## **DEVAN RODERICK**

The German Navy  
 Random House  
 This volume covers not only the wartime story of the German Navy, but also shows how it stealthily built up in the 20s and 30s, in defiance of the treaty of Versailles. The famous pocket battleships are examined, as well as U-boats, minesweepers and one-man torpedoes.

 Fidel Castro is one of the most interesting and controversial personalities of our time - he has become a myth and an

icon. He was the first Cuban Caudillo - the man who freed his country from dependence on the USA and who lead his people to rediscover their national identity and pride. Castro has outlived generations of American presidents and Soviet leaders. He has survived countless assassination attempts by the CIA, the Mafia, and Cubans living in exile. He has become one of the greatest politicians of the 20th Century. His biography, and the history of his country exemplify the tensions between East and West, North and South, rich and poor. As Castro's life draws to a close, the question as to what will become of Cuba

is more important than ever. Will Castro open Cuba to economic reform and democratization, or stick to his old slogan socialism or death? In this remarkable, up-to-date reconstruction of Castro's life, Volker Skierka addresses these questions and provides an account of the economic, social, and political history of Cuba since Castro's childhood. He draws on a number of little-known sources, including material from the East German communist archives on Cuba, which were until recently inaccessible. This is an exciting, painstakingly researched, and authoritative account of the life of one of the most

extraordinary political figures of our time.

For Fauziya Kassindja, an idyllic childhood in Togo, West Africa, sheltered from the tribal practices of polygamy and genital mutilation, ended with her beloved father's sudden death. Forced into an arranged marriage at age seventeen, Fauziya was told to prepare for kakia, the ritual also known as female genital mutilation. It is a ritual no woman can refuse. But Fauziya dared to try. This is her story--told in her own words--of fleeing Africa just hours before the ritual kakia was to take place, of seeking asylum in America only to be locked up in U.S. prisons, and of meeting Layli Miller Bashir, a law student who became Fauziya's friend and advocate during her horrifying sixteen months behind bars. Layli enlisted help from Karen Musalo, an expert in refugee law and acting director of the American University International Human Rights Clinic. In addition to devoting her own considerable efforts to the case, Musalo assembled a team to fight with her on Fauziya's behalf. Ultimately, in a landmark

decision in immigration history, Fauziya Kassindja was granted asylum on June 13, 1996. Do They Hear You When You Cry is her unforgettable chronicle of triumph.

Mark Mathabane first came to prominence with the publication of *Kaffir Boy*, which became a New York Times bestseller. His story of growing up in South Africa was one of the most riveting accounts of life under apartheid. Mathabane's newest book, *Miriam's Song*, is the story of Mark's sister, who was left behind in South Africa. It is the gripping tale of a woman -- representative of an entire generation -- who came of age amid the violence and rebellion of the 1980s and finally saw the destruction of apartheid and the birth of a new, democratic South Africa. Mathabane writes in *Miriam's* voice based on stories she told him, but he has re-created her unforgettable experience as only someone who also lived through it could. The immediacy of the hardships that brother and sister endured -- from daily school beatings to overwhelming poverty -- is balanced by the beauty of their childhood

observations and the true affection that they have for each other.

This book takes the mystery out of the sewing machine, holding first-time stitchers by the hand and showing the easiest ways to get the most from their machine. This book takes the mystery out of the sewing machine, holding first-time stitchers by the hand and showing the easiest ways to get the most from their machine. In the climate of "make do and mend," sales of sewing machines have soared, but many are only accompanied by a difficult-to-understand technical manual. Here, Jane Bolsover provides a comprehensive guide for beginners. Starting with an essential overview of the sewing machine, learn how to thread it and wind bobbins, why tension is important, and which needles to choose. There's information on the basic sewing kit you will need, plus advice on which fabrics to choose and how to cut out. The chapters then build into a complete sewing course, and at the end of each chapter is a simple project to consolidate the skills you have just mastered. The projects include items

for the home, including a cushion cover and a lampshade, stylish accessories, such as bags and scarves, plus great clothing basics, such as an A-line skirt and a simple shift dress. Also included at the back of the book are two full-size pull-out paper pattern sections.

In 1998, Sarbjit Athwal was called by her husband to attend a family meeting. It looked like just another family gathering. An attractive house in west London, a large dining room, two brothers, their mother, one wife. But the subject they were discussing was anything but ordinary. At the head of the group sat the elderly mother. She stared proudly around, smiling at her children, then raised her hand for silence. 'It's decided then,' the old lady announced. 'We have to get rid of her.' 'Her' was Surjit Athwal, Sarbjit's sister-in-law. Within three weeks of that meeting, Surjit was dead: lured from London to India,

drugged, strangled, and her body dumped in the Ravi River, never to be seen again. After the killing, risking her own life, Sarbjit fought secretly for justice for nine long, scared years. Eventually, with immense bravery, she became the first person within a murderer's family ever to go into open court in an honour killing trial as the Prosecution's key witness, and the first to waive her anonymity in such a trial. As a result of her testimony, the trial led to the first successful prosecution of an honour killing without the body ever being found. But her story doesn't end there. Since the trial, her life has been threatened; her own husband arrested after an allegation of intimidation. *Shamed* is a story of fear and of horror - but also of immense courage, and a woman who risked everything to see that justice was done.

Hetty's family was torn apart following the German invasion of the Netherlands. Rounded up by the Nazis and then separated from their parents, Hetty and her brothers were sent to the Children's House, within Belsen concentration camp. As one of the eldest, Hetty became the 'Little Mother', helping to care for not only her siblings, but the other children as well. In a direct and powerful style, Hetty recalls one of the remarkable, largely untold stories of the Holocaust the extraordinary struggle and survival of this group of children through these terrible years.
