The present book 'Himachal Pradesh - General Knowledge' has been specially published for the people who want to explore more about the beautiful state of Himachal Pradesh to quench their thirst of knowledge for the purpose of Competitive Exams, Business Opportunities, Travel & Tourism or any other reason. The book is the outcome of months of painstaking

research and careful study carried out about the state and its various important features and aspects covered at appropriate length, such as: Origin, History, Geography, Government, Economy, People, Art & Culture, Customs & Traditions, Festivals, Rivers & Temples, Forests & Wildlife, Industries, Education, Transport & Tourism, etc.

**The Republic of India** Upkar Prakashan 'Go, kiss the world' were Subroto Bagchi's blind mother's last words to him. These words became the guiding principle of his life. Subroto Bagchi grew up amidst what he calls the 'material simplicity' of rural

and small-town Orissa, imbibing from his family a sense of contentment, constant wonder, connectedness to a larger whole and learning from unusual sources. From humble beginnings, he went on to achieve extraordinary professional success, eventually co-founding MindTree, one of India's most admired software services companies. Through personal anecdotes and simple words of wisdom, Subroto Bagchi brings to the young professional lessons in working and living, energizing ordinary people to lead extraordinary lives. Go Kiss the World will be an inspiration to 'young India', and to

those who come from small-town India, urging them to recognize and develop their inner strengths, thereby helping them realize their own, unique potential. *Himachal Pradesh, Development Report* Penguin UK

'I realised that I had to do something in my life so that people would stop looking at me with pity' National level volleyball player Arunima Sinha had a promising future ahead of her. Then one day she was shoved from a moving train by thieves as she attempted to fight them off. The horrific accident cost the twenty-four-year-old her left leg and sporting career, but it never deterred her. Two years later she had retrained as a mountaineer and become the first female amputee to reach Mount Everest. This is her unforgettable story of hope, courage and resilience.

#1 NATIONAL BESTSELLER • "A harrowing tale of the perils of high-altitude climbing, a story of bad luck and worse judgment and of heartbreaking heroism." —PEOPLE  
A bank of clouds was assembling on the not-so-distant horizon, but journalist-mountaineer Jon Krakauer, standing on the

summit of Mt. Everest, saw nothing that "suggested that a murderous storm was bearing down." He was wrong. The storm, which claimed five lives and left countless more—including Krakauer's—in guilt-ridden disarray, would also provide the impetus for *Into Thin Air*, Krakauer's epic account of the May 1996 disaster. By writing *Into Thin Air*, Krakauer may have hoped to exorcise some of his own demons and lay to rest some of the painful questions that still surround the event. He takes great pains to provide a balanced picture of the people and events he witnessed and gives due credit to the tireless and dedicated Sherpas. He also avoids blasting easy targets such as Sandy Pittman, the wealthy socialite who brought an espresso maker along on the expedition. Krakauer's highly personal inquiry into the catastrophe provides a great deal of insight into what went wrong. But for Krakauer himself, further interviews and investigations only lead him to the conclusion that his perceived failures were directly responsible for a fellow climber's death. Clearly, Krakauer remains haunted by the disaster, and although he relates a number of incidents in which he acted

selflessly and even heroically, he seems unable to view those instances objectively. In the end, despite his evenhanded and even generous assessment of others' actions, he reserves a full measure of vitriol for himself. This updated trade paperback edition of *Into Thin Air* includes an extensive new postscript that sheds fascinating light on the acrimonious debate that flared between Krakauer and Everest guide Anatoli Boukreev in the wake of the tragedy. "I have no doubt that Boukreev's intentions were good on summit day," writes Krakauer in the postscript, dated August 1999. "What disturbs me, though, was Boukreev's refusal to acknowledge the possibility that he made even a single poor decision. Never did he indicate that perhaps it wasn't the best choice to climb without gas or go down ahead of his clients." As usual, Krakauer supports his points with dogged research and a good dose of humility. But rather than continue the heated discourse that has raged since *Into Thin Air*'s denouncement of guide Boukreev, Krakauer's tone is conciliatory; he points most of his criticism at G. Weston De Walt, who coauthored *The*

