CABRERA JONAH

The Economy of the Mughal Empire,
 C.1595 Seagull Books Pvt Ltd

Written originally in Oriya in 1945 and translated here for the first time, Paraja is a classic of modern Indian fiction. It tells on an epic scale the story of a tribal patriarch and his family in the mountainous jungles of Orissa. The slow decline in the fortunes of this family - from the quiet prosperity of a subsistence livelihood towards bondage to the local moneylender - is both poignantly individualized as well as symbolic of the erosion of a whole way of life within peasant communities. The novel, furthermore, transcends what it documents because its characters are not merely primitive tribesmen ensnared by a predatory moneylender. Mohanty's protagonists are also quintessentially men and women waging heroic but futile war against a hostile universe. As the citation of the Jnanpith Award of 1974 put it - 'in Mohanty's hands the social is lifted to the level of the metaphysical.'
University of Delhi Oxford University Press, USA

The first novel by the first tribal novelist of south India, Kocharethi maps the story of the Malayarayar tribe in Kerala. Melding history with culture, the work portrays their many struggles: from possession and dispossession of land to the challenges of preserving myths, rituals, social customs, and belief systems.

This volume is a collection of scholarly papers that explore the complex issues concerning English Studies in the present Indian context. The discussions in this volume range from historical perspectives to classroom-specific pedagogies, from sociological and political hierarchies to the dynamics of intellectual development in the English language environment. Interrogating both policy and practice pertaining to English Studies in the context of Indian society, culture, history, literature and governance, the chapters seek to formulate contemporary perspectives to these debates and envision alternative possibilities. Since the introduction of English to India more than 2 centuries

ago, the language has transmuted the very fabric of Indian society, culture, history, literature and governance. The idea of India cannot be conceived in its entirety without taking into consideration the epistemological role that English has played in its formation. The present globalized world order has added dimensions to English Studies which are radically different from those of India's colonial and postcolonial past. It is therefore imperative that the multitudinous shades and shadows of the discipline be re-examined with inputs drawn from the present context. This volume is for scholars and researchers of English literature and language studies, linguistics, and culture studies, and others interested in exploring new paradigms of engagement with the disciplinary formulation of English Studies in India.

Sunlight on a Broken Column, first published in 1961, is an unforgettable coming-of-age story set against the turbulent background of Partition. 'The deftness with which Attia Hosain handles the interplay of manners, class, culture and different forms of female power is gorgeously done . . . Laila is such a remarkable heroine - sharp, spirited and passionate' - KAMILA SHAMSIE 'An

extraordinary novel, with an extraordinary heroine. Laila - even from the confines of the women's quarters - is a sharp observer of the tumultuous politics, and the cultural, racial, and religious conflicts of the dying days of the Raj. There is such richness here, waiting to be rediscovered. And readers will fall in love with Laila' MONICA ALI 'My life changed. It had been restricted by invisible barriers almost as effectively as the physically restricted lives of my aunts in the zenana. A window had opened here, a door there, a curtain had been drawn aside; but outside lay a world narrowed by one's field of vision' Laila, orphaned daughter of a distinguished Muslim family, is brought up in her grandfather's traditional household by her aunts, who keep purdah. At fifteen she moves to the home of her 'liberal' but autocratic uncle in Lucknow. As the struggle for Independence sharpens, Laila is surrounded by relatives and university friends caught up in politics, but she is unable to commit herself to any cause: her own fight for independence is a struggle against tradition. With its stunning evocation of India, its political insight and unsentimental understanding of the human heart, *Sunlight on a Broken Column* is a classic of Muslim life. Attia Hosain published only two books, but her writing has influenced generations of writers. *Discover Phoenix Fled*, Hosain's acclaimed short-story collection, also published in Virago Modern Classics.

Comparative Government and Politics
Oxford University Press, USA

The Mughal Empire is a fascinating mosaic in the history of India. The 'decline' of the Mughal Empire, along with its power, wealth, stability, territoriality, and exquisite and surreal character, has engaged historians for several decades in a complex and contentious debate. This volume explores the divergent views and discussions that surround the withering of this empire and focuses on the different paradigms and assumptions that have shaped the interpretations of this decline. A part of the Debates in Indian History and Society series, this volume tackles questions regarding the Mughal Empire. Was the decline a mere deterioration of power over a period of roughly thirty to fifty years or did the

decentralizing tendencies of the empire become more apparent and aggressive during these particular years? Did the decline of the Mughal Empire lead to a 'dark age', or notwithstanding the decline and the political collapse of the centre, did the Indian economy and polity continue to flourish? This book will be of interest to students, teachers, and scholars of medieval and modern Indian history.
