. On the contrary, the editor firmly believes that only through a variety of conflicting interpretive perspectives can the multi-faceted

nature of an oeuvre of such a magnitude and variety as Leibniz's be brought to light and understood as it deserves.

The closely related problems of creativity and freedom have long been seen as emblematic of the Renaissance. Ullrich Langer, however, argues that French and Italian Renaissance literature can be profitably reconceived in terms of the way these problems are treated in late medieval scholasticism in general and nominalist theology in particular. Looking at a subject that is relatively unexplored by literary critics, Langer introduces the reader to some basic features of nominalist theology and uses these to focus on what we find to be "modern" in French and Italian literature of the fifteenth and sixteenth centuries. Langer demonstrates that this literature, often in its most interesting moments, represents freedom from constraint in the figures of the poet and the reader and in the fictional world itself. In Langer's view, nominalist theology provides a set of concepts that helps us understand the intellectual context of that freedom: God, the secular

sovereign, and the poet are similarly absolved of external necessity in their relationships to their worlds. Originally published in 1990. Soul Survivor explores the depths of human emotions, both real and imagined. That any of us reach adulthood in one piece, emotionally or physically is a miracle of no small proportion. That any of us reach adulthood to contribute back to society and become highly respected in the community is truly a gift of time and place. Soul Survivor is a true story of fortitude, and iron will and looking to the future in the hope that tomorrow will be better than today. Soul Survivor is nothing less than a story of triumph. "Little Mary" Reese spent her childhood living, working and playing in a funeral home. Her mother, Mrs. Mary ("Big Mary") Reese, was well known and respected in the African-American community in Los Angeles through the operation of a prestigious black funeral home. Little Mary's story tells what really

happens behind the embalming room doors- the light and dark side of life. Soul Survivor is both humorous and mischievous, and talks of sex, murder, voodoo, preachers and deviate gravediggers. Famous entertainers that passed through Little Mary's life include Redd Foxx, Lou Rawls, Sam Cooke, Billy Preston and Johnny Cochran. Little Mary was born in 1944 in the South, reared in the Southwest and was often disparagingly referred to as "high-yellow." During racial tensions of the '50s and '60s, Little Mary found her hue to be a major issue but not her only problem. Mary's mother caused her to endure life threatening situations due to her drinking and wild ways. Little Mary's childhood experiences, the mental and physical abuse faced each day, led her to believe that her only true friends were the dead people in the funeral home. Indeed, Little Mary received a BS degree (Be Smart) at an early age. It was the only way she knew to survive. Little Mary's story is and unlikely but revealing peek into the unexpected and in the end, truly a story of a Soul Survivor. *French XX Bibliography* TheBookEdition Merleau-PontyENTRE HIER ET DEMAINBETWEEN YESTERDAY AND TOMORROWTRA IERI E DOMANI\*\*\*\*dossiers - special sections - dossiersMerleau -Ponty demainMerleau -Ponty TomorrowMerleau -Ponty domaniMerleau -Ponty et la philosophie classique allemandeMerleau -Ponty and Classical German PhilosophyMerleau -Ponty e la filosofia classica tedesca\*\*\*\*varia - diverse - varia\*\*\*\*COMPTES RENDUS - REVIEWS - RECENSIONItextes de - texts by - testi diJacopo Bodini, Guillaume Carron, Frank Chouraqui, Anna Caterina Dalmasso, Guy-Félix Duportail, Faustino Fabbianelli, Véronique M.
