No problem - we provide you with the same story twice - one version fully in Korean and the other version with English translation added below each paragraph, allowing you to fully grasp what you are reading! - The summaries follow a synopsis in Korean and in English of what you

just read, both to review the lesson and for you to see if you understood what the tale was about. - At the end of those summaries, you will be provided with a list of the most relevant vocabulary from that chapter, as well as slang and sayings that you may not have understood at first glance. - Finally, you'll be provided with a set of tricky questions in Korean, giving you the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after, but no cheating! From Newbery Honor and Coretta Scott King Author Award winner Renée Watson comes the first book in a young middle grade series about Ryan Hart, a girl who is pure spirit, kindness, and sunshine. Ryan Hart has a lot on her mind-- school, self-image, and especially family. Her dad finally has a new

job, but money is tight. That means some changes, like selling their second car and moving into a new (old) house. But Ryan is a girl who knows how to make sunshine out of setbacks. As her brother says when he raps about her, she's got the talent that matters most: it's a talent that can't be seen, she's nice, not mean! Ryan is all about trying to see the best in people, to be a good daughter, a good sister, a good friend. But even if her life isn't everything she would wish for, when her big brother is infuriating, her parents don't quite understand, and the unexpected happens, she always finds a way forward, with grace and wit. And plenty of sunshine. Acclaimed author Renée Watson

writes her own version of Ramona Quimby, one starring a Black girl and her family, in this start to a charming new series.

This book enables Western scholars and educators to recognize the roles and contributions of shadow education/hakwon education in an international context. The book allows readers to redefine the traditional and limited understanding of the background success behind Korean schooling and to expand their perspectives on Korean hakwon education, as well as shadow education in other nations with educational power, such as Japan, China, Singapore, and Taiwan.

Kim exhorts readers and researchers to examine shadow education as an emerging research inquiry in the context of postcolonial and worldwide curriculum studies.