Climb, Boukreev's version of events. And in a touching conclusion, Krakauer recounts his last conversation with the late Boukreev, in which the two weathered climbers agreed to disagree about certain points. Krakauer had great hopes to patch things up with Boukreev, but the Russian later died in an avalanche on another Himalayan peak, Annapurna I. In 1999, Krakauer received an Academy Award in Literature from the American Academy of Arts and Letters--a prestigious prize intended "to honor writers of exceptional accomplishment." According to the Academy's citation, "Krakauer combines the tenacity and courage of the finest tradition of investigative journalism with the stylish subtlety and profound insight of the born writer. His account of an ascent of Mount Everest has led to a general reevaluation of climbing and of the commercialization of what was once a romantic, solitary sport; while his account of the life and death of Christopher McCandless, who died of starvation after challenging the Alaskan wilderness, delves even more deeply and disturbingly into the fascination of nature and the devastating effects of its lure on a young

and curious mind."

We are gradually moving towards a knowledge-based society, which sustains on the strength of information to be used in all walks of life. The phenomenal rise in the use of information marks the movement of the society into a new phase of socio-economic order. In this era of information-based socio-economic order, creativity is going to become an all-important quality. The challenge before us is to design an education system which may enable us to develop creativity in society so that we can acquire the ever-expanding base of information and apply it to the best use of humanity. The book examines the basic concepts of education and suggests approaches and methods for their improvement. Designed as a handbook for teachers, trainers, academicians and parents, this book offers a comprehensive plan for the overhaul of our education system, which will enable it to meet the demands of the present, and the fast-approaching future.

**Kashmir** Ramesh Publishing House  
The advent of Islam in medieval Kashmir

gave birth to a narrative that describes forcible mass conversion of Hindus, eviction of local people and wanton demolition of religious symbols. A minority of Kashmiri Brahmans and their progeny who did not convert to Islam built and successfully perpetuated this narrative over the centuries. Following the eruption of armed insurgency in Kashmir and mass migration of Kashmiri Pandits in 1990, this community narrative has turned into the Indian mainstream view on Kashmiri Pandits. Kashmir: Exposing the Myth behind the Narrative challenges the existing narrative. It exposes many fallacies used to uphold this narrative and dissects the work of historians that has sustained ahistorical perceptions over a long period of time. By linking history to the present, the book facilitates an understanding of the situation today.

A flagship annual document of the Ministry of Finance, Government of India, Economic Survey 2008-09 reviews the developments in the Indian economy over the past 12 to 18 months, summarizes the performance on major development programmes, and

highlights the policy initiatives of the government and the prospects of the economy in the short to medium term. With detailed statistical data covering all aspects of the economy--macro as well as sectoral-- the report provides an overview of the following issues: state of the Indian economy; challenges, policy responses, and medium-term prospects; fiscal policy and monetary management; financial intermediation and the role of markets; external sector, balance of payments, and trade; agriculture and industrial development; energy, infrastructure, and communications; human development and public programs. The Survey highlights that the fallout of the global financial crisis on the Indian economy has been palpable in the industry and trade sectors and has also permeated the services sector. While some segments, especially the export-oriented industries have suffered, the Indian economy has resiliently withstood the adverse global economic situation and posted a growth rate of 6.7 per cent in 2008-09. The Survey also identifies the wide-ranging challenges faced by the Indian economy and suggests short- and long-term policy measures for sustaining

growth and improving governance and the human development profile of the country through a process of inclusive development.

