One Small Step ... Macmillan

On her eighteenth birthday, Princess Evelayn of Eadrolan, the Light Kingdom, can finally access the full range of her magical powers. The light looks brighter, the air is sharper, and the energy she can draw when fighting feels almost limitless. But while her mother, the queen, remains busy at the war front, in the Dark Kingdom of Dorjhalon, the corrupt king is plotting. King Bain wants control of both kingdoms, and his plan will fling Evelayn into the throne much sooner than she expected. In order to defeat Bain and his sons, Evelayn will quickly have to come into her ability to shapeshift, and rely on the alluring Lord Tanvir. But not everyone is what they seem, and the balance between the Light and Dark comes at a steep price. In the first book of a remarkable duology, Sara B. Larson sets the stage for her reimagining of Swan Lake -- a lush romance packed with betrayal, intrigue, magic, and adventure.

From bestselling author duo Amie Kaufman and Jay Kristoff comes the exciting finale in the trilogy that broke the mold and has been called "stylistically mesmerizing" and "out-of-this-world-awesome." Kady, Ezra, Hanna, and Nik narrowly escaped with their lives from the attacks on Heimdall station and now find themselves crammed with 2,000 refugees on the container ship, Mao. With the jump station destroyed and their resources scarce, the only option is to return to Kerenza--but who knows what they'll find seven months after the invasion? Meanwhile, Kady's cousin, Asha, survived the initial BeiTech assault and has joined Kerenza's ragtag underground resistance. When Rhys--an old flame from Asha's past--reappears on Kerenza, the two find themselves on opposite sides of the conflict. With time running out, a final battle will be waged on land and in space, heroes will fall, and hearts will be broken. A KIRKUS REVIEWS BEST BOOK OF 2018

of misfits, losers, and discipline cases who just might be the galaxy's best hope for survival. They've just got to take care of a few small distractions first. Like the clan of gremps who'd like to rearrange their favorite faces. And the cadre of illegit GIA agents with creepy flowers where their eyes used to be, who'll stop at nothing to get their hands on Auri. Then there's Kal's long-lost sister, who's not exactly happy to see her baby brother, and has a Syldrathi army at her back. With half the known galaxy on their tails, Squad 312 has never felt so wanted. When they learn the Hadfield has been found, it's time to come out of hiding. Two centuries ago, the colony ship vanished, leaving Auri as its sole survivor. Now, its black box might be what saves them. But time is short, and if Auri can't learn to master her powers as a Trigger, the squad and all their admirers are going to be deader than the Great Ultrasaur of Abraaxis IV. Shocking revelations, bank heists, mysterious gifts, inappropriately tight bodysuits, and an epic firefight will determine the fate of the Aurora Legion's most unforgettable heroes--and maybe the rest of the galaxy as well.