 THE OLDEST SECRET SOCIETY OF INDIA. THE GREATEST TREASURE IN THE HISTORY OF MANKIND. THE MOST EPIC MYSTERY OF THE ANCIENT WORLD. When the richest man of India confesses to being part of a secret society in a live press conference; chaos ensues. His daughter Aanya Vashishtha takes the help of Aarav Kohrrathi, a brilliant but egoistic treasure hunter and his friend Rehann to solve the mystery of The Ring of the Seven, a society of influential men who are tasked to protect the greatest treasure in history. What starts off as a quest to uncover her father's secret leads them to something bigger which they themselves couldn't have fathomed. They take the help from her father's associate, Shayna Maheshwari, a billionaire banker and someone herself involved with the secret,

as they progress towards a treasure hidden somewhere in the Himalayas. They brave bullets, puzzles, deadly chases, cult of assassins, and betrayal as their quest takes them across the length and breadth of South Asia; from the bustling metropolises of Mumbai and Delhi to the ancient temples of Nepal; from the serene beaches of Sri Lanka to the towering mountains of the Himalayas. They try to uncover a set of secret books of lost arts, which are believed to reveal the map of the treasure, and strive to discover the identities of the masters of the Ring of the Seven to solve the penultimate mystery. In a tale of love and loss, logic and emotions, religion and history, action and adventure, and the trial of a few good men against the most powerful organization in the history of mankind. Will they find the secret of the Himalayan treasure?

The Teacher Leader Guide for School-Wide English Learning provides a roadmap for capitalizing on the often untapped language expertise of ESL teachers. By providing teacher leaders with the tools needed to develop customized professional development and engage in non-evaluative peer instructional coaching, the School-Wide English Learning (SWEL) coaching model supports English learners? academic success throughout the school day, not just when there is a language specialist in the room. *Exposing the Myth behind the Narrative* Upkar Prakashan  
From the celebrated author of the best-

selling *Physics for Future Presidents* comes "a provocative, strongly argued book on the fundamental nature of time" (Lee Smolin). You are reading the word "now" right now. But what does that mean? "Now" has bedeviled philosophers, priests, and modern-day physicists from Augustine to Einstein and beyond. In *Now*, eminent physicist Richard A. Muller takes up the challenge. He begins with remarkably clear explanations of relativity, entropy, entanglement, the Big Bang, and more, setting the stage for his own revolutionary theory of time, one that makes testable predictions. Muller's monumental work will spark major debate about the most fundamental assumptions of our universe, and may crack one of physics' longest-standing enigmas.

Is the learning that we need essentially different from the education that we receive? Prominent school Principals who have contributed to this book are of the view that if high-quality learning is going to be global, inclusive and lifelong, we will need to refine, extend and reinforce the existing model by re-engineering

methodology, pedagogy and transaction. The contributors try to look at innovative strategies that blur lines between formal and informal learning, which is critical to transformation. Many of them speak from a lifetime's perspective on learning while others are on a personal quest, a journey where they see themselves as part of a complex, interconnected and interdependent world as they move towards creating centres of coexistence, alliance and cooperation. This book then, brings together a myriad strands and weaves a fabric of learning which will be of interest to specialists, teachers, Principals and civil society—in fact, to all those who are on a voyage of discovery of an evolving child-centered educational experience.

21 riveting stories from the battlefield about how India's highest military honour was won *The Brave* takes you to the hearts and minds of India's bravest soldiers, all of whom won the Param Vir Chakra, India's greatest military honour. With access to the Army, families and comrades-in-arms of the soldiers, Rachna

Bisht Rawat paints the most vivid portrait of these men and their extraordinary deeds. How hard is it to fight at 20,000 feet in sub-zero temperatures? Why did Captain Vikram Batra say 'Yeh dil maange more'? How do wives and girlfriends of soldiers who don't return cope? What happens when the enemy is someone that you have trained? How did the Charlie Company push back the marauding Chinese? How did a villager from Uttar Pradesh become a specialist in destroying tanks? Both gripping and inspiring, *The Brave* is the ultimate book on the Param Vir Chakra.
